Mr. and Mrs. J. W. Fritsch were visitors in Pendleton on Saturday last, when Mr. Fritsch was called on business. The bridge at the Percy Jarmon crossing on Butter creek is out of commission at present, owing to a washout around one end. This will be put in shape and then the road out that way to Pendleton will be fine.

T. W. Cutsforth was a visitor in Heppner for a short time on Monday. Mr. Cutsforth is farming the Charles Pointier place near Lexington and has in a lot of grain this season which is coming along fine. In fact, during his many years of experience in farming in Morrow county, he has never seen a brighter prospect for a heavy yield than shows up at present. He expects the Lexington country to far excel itself this year in crop production as conditions for winter growing were never better and every grain that was put into the ground has come forth and there was no damage whatever from freezing.

News of Heppner Post No. 87
American Legion
By R. E. C.

The best smoker that we have had in some time was pulled off at the Legion hall last Saturday night to a little smaller crowd than usual, but a crowd that made up for its size in noise. There were twelve bouts and it is impossible to say which was best, although a good many of the boys thought that the match between Johnson of Lexington and Mattison of Heppner was one of the best.

We had Joe Mason, adjutant of the new Ione post with us Saturday night and he seemed to be enjoying himself. Come again, Joe, and bring some of the boys with you.

Don't forget the big dance at Ione on Friday night. All of the boys that can should go and help the Ione boys get started.

McDuffee and Cason put up a snappy match and are billed to go again in two weeks.

Next Smoker March 12. Sign up now. We have made arrangements to give wrestling and boxing lessons to anybody that will sign up. This applies to all men and boys in this end of the county.

We missed our efficient Athletic Officer. Wonder where he was?

We are gradually adding new members to the post but every member should keep pounding the ex-service men who are not members. It only costs \$3.75 to join.

American Legion Dance, March 26th. Guy McFerrin signed them up and he did a fine job.

That was some match at the theater Friday evening and Hadley is the best man. He is an ex-service man and ought to belong to this post.

As soon as the roads get better the boys out in the country will be able to attend these smokers often.

The boys between 19 and 15 years old gave us some thrills with their wrestling and boxing. That young Moore is a conner.

Jack refereed the matches with his usual skill and impartiality.

Mike and Glen were back on the job apparently refreshed after their little trip to Portland and vicinity.

Roy Wakefield is a regular mixer with the gloves and got the decision over Harve Hausman.

NO MAN EVER BECAME STRONG THRU FASTING

NO STORE EVER INCREASED ITS SALES BY SUSPENDING ADVERTISING.

Advertising is like food. It makes a business grow. And NEWSPAPER advertising is the roast beef of advertising mediums.

And NEWSPAPER advertising in Heppner means GAZETTE-TIMES advertising.

What about your store's advertising menu? More advertising "food" will make your business healthier and more prosperous.

In these days of re-adjustment it is incumbent upon the business man to increase his advertising rather than decrease it, but—

It is likewise more necessary for him to use exacting care and judgment in the choice of a medium because he must get full value for every dollar he spends.

In Heppner and Morrow County The GAZETTE-TIMES covers the field completely. No weekly paper in the state of Oregon has as large a circulation in proportion to the population of the town and city in which it is published.

CONCENTRATE YOUR ADVERTISING IN THE GAZETTE-TIMES!

By doing so you will eliminate duplication of advertising expense, and still have the assurance of equal, if not greater, results and service.

Come in, or call Main 882, and we will be pleased to explain the situation and proposition fully.

We benefit only as we serve our patrons, and do not desire business on any other basis.

Lower Farm Implement Prices

THE BREAK HAS COME. FOR some time prices paid for your farm products have been low. It is but natural for you to want lower prices on the farm implements used in producing your crops.

Announcement is made by the Oliver Chilled Plow Works of a general price reduction in their lines that brings prices to the basis of 1918. They are first to make this reduction and are taking the loss that the move brings—for there has been little reduction in labor or material—as their contribution in hastening a return to normal conditions.

This is your opportunity to secure new, up-to-date Oliver quality implements that will help you produce a full crop, and get them at a price in line with the reduced prices on your farm products.
