

LOCAL HAPPENINGS

Fred Ashbaugh was down from Tall Rock Friday.

Mr. and Mrs. Tilman Rogus of Gooseberry were visitors in Heppner on Friday last.

Waldo Vincent, mayor of Latah, was doing business in this city on Saturday. Nice winter weather prevails out his way.

Oris Paulberg, young farmer of Clark Canyon, was doing business in Heppner yesterday and this office acknowledges a very pleasant call from him.

R. H. Quackenbush returned home from Portland on Friday last and has assumed charge of his place on Rhea creek. He has been visiting in Portland for the past two months or more.

Harry and Charley Johnson were called to Salem the latter part of the week on account of the serious illness of their father, Henry Johnson. We did not learn the cause of Mr. Johnson's illness.

Bishop Paddock will be in Heppner on Sunday and will hold services at the Episcopal church at the regular hour in the evening. A cordial invitation is extended to the people of Heppner to attend.

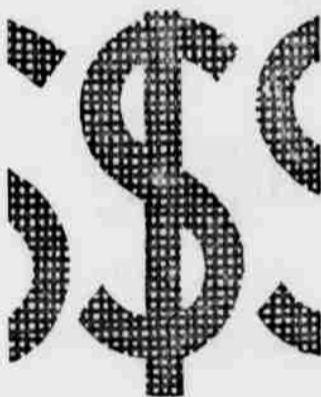

Ed Clark came down from Walla Walla Friday and spent a few days in Heppner looking after business affairs. He states that it is very quiet up that way and business is practically at a standstill.

APPLES—Eating apples at \$1.50 and cooking apples at \$1.25 per box f. o. b. Hood River, (not packed). Terms, cash with order. Shipped by freight unless otherwise ordered. E. L. Clark, Hood River, Ore., R. 1, Box 33. 362.

Mr. and Mrs. Anson Wright were down from their Hardman home Monday. Mr. Wright is just recovering from a severe cold that threatened to get him down, a malady which many people of the neighborhood seem to be suffering from.

Harlan Jones, of Eight Mile, was in Heppner Saturday. Mr. Jones now runs the Tindal-Robison place and is well pleased with the present outlook for crops in his locality. To keep posted on county affairs, Mr. Jones ordered the G-T to come to his address for the next 12 months.

R. W. Turner was a passenger going out to Portland Monday his destination being Portland, and the object of his visit to the city being to attend the gathering of the committees from the Farm Bureau, Farmers Union and the State Grange on co-operative marketing in session there on Tuesday.

Battery Dollars

No other dollars you spend on your car pay such big dividends in car performance as those you put into your battery.

Willard Storage Batteries have always paid out one hundred cents on the dollar. Today they stand for the latest in battery improvement. The Willard Threaded Rubber Battery is the only battery with Threaded Rubber Insulation.

H. V. Gates, president of the Heppner Light & Water Co., came over from Treenbone Monday and is assisting in the work of readjusting rates for the electric juice users of Heppner, Lexington and Iona, as per the order recently issued from the office of the Public Service Commission.

Din Collins, who was seriously hurt a few days ago by a premature discharge of powder while at work on the county road, is reported by his physician, Dr. C. C. Chick, to be doing well. Collins is at the Moore hospital in this city, and should be fully recovered from his injuries within a few days.

Wade Carpenter, who has been quite sick at his room adjoining the Elkhorn restaurant, for which institution the old gentleman works, was removed to the Moore hospital Monday, where he is under the care of Dr. Chick, county physician. He was threatened with pneumonia but the doctor states he is out of danger from that source now and will be able to be about again in a few days.

E. J. Merrill got in Monday evening with a load of wheat from his place near Hardman. Mr. Merrill is a sheep and cattle raiser as well as a wheat grower, and with his many neighbors is enjoying "prosperity" based on a "bum market." Cattle won't bring anything, wool will not sell and cannot be given away, and what a man can get on the present wheat market won't set him ahead much. However, Ed is not complaining and is as optimistic as ever.

While coming in from the country late last Friday evening, County Agent Hunt had the misfortune to run his Lizzie into the ditch some eight miles out from town. The car plunged its nose into the mud at the bottom of the ditch and stood up with the hind

wheels spinning in the air. It required a span of horses to get Lizzie out and after some temporary repairs, Mr. Hunt was able to get on in to town. Three wheels is all he needs on a Ford anyway, and the banging up of the front end of the machine does not worry him in the least.

Jas. P. Cook and wife were passengers to Portland Sunday and will spend the week in the metropolis. Mr. Cook is general agent of the Standard Oil Co. at this place.

Mr. and Mrs. Bert P. Stone went to Portland Sunday and will spend the week in the city visiting with friends.

Business Must Continue

IN SPITE of the scarcity of money, in spite of seeming adverse conditions, business must "carry on." The people must buy the necessities and most of them are able to, and will, buy the luxuries to which they are accustomed. They will, of course, buy these things where the inducement offered them is the greatest, and the merchant who realizes and acts upon this fact is the one to whom will go most of the trade.

Of all times, now is the time when advertising, persistently and consistently done, will accomplish the most. The times of "easy come easy go" are over and here as everywhere else, a buyers' market has become a sellers' market. Every business man with something to sell must exert himself as he has not had to do in the past few years, and this exertion expressed through advertising will accomplish wonders.

In Heppner the logical medium through which to reach the people who constitute the buying force of Morrow County is, of course, THE GAZETTE-TIMES. Logical, because of a circulation double that of its nearest competitor; unequalled mechanical equipment; the best of workmanship, and an advertising service which is complete in every respect.

THE GAZETTE-TIMES is ready at all times to put its equipment, advertising service and knowledge at the disposal of the business man. Cooperation to make your advertising pay you big returns is our hobby and we are sure we can interest you.
