County Tax Levy.

Taxes collected for 1920, \$115,184.55. "This is the total amount of money they are now operating and how ab-solutely completely they are under the which was levied by the county court hands of the speculator than they unthrough its own order and upon which derstood the value of Liberty Bonds a 6 per cent increase could be figured. This 6 per cent increase would have furing those campaigns. After this ampaign has progressed for a little been \$6,911,73, which would have given been 36,914,75, which would have given a total amount allowed for tarmiton purposes for 1921, to be collected dur-ing 1921, of \$122,096.25. The amount that was actually lavied to be collected in 1921 was \$114,061.51, or a direct say-ing over and above what would be al-ting over and above what would be al-

ing over and above what would be al-lawed for the normal growth of the county under the 6 per cent limitation

law of \$5,012.45. Instantiation spent about \$60,000 in working out their plans and are prepared to spend a good many hundred thousand dollars if necessary in putting through the school tax as prepared for in the Seession Laws of 1919, and which was or-

on Sunday last, taking with him a bunch of other fans to witness the game between Condon and Ione. Ione was winner by a score of 4 to 5 and it was a good game in spite of wind and dust

of money available who will be glad be to a good investment Mrs. W. P. Mahoney extertained the as this. It is believed that through the west there are a number of farmers who could take a hundred dollar share. Hible class of the Federated church at her home has erening and a very de-lightful time was enjoyed by all pre-sent. Dainty refreshments were serv, of and there was an evening of lively entertainment.

ng agency. Their plan also calls for a national export corporation to be formed under the Webb law. This finance corporaion would be formed for the exclusive urpose of financing and handling er ort grain. One of the reasons why is a little difficult for the individual lealer to handle export trude is beause of the financing problems involv

ed and this would plan to handle all the export grain mold by the association from the entire United States from the entire third states. There will be a meeting called in Chicago April 6 at which this plan will be submitted to delegates from all over the United States. Washington is

sending three delegates. Idaho two, Montana two, Oregon two. There seems to be no reason to believe but that this plan will finally be decided pon as it harmonizes splendidly with he Washington-Gregon plan and thurs is no reason for anyone to fear but that the two will work absolutely as two ntegrel parts of a perfect muchine. If the plan is adopted there will be mmediately put on the greatest cammign ever started in the United States

and it is expected that the farmers of the United States will more clearly understand this plan, will more clearly understand the iniquities under which

Our Standard Must Be Maintained

Through a period extending over several years, the Morrow County Creamery Company has been laboring to place its product on the market of Heppner and cities of the adjoining territory. We are now pleased with the progress made, and can say that the entire product, practically, of the Creamery is going into the hands of the local merchants and to groceries and general stores in a number of the neighboring communitiee.

Our Aim Is to Keep Up the Standard of Our Product

In order to do this, we must have pure, fresh cream that tests up to the standard in butter fat. We are gratified to state that in a very large measure we are receiving this consideration at the hands of producers. We do not desire to turn down any offerings, yet to maintain the standard set, we will be compelled to do so. We should not be expected to buy small offerings of cream that have been so long in accumulation that the product has become rancid and is unfit for no other use than to be poured into the gutter; hence we must refuse to take such offerings in the future, purely as a matter of justice to ourselves and to our customers, who have the right to demand of us the best product we can turn out.

This announcement will no doubt be received in the spirit in which it is offered; we desire to get all the good, clean butterfat that is produced in this territory and at all times will pay the very highest market price for same. Please help us to maintain our standard of excellence.
