

ELKS PLAN DEDICATION OF THEIR NEW TEMPLE

Heppner Lodge No. 358 Will Take Two Days to Put Over Ceremonies—Big Vaudeville Show Coming From Portland.

Local Elks will take two days to dedicate with appropriate ceremonies, their new lodge home which was recently completed at a cost of over \$10,000.

The dedicatory services will probably be in charge of Portland Lodge No. 112. One of the big features of the jubilee will be the appearance at the Star theater of a high class vaudeville troupe from Portland. It is said that the talent represented by this troupe is of the very best, consisting of musical numbers and comedy acts.

The show will be put on Friday evening, December 21 and again on Saturday evening, January 1. It will be open to the general public and local Elks are assuring their friends that it will be the one biggest treat that has come to this city for many a day.

On Saturday morning at 10 o'clock the cornerstone ceremonies will be held when the cornerstones to the new temple will be laid. At 2 o'clock that afternoon in the lodge room will be held the dedication services.

MORROW FARM BUREAU WILL HOLD MEETINGS

On Monday, December 20th, the Morrow County Farm Bureau will hold a meeting at Lexington to arrange for an election of delegates to a wheat marketing convention to be called immediately after the first of the year.

The Farm Bureau feels that now is the time to take action to overcome the marketing situation as it at present exists. The leading financiers over the entire country are strongly advising and endorsing the nation-wide movement towards co-operative marketing.

On Wednesday meetings will be held at Ione and Morgan, which will take on similar activities. On December 21st at the Picture Gallery in Lexington, 2 p. m.

FARM REMINDERS.

Dairymen should not cut down on their dry feed because of the apparent abundance of green feed. If they do, the milk flow will be lessened, and if they continue doing it for any length of time the cows will not give their full portion of milk until the next lactation period.

By using their hay as feed for dairy heifers, for sheep and to a less extent for idle horses many successful farmers not only reduce the amount of hay fed but get plant food back into the soil in an economical and effective way.

The amount of rainfall retained as usable water by Oregon soils varies from two-thirds in, per acre foot on the coarse sandy soils of Umatilla county to 2 inches on the heaviest clay types of western Oregon.

HEPPNER MAN TAKES IDAHO BANK CASHIERSHIP

C. C. Haynie, for the last two years assistant cashier of the First National Bank of Heppner, has accepted the cashiership of the Security National Bank at Fairfield, Idaho, and will leave with his family for their new home on the 23rd of this month.

During their residence in this city, Mr. and Mrs. Haynie and their little daughter Dona have made a host of friends who sincerely regret their departure.

The Security National Bank is a young institution in one of the prosperous sections of Idaho, and has a capital stock of \$25,000 and a surplus of \$5,000. Mr. Haynie was chosen for cashier out of a large number of applicants.

Look Here! Those Legion Boys Giving Another Smoker

Every smoker that the Legion boys of Heppner Post No. 87 have put on yet has been put on with a will, so the boys have decided that more is better so long as a little has proved so good.

Another one of these popular smokers will be held in the I. O. O. F. Hall on Saturday evening, and going early will be the only way you can get in on a seat close to the main attractions.

The public generally is especially urged to attend, as the admission charge is twenty-five cents and the boys put on a show worth several times that amount. Be there.

Lexington High School Notes.

The freshmen very nobly expressed their appreciation of the reception given them by the upper classes last fall in returning the favor last Friday night with a reception in honor of the upper classes.

Don't forget the Senior class play to be given at the auditorium Friday night. The Seniors have been very industriously practicing on this play and a good laugh is assured all who attend.

FARMERS FAVOR NEW CROP MARKET PLAN

Action favorable to cooperative marketing of wheat through the agency of the Tri-State Terminal, was taken by members of the Farmers' Union in their state convention recently held at Dallas.

A plan of procedure was outlined and further steps will be taken soon at a meeting of the executive committee and others to be held at the call of President A. R. Shumway.

Through R. W. Turner, secretary of the local Union, we learn that a committee consisting of C. W. Nelson, general manager of the Tri-State Terminal Co., W. W. Harsh and Walter M. Pierce are now in St. Louis, Mo., where they will attend a convention nation-wide in scope and which will have for its main theme, cooperative marketing of all farm crops.

The state committee on marketing made its report which Mr. Turner has given us and which we publish herewith, in full.

We, your committee on marketing, beg leave to report as follows: The Board of Trade—we believe that speculative trading on the exchanges abrogates the normal relationship between supply and demand, and ask for legislation prohibiting sales for future delivery, unless the vendor is in actual possession of the commodities sold; and we further endorse the Capper bill now pending in the United States senate and instruct our secretary to notify Senator Capper, Senator-elect, Ladd and our senators from Oregon of our action.

2nd. We believe that all farm products should be sold cooperatively, thereby enabling the grower or his representative to have a voice in fixing the price thereof.

3d. We believe that all marketing organizations that have shown conclusively should be supported and used as far as possible. We believe that the Tri-State Terminal Co. is the most practical cooperative grain marketing organization in the country, and we believe the individual grain grower is not in position to properly market his crop by reason of his isolation and for lack of sufficient information.

Therefore we recommend that the president of this union and his board, and such assistance as he may request shall at once prepare a binding contract for the individual grain grower to sign with the Tri-State Terminal Co. and if the president should find that this cannot be legally done, then that the president and his assistants shall at once prepare a contract whereby the grain growers shall form a pool of all their grain for a term of years with the Tri-State Terminal Co. as their selling agent.

Inasmuch as transportation is so expensive we recommend that all raw products be manufactured into finished products as nearly as possible, especially wheat.

WALTER M. PIERCE, W. W. HARRAH, DR. C. J. WHITAKER, Committee.

May Get Ferry Across the Columbia at Boardman

Enterprising Boardman citizens are negotiating to establish a ferry across the Columbia river at that city, crossing over to the Washington side, says the Herald-Herald. The ferry will serve a large number of stockmen who would bring their cattle and sheep to Boardman for winter feeding.

SELF DEFENSE PLEA WINS RADER ACQUITTAL

Verdict of Not Guilty is Heard From Second Jury Box When Appeal Gains Retrial for Man Once Held to Blame.

(Pendleton E. O.) Freed by a Umatilla county jury of guilt for a crime committed nearly three years ago, Frederick Rader, who shot E. McCue near Long Creek February 20 1918, today stands beside his fellow men, guiltless. He heard a verdict of not guilty to the charge of manslaughter read in the court house at 8:15 last evening just eight hours after his case, which had been on trial since Monday morning, was given to the jury.

Originally indicted for second degree murder by a Grant county grand jury, Rader was finally convicted of manslaughter and carried the case to the supreme court of appeal. The upper court reversed the decision of the lower court and ordered the case taken back for retrial. The retrial was brought to this county on a change of venue motion.

Rader's trial was the fourth for murder held in Umatilla county before a jury this year. W. W. Wilder was tried, convicted and sentenced to life imprisonment at the September term of court. Elvie D. Kerby and John L. Rathie implicated in the Taylor murder, were found guilty of first degree murder the week following and sentenced to hang but are now in the penitentiary under stay of execution pending appeal.

There were only a few relatives and close friends of Rader's in the court room when the jury came in last night. His mother and sister ran forward to embrace him when the verdict was read and all had faces wreathed in smiles and tears as the family rejoiced.

Self defense was the plea on which Rader won his freedom and testimony introduced by the defense was considered strong enough to clear him. The jury, it is understood, debated heatedly before reaching the decision to clear the defendant.

"Fanny and the Servant Problem" at Star Friday

Friday night, December 17, the Heppner High School will present "Fanny and the Servant Problem," a four-act play by Jerome K. Jerome, at the Star theater. This play is an English one, which had a phenomenal success both on the London and New York stages.

The plot of the play is founded on this incident: Fanny, an English actress, marries an English artist, whom she met in Paris. When they arrive at his home in England, she learns that he is really an English lord with a great estate, and that every one of his twenty-three servants is related to her. The butler is her uncle the housekeeper her aunt, and the rest are cousins. The play is her solution of this "problem."

The cast of characters is: Fanny, Mary Clark; Vernon Wetherell (Lord Bantock), Elmer Peterson; Martin Bennett her butler, Roland Humphreys; Susanah Bennett, her housekeeper, Kathryn Pattison; Jane Bennett, her maid, Margaret Woodson; Ernest Bennett, her second footman, Ray McDufee; Honaria Bennett, her still-room maid, Reita Neel.

The Misses Wetherell, her aunts by marriage, Bethell Moore, Evelyn Humphreys; Dr. Freemantle, her local medical man, Ellis Irwin; George P. Nowta, her former business manager, Elwood Orr; Members of her company: Esther Neel, Florence Cason, Ethyl Mikesell, Elizabeth Huston, Coramie Crawford, Bernice Sigbee, Iris Winnard, Velma Case.

General admission for adults is 60 cents, school children 25 cents and reserved seats 75 cents. Reserved seats are on sale at Humphreys Drug Store.

HORACE CLYDE WELLS.

Horace Clyde Wells, the eldest son of Mr. and Mrs. D. C. Wells, died at the family residence in this city on Thursday morning, December 9, 1920, at the age of 14 years, 4 months and 25 days.

Horace was born in Heppner and had lived here all his life. He leaves a wide circle of friends and sorrowing relatives to mourn his untimely departure. He was just growing into young manhood and was a member of the freshman class in high school.

The funeral was held on Saturday morning at 10 o'clock from the Federated church, where services were conducted by the Rev. Stephen D. Phelps, and the church was filled to overflowing by the friends who came to pay their last kind tribute to the departed.

Burial was made in Masonic cemetery, six fellow students of the high school officiating as pall bearers.

ELEANOR SYBIL McDUFFEE.

Eleanor Sybil McDufee, young daughter of Mr. and Mrs. George McDufee, departed from this life at the family home in this city on Wednesday evening, December 9, aged 11 years, 3 months and 14 days. The little girl had been ill for several months and her life had been despaired of for several weeks prior to her passing away.

Eleanor was born in Seattle, Wash., August 24, 1909, but Heppner had been her home the greater part of her life. She was loved by all who knew her and her passing at this time is genuinely mourned.

Lexington Congregational Sunday School Will Give Regular Xmas Program

Lexington, Dec. 14.—The Lexington Congregational Sunday School will hold their regular Christmas concert exercises on Friday evening, December 24 at 7:30 p. m.

A special feature of the program is that it is to truly represent the "giving Christmas" as the members of the school have voted to do without the usual Christmas treats and presents, and to contribute this sum to the hungry children of the Far East.

The special new Christmas music and recitations and other exercises have been selected with the thought of the Master in mind, that "it is more blessed to give than to receive." The members of the school are each one to bring a special offering and the public is invited to attend this interesting program and make this a time to join with the children in making this a "giving Christmas," one that will bring joy to the hungry and helpless in the Far East.

Smouse-Troedson.

Married.—In Portland, Ore., Saturday, December 4, 1920, by Rev. G. Green in the Swedish Lutheran church, H. V. Smouse and Miss Anne C. Troedson, both of Ione.

The announcement of this wedding came somewhat as an agreeable surprise to the friends of the couple. Mr. Smouse is one of the largest and most successful farmers in Morrow county, while the bride, who is a daughter of Mr. and Mrs. Johan Troedson of this city, has been one of our leading society girls and a popular school teacher in both the Ione and neighboring districts.

The newlyweds returned yesterday from their wedding trip and are now at home at the Smouse ranch, ready to receive congratulations of their host of friends.—Ione Independent.

Worth Saving.

The features of this girl portray the finest type of Polish childhood that now lies engulfed in hunger and disease and all their attendant miseries. Relief already administered by America has preserved her beauty and freshness, albeit her eyes betray the suffering she has seen, but literally millions in her own and adjacent countries still have no one to look to but America as another winter of horror closes in upon them. To the end that their prayer may not go unanswered eight leading American relief organizations have banded together in a joint appeal to behalf of Europe's suffering children. They are the American Relief Administration, the American Red Cross, the American Friends' Relief Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

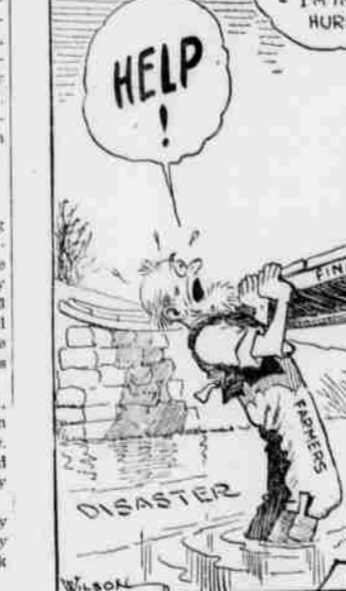

Greenfield Grange of Boardman has elected the following officers for the ensuing year: Master, C. H. Dillabaugh; overseer, H. J. Cason; Lecturer, Fred Edmunds; Steward, Ray Brown; Assistant Steward, R. K. Muir; Chaplain, Mrs. Edith Crawford; Treasurer, Tom Hendricks; Secretary, Mrs. B. K. Muir; Gatekeeper, R. Wassner; Ceres, Olive Atterbury; Pomona, Mrs. Jas. Howell; Flora, Mrs. Ray Brown; Correspondent for county papers, Chas. Nelson.

Chas. Dillon of Madras has purchased 40 acres improved alfalfa land from Alex. Wilson. The tract lies two miles southwest of Boardman and the consideration was \$9500. Mr. Dillon has taken possession and his family will arrive immediately.

The Ladies Aid held a Christmas Banquet in the school house last Friday night, which netted \$13. The same evening Chas. Hummel gave an entertainment in the school auditorium, consisting of music, ventriloquism and motion pictures. About 100 people were present.

HE'D BETTER LEND A HAND

NATIONAL SECTY. WILL ADDRESS WOOL MEN

Pendleton Will Be Host to Oregon Wool Growers Annual Convention on 17th and 18th of This Month.

F. R. Marshall, of Salt Lake, secretary of the National Woolgrowers' Association, formerly of the sheep breeding experiment station at Dubois, Idaho, will be one of the principal speakers at the twenty-third annual convention of the Oregon Woolgrowers' Association to be held in Pendleton next Friday and Saturday. He will speak Friday afternoon.

Another prominent speaker will be Frederick Greenwood, of Portland, manager of the Federal Reserve Bank who will speak Saturday morning. R. N. Stanfield, recently elected to the United States Senate, and a well known wool grower, will speak Saturday afternoon.

Other numbers on the program include, for Friday morning, an address of welcome by Mayor of Pendleton, George Hartman; response by W. B. Barratt of Heppner; annual address by President Jay H. Dobbin of Enterprise; report of Mac Hoke of Pendleton, secretary-treasurer; appointment of committees.

Friday afternoon Robert Withycombe, superintendent of the experiment station at Tule, will speak on "Rations for Fattening Lambs." Stanley Jewett, predatory animal inspector for Oregon and Washington, is on the program, his theme being "Coyote Control." Dr. H. W. Lytle, state veterinarian, will speak. In the evening there will be a wool growers banquet at the Elks Club, followed by a Commercial Association smoker.

"Conferences on Forest and Grazing Problems" will be led by E. N. Kavanagh, assistant state forester, on Saturday morning. In the afternoon, Paul V. Maris, O. A. C. extension director, will tell "How the Farm Bureau Can Help the Woolgrower." E. F. Benson, manager of Immigration and Industry for the N. P. Railway, of St. Paul, will speak.

Pocket Billiardists Will Play In Tournament at Gurdane's

What promises to be one of the best exhibition matches of tournament pool ever played in this city will take place on December 22 and 23 at the billiard parlors of Gurdane & Son when Frank Shively and LaVerne Van Marter will play.

There will be two games of pocket billiards, 250 points in each block and the men will play for a purse. The exhibition is free to the general public and the game will start at 3 p. m. each evening.

BOARDMAN NEWS ITEMS

Greenfield Grange of Boardman has elected the following officers for the ensuing year: Master, C. H. Dillabaugh; overseer, H. J. Cason; Lecturer, Fred Edmunds; Steward, Ray Brown; Assistant Steward, R. K. Muir; Chaplain, Mrs. Edith Crawford; Treasurer, Tom Hendricks; Secretary, Mrs. B. K. Muir; Gatekeeper, R. Wassner; Ceres, Olive Atterbury; Pomona, Mrs. Jas. Howell; Flora, Mrs. Ray Brown; Correspondent for county papers, Chas. Nelson.

Chas. Dillon of Madras has purchased 40 acres improved alfalfa land from Alex. Wilson. The tract lies two miles southwest of Boardman and the consideration was \$9500. Mr. Dillon has taken possession and his family will arrive immediately.

The Ladies Aid held a Christmas Banquet in the school house last Friday night, which netted \$13. The same evening Chas. Hummel gave an entertainment in the school auditorium, consisting of music, ventriloquism and motion pictures. About 100 people were present.

Pythian Sisters Hold Regular Election of Officers

Dorian Lodge No. 14, Pythian Sisters, held election of officers last Thursday evening when the following were re-elected for the ensuing term:

Mrs. Thos. Boyd, M. E. C.; Mrs. Wm. LeTrace, E. S.; Mrs. Chas. Barlow, E. J.; Mrs. J. W. Fritsch, Manager; Mrs. H. F. Tash, M. of R. & C.; Mrs. N. F. Lawson, M. of F.; Mrs. Henry Boten, P. T.; Mrs. Ella Fell, Guard; Mrs. L. A. Hunt, P. C.; Cordelia LeTrace and Mrs. John Cason, Challenge Bearers; Anita Turner, musician; Alex. Cornett, Staff Captain; Mrs. L. A. Hunt, Mrs. Wm. LeTrace and Mrs. Henry Boten, trustees.

Six new members were taken into the lodge after which refreshments were served. Mrs. H. F. Tash is the press correspondent.

SCHOOL NOTES.

Month Ending December 3. Total enrollment, 249. One hundred and seventy-two pupils were neither tardy nor absent, the total percentage of attendance being 69.08. Eighteen parents have visited the school this month. The total of tardy marks is 22.

The total enrollment of the high school is 57. Fifty-two were neither tardy nor absent. Eight tardies were made by one pupil. The eighth grade made the highest percentage of attendance with 85.4-10 per cent. The grades having no tardiness were the 5th, 7th, and 8th.

The 7th grade won first honors in the tag sale contest, selling 127 worth of tags. The 3rd grade was second with \$13. The school district has installed a new steel swing frame, which is up-to-date, and has a capacity of six swings. It is an Ever Wear make which leads throughout the country. We want to thank the school board for its interest in our school and also for the swing.

PATRON-TEACHERS MAKE VISIT TO LOCAL SCHOOL

Tuesday was Patrons' Day and a Very Large Number Were Guests in the Various Rooms. The Patron-Teachers Association started the movement for play-ground apparatus by giving the school the great stride. Now the school district has taken over the work of the Patron-Teachers Association and is going to appropriate one piece of play-ground apparatus each year until the grounds are completely equipped.

Tuesday was visitors' day at the local school under the direct invitation of the Patron-Teachers Association, and a great number of the patrons of the school took advantage of the opportunity offered to see how the work in the grades and high school department of our school is now being directed under the efficient superintendency of Prof. Howard James and his excellent corps of instructors. There were some 200 visitors present during the afternoon, and these were also entertained at the regular monthly meeting of the Patron-Teachers Association after they had finished with their visitations.

It was very interesting, indeed, to many to hear the children go through with their work in the regular course of instruction. In the first grade they witnessed a physical culture lesson by the little tots and in the 7th grade the history lesson was put on in dramatized form, and the visitors were pleasantly surprised at the manner in which the lesson was handled. The sixth grade pupils were doing their reading lesson while the visitors called, and the 7th and 8th grades regaled them with a song. Little Mildred Green represented the 5th grade and gave a reading of "Bree Rabbit" that was highly entertaining.

For the regular program of the Patron-Teachers there was music by the sixth grade. The picture to be awarded to the grade having the best record at the close of the year for attendance upon the meetings of the association, through their efforts, was awarded this month to the 6th grade. It was in possession of the third grade last month, and there is quite a lively contest on for the final possession of this trophy.

The time of the next meeting of the association has been set for Wednesday, January 13. On this date Prof. Klemme, of the Bellingham, Washington, State Normal, will be here for the entire day. He will lecture to the school in the forenoon, will address the Patron-Teachers in the afternoon and in the evening at the theater, these addresses all to be free to the public.

The coming of Prof. Klemme to Heppner at this time is under the auspices of the association and it will be a rare treat to the people of Heppner. Please note that the date is changed from Tuesday to Wednesday for this occasion.

For the splendid response to the invitations of the Patron Teachers Association to the patrons and friends of the school to visit this institution on last Tuesday afternoon, the association extends its thanks.

A social feature of the Tuesday occasion was the serving of tea and wafers, under the direction of the domestic science department.

FIRST CHRISTIAN CHURCH.

Sunday, Dec. 19, 1920. You are invited to worship with us in Bible School, Communion, Preaching and Christian Endeavor Services.

Christmas themes will be the thought of the day, in all the services. Communion with us and make your Christmas joys complete by reaping the spiritual benefits as well.

Bible School 10 A. M. Communion and Preaching 11 A. M. Christian Endeavor 8:30. Song Service and Preaching at 7:30. A welcome awaits you. LIVINGSTONE, Minister.

FOLEY PUTS HOTEL IN SHAPE FOR OPENING

Rooms of New Hostelry Adorned With High Class Furnishings.—Delegation of Visiting Hotel Men Will Be Here For Opening.

Soft plush carpets and rugs adorn the floors and beautiful quarter-sawn oak and walnut furniture enhance the general appearance and add to the convenience which will be for the comfort and well being of guests at the new Heppner hotel.

This superb equipment to Heppner's elegant new hostelry is due to the progressiveness and up-to-date hotel methods used by mine host Pat Foley, lease and general manager of the institution. It is evidence that the Heppner hotel will put forth the same air of hospitality and idea of service that is embodied in other Foley-operated hotels in other cities. This is the latest addition to the Foley string of hotels in this section.

Work has been going forward rapidly the past week under the personal supervision of Mr. Foley and James Hart, resident manager, in placing the new furniture and fixtures with a view to getting the place open to the public at the earliest possible date. Mr. Foley now expects to hold the grand opening with a banquet on the evening of December 31 at which time a delegation of visiting hotel men from Portland and other Northwest towns will be present.

We doubt if there is a more complete-ly equipped or better furnished hotel in Eastern Oregon than this new hotel in Heppner which was built through the public spirit of Heppner citizens. The building itself is of substantial construction and was built at a time when material was at the peak of high cost. But in spite of all adverse circumstances, the hotel will open its doors to the public free from heavy incumbences and penalties.

Manager Foley announces that he desires the patronage of local people, as it will be due to a large extent to their trade, whether the hotel flourishes as it should. While the very best of service will be maintained at all times, Mr. Foley says he does not want any one to get the idea that it is to be a "highbrow" institution. "Men in overalls are just as welcome and will be made to feel just as much at home here as the man in the white collar and dressed-up clothes," said Mr. Foley.

"The hotel should be made more or less the community center of our city," he continued. "Make it a place for your committee meetings, club gatherings and like social affairs. You will find us always at your service, looking to your comfort and convenience and you will find that it is as much our pleasure to meet your desires as it is yours to enjoy the privileges of a first class hotel."

The highest scoring butter exhibits entered for the Oregon Butter and Cheese Makers convention at Portland, December 9 and 10, will receive \$50 per rate. The highest scoring cube will get the association gold medal, three barrels of Leslie salt, name engraved on the association silver cup and the gold watch offered by J. B. Ford company. Second highest takes the association silver cup and three specialties. The third highest gets the association bronze cup and a special.

The highest cheese score gets the association gold medal and three specialties, including a \$20 piece by the J. B. Ford company. The second and third highest get the silver and bronze cups and some specialties. Exhibits are to be sent Prof. V. D. Chappell, care Portland Hotel.

Pendleton—Eight thousand dollars has been subscribed towards the construction of the Stanfield Flour and Feed mill. The warehouse is being built and the mill site is to be purchased at once.

Mrs. Mary A. Bartholomew left the first of the week for the Willamette valley, where she will make an extended visit with relatives and may decide to go on to California to remain for the balance of the winter.

Dr. Chick reports the arrival of a son at the home of Mr. and Mrs. Edgar A. Poe of Ione Tuesday December 7; a daughter to Mr. and Mrs. Lee Howell of Ione, December 7; and a son to Mr. and Mrs. Silva Huston of Eight Mile on Thursday, December 9.

STATE BOARD PUTS OK ON HEPPNER'S WATER

Water from Heppner's new gravity system is chemically pure. This is the report just received by the city water department from the State Board of Health who made the analysis. The report shows that before entering the distributing system, the water contains bacteria per c. c. 1; B. Coll. typhoid germ. 0. After entering the distributing system the water shows bacteria per c. c. 15. B. Coll. per 100 c. c. Such a showing is considered by the State Board of Health as good, as water containing more than 100 bacteria per c. c. or more than 2 B. Coll. per 100 c. c. is unfit to drink.
