IN BEHALF OF DISABLED MEN

Bentley Post at Cincinnati Regarded
as Model for Systematic
Program for Work.

Robert E. Bentley Post of the Amer-
ican Legion at Cincinnati, O., has at-
tracted national attention because of
its activities in behalf of sick and dis-
abled veterans of the World war. Its
systematic program for work is regard-
ed by Legion officials as a model to
posts.

The work has been assigned to four
committees: for hospitalization and
compensation, hospital entertainment,
sick members and employment.

The hospitalization and compensa-
tion committee takes care of all cases
in which ex-service men seek to obtain
their rights from the government. Its
duties are to direct the applicant to
the proper federal authorities and to
follow up the case. The Red Cross has
added the post committee by stationing
a worker at the club rooms at all times
to handle emergency cases.

Visits to each Cincinnati hospital
where veterans are lodged are made
at least twice a month by the hospital
entertainment committee, which notes
the general condition of the hospitals
and provides entertainments for the
patients.

The sick committee visits all ex-ser-
vice men in their homes as soon as the
cases are brought to the attention of
the post members.

A free employment bureau for all
veterans is operated at post headquarters
by the employment committee.

The Women's Auxiliary of the post
has assumed a large share of the work.
This organization has a general chair-
man of hospital work with a sub-chair-
man for each hospital.

At the general hospital a complete
dinner is set once a month. Cigarettes,
candy, fruit and cakes are provided
weekly at all hospitals, as are maga-
zines and books. At Rockhill the men
were supplied with piano and victrola,
a motion picture projector, knitting
machines, pajamas, sweaters, caps,
socks and other comforts. The Auxil-
iary women have made sheets, pillows
and bed sacks for the patients. Each
man is interviewed at each visit and
personal favors are executed whenever
possible.

For the benefit of those men who are
vocationally handicapped the Auxiliary
conducts a shop in the post club rooms
where disabled men are employed in
the manufacture of wicker, bead and
nut work. The articles are marketed
by the women and the proceeds are
turned over to the veterans.

All caskets of ex-service men pass-
ing through Cincinnati have been de-
corated by the Legion women. Families
of Cincinnati men who died in the ser-
vice are visited and sympathy extended.

SAYS LEGION IS GREATEST

Alaska National Executive Committee
Member Points With Pride to
American Organization.

Harold F. Dawes, member of the
National Executive Committee of the
American Legion for Alaska, says that
the American Legion is the greatest
organization in the United States and
backs up his statement with the argu-
ment that "any organization is only
as great as the people behind it.

Political, fraternal or religious or-
ganizations must be limited by the
prevalence of belief on the subject
for which the organization stands. The
American Legion, drawing its mem-
bers from every type of organiza-
tion and from practically every fam-
ily in the United States, has the back-
ing of the whole nation."

Mr. Dawes was born and educated
in Wisconsin. When he was gradu-
ated from high school he went West
and finally settled at Wrangell, Alaska,
as proprietor of a weekly news-
paper. Later, he sold his newspaper
and attended Valparaiso University
Law school, finishing the course in
1915.

As a member of the artillery park
unit of the First army, Mr. Dawes
served in France. After his discharge
from the army he returned to Alaska
and entered the practice of law at
Juneau. He is a charter member of
Alford John Bradford Post No. 4 of
the Legion and is now vice commander
of the department of Alaska as well
as national committeeman.

Seattle Has Veterans' Hotel.
"Veterans' Hotel" a three-story struc-
ture with accommodations for 250 Seat-
tle unemployed ex-service men. Is
the result of the activities of Seattle
Post No. 18 of the American Legion
and a committee of prominent citizens
of that city. Any veteran in need of
temporary shelter will be housed in
the hotel for a reasonable length of
time regardless of Legion membership.
The project was financed by the Leg-
ion and popular contributions.

In Harmony With Legion.
Following an address by Robert A.
LaRoux, national field organizer of the
American Legion before a joint session
of both houses of the Nevada legis-
lature, C. W. Farrington, state organ-
izer for the American Federation of
Labor in Nevada, and a number of
union members of the bodies stated
that they were in harmony with the
Legion's policies and that their or-
ganization stood with the Legion in
its fight against radicalism.

Lower Farm Implement Prices

THE BREAK HAS COME. FOR
some time prices paid for your farm
products have been low. It is but nat-
ural for you to want lower prices on the farm im-
plement used in producing your crops.

Announcement is made by the Oliver
Chilled Plow Works of a general
price reduction in their lines that
brings prices to the basis of 1918.
They are first to make this reduction
and are taking the loss that the move
brings—for there has been little re-
duction in labor or material—as their
contribution in hastening a return to
normal conditions.
This is your opportunity to secure
new, up-to-date Oliver quality im-
plements that will help you produce a
full crop, and get them at a price in
line with the reduced prices on your
farm products.

Which Paint
Costs Less?

NOTE how the best paint
spreads easier and covers
more square yards than cheap
paint does.
Figure in the extra gallons
of cheap paint that you must
buy and the extra cost of applica-
tion.
It means that cheap paint
costs just as much as good paint
on the house.
The best paint then gives
five or more years' protec-
tion to your property invest-
ment. Cheap paint on the
average, starts cracking in
twelve months. Which paint
costs less?

72 Years' Experience
The house paints we specify
for your home are the result of
72 years' experience in making
paints and varnishes for every
purpose. Made to stand the
peculiarities of western weather.
The best material—PIONEER
WHITE LEAD, pure
linseed oil, zinc and color—are
combined with long-time skill,
in scientifically exact propor-
tions.
Our white lead base must pass
through a silk screen with 40-
000 meshes to the square
inch. A patented purifier makes
it "whiter," so Fuller paints are
exceptionally clear-toned. The
paint when finished and applied
on the house is a beautiful, elas-
tic, tough, protective coating.
Such paint costs but a trifle
more to buy per gallon and is
five to ten times more economi-
cal in service.
Don't allow surfaces to rot.
It costs less to paint them.

on Painting

schemes, color har-
mony and those other
details you want to
