Miss Margaret Crawford, who has been teaching the school in the Dykstra district on Halm Fork for the past six months, gave up her work there at the end of the past week owing to the fact that she had been "sold out." The trade made by Arthur Dykstra, and the moving out of the district of his family and that of Harry Call, took all the children and there was nothing left to teach.

The county court has shipped the

county road roller to Portland, having traded the machine in on a new rock crusher at a price, we understand, exceeding what it cost when new. As the road surfacing in the county will be let out to contractors in the future who will have their own machinery of this nature, the court considered this a good trade to make, it being evident that there would be little use for this roller here in the future.

Dr. George B. Van Waters of the Episcopal church, was in Heppner over Thursday last and delivered a lecture at the church here on that evening. Last American Legion Smoker Was A Very Peppy Affair

R. E. C.
It was a very successful smoker Saturday night and was well attended.

The show was opened by LeTrace and Gentry in a wrestling match that went to one fall.

The big match between Bauman and Valentine was called off on account of the absence of Valentine.

Cason and McDufee went for two fast rounds.

We noticed quite a few new fans in the audience, among them being E. G. Slocum, agent at Lexington, C. E. Woodson, and Oscar Borg. There were also a few of the Ione fans in attendance.

Mike Phelps called for cash at the door.

Roy Wakefield made up our card and it was good.

Jake and Charley Dykstra put up a good wrestling match and both say they want to go again, but I think we will have to reinforce the building before their next match.

The boys got quite a bit of kick out of the match between Eads and Crego.

Johnson and Eads put up a snappy exhibition of boxing.

Mike Phelps is billed to wrestle at our next smoker.

We forgot our notes for the last issue of the paper until it was too late to get them in that issue. However, we won't forget the big dance Saturday night at the Fair pavilion.

Spencer Crawford now claims exemption on his income tax and the boys are all congratulating him. Will he be a wrestler or boxer?

Everybody out for the dance. Good music and a fine time.

Do you remember all those dances we had with the Red Cross nurses in France?

Lower Farm Implement Prices
THE BREAK HAS COME. FOR some time prices paid for your farm products have been low. It is but natural for you to want lower prices on the farm implements used in producing your crops.
Announcement is made by the Oliver Chilled Plow Works of a general price reduction in their lines that brings prices to the basis of 1918. They are first to make this reduction and are taking the loss that the move brings—for there has been little reduction in labor or material—as their contribution in hastening a return to normal conditions.
This is your opportunity to secure new, up-to-date Oliver quality implements that will help you produce a full crop, and get them at a price in line with the reduced prices on your farm products.
