What had this innocent but alltoo-pretty American wife done? Come and see the answer in the tensest photodrama the screen has produced—a picture of Woman's greatest temptation, created by a man who knows-and who knows you know. Now playing. Don't miss it. LUMBER

Our estimates on building jobs are always lowest. And quite often the actual cost is below the figure quoted.

We have found that such SERVICE to our customers is the best advertisement we can have. We long ago discarded that old policy: "Honesty is the best policy." Now we have it:

"Honesty is the ONLY policy"

All of our lumber is from logs of A-1 selection-and the price is back to a figure where cost of material can no longer be given as an excuse for not building or repairing.

We're for this CLEAN-UP week in Heppner and we are going to make special reductions on all materials.
