The AMERICAN LEGION

LEGION MEN IN HOSPITALS

One-Third Ex-Service Boys in Institutions Are Members of the Great Organization.

One-third of the ex-service men who are confined in hospitals in thirty-two states are members of the American Legion, according to Gerald J. Murphy, director of the Legion's service division, who bases his report on figures compiled in a national census of disabled men taken by the Legion.

"With one-third of the disabled veterans enrolled in the Legion, against one-fifth of the other eligible ex-service men, it is shown that the disabled man realizes the results the Legion has obtained in its campaign for justice for the sick and wounded of the World War," Mr. Murphy declared. "The disabled man has not joined the Legion for the selfish purpose of obtaining his own compensation, for the Legion service is extended to veterans, regardless of Legion membership."

"Although the principal effort of the Legion is to aid the sick and wounded veteran, national and state legislation, Americanism work and many other projects beneficial to all ex-service men are being accomplished by the organization. These movements are expected to result in a greater percentage of Legion members among those who left the service without physical handicaps."

TO HOLD PRO-GERMAN MEETS

Sessions Alleged for Purpose of Protesting Against Negro Troops in French Army of Occupation.
Pro-German meetings planned for the near future in a number of cities in the East and Middle West will be closely watched by the American Legion, according to national headquarters of the ex-service organization. The series of meetings, it is understood, will be held for the purpose of protesting against the reported presence of negro colonial troops in the French army of occupation, despite the fact that the troops in question were withdrawn many months ago.

Cities in which the meetings are scheduled are Milwaukee, Omaha, Philadelphia, Cincinnati, Louisville, Chicago, Cleveland and New York. It is understood that Dr. Edmund von Mach, who was rebuffed at Washington, D. C. in an effort to enlist the aid of F. W. Galbraith, Jr., Legion national commander, in the project, and George Sylvester Viereck, notorious Boche magazine editor, are among the hyphenated Americans who are sponsoring the movement.

A bulletin from Legion national headquarters, warning state head

quarters to watch for an attempt to revive German propaganda and to create sentiment in America hostile to the allies, has been sent out, and steps have been taken by national officials to influence the Department of Justice to prohibit the meetings.
"A recurrence of German propaganda activity in this country if something the Legion has been watching for some time," said Lemuel Bolles, national adjutant of the Legion. "I feel that the greatest check to a movement of this kind will come from citizens of Teutonic extraction, of whose loyalty and sincerity there can be no doubt. Loyal Americans should know of the sinister efforts to turn sentiment in favor of the nation with which technically we are still at war."

NAVY HEAD SENDS GREETINGS

Josephus Daniels, Retiring Secretary, Expresses Appreciation for Part in World War.

A message of greeting and appreciation to the members of the American Legion was written by Josephus Daniels, former secretary of the navy, just previous to his retirement from office.

The message follows:
"Upon my retirement as the directing head of the navy, which place I was privileged to hold during the World War, I wish to send a word of greeting and appreciation to all who belong to the American Legion and all who served their country in the army and navy during those crucial days. It was a privilege I shall regard as the most sacred in my life to have been their comrade in those great days. They truly saved the civilization of the world by their spirit and their valor. In the days that are to come the world depends upon them for saving it from the perils of peace. I have profound faith that they will not be wanting in the new call upon them for the same courage and wisdom in peace which they manifested in war."
SEARCH FOR BERGDOLL'S AID

Legion is Endeavoring to Find Man Alleged to Have Helped Slacker Reach Germany.

The American Legion is searching for the man who is reported to have aided Grover C. Bergdoll, notorious slacker, in his escape from Canada to Germany, according to Lemuel Bolles, national adjutant of the Legion, who said that the Legion is especially concerned in that Bergdoll is alleged to

have obtained his passport in Winnipeg by using an American Legion button and the army discharge papers of a Legionnaire.

Mr. Bolles has appealed to the Department of Justice to ascertain the facts in the case and proposes, if the report is true, to see that the man is apprehended, expelled from the Legion and brought to a speedy trial.

Bergdoll has been the target of numerous attacks of the American Legion. When he "escaped" from prison a reward of \$500 was offered for his capture and a number of Legion posts in many parts of the country took similar action to bring about his capture. One post adopted resolutions urging the President to demand the release of the two Americans who tried to recover Bergdoll in Germany.

Lower Farm Implement Prices
THE BREAK HAS COME. FOR some time prices paid for your farm products have been low. It is but natural for you to want lower prices on the farm implements used in producing your crops.
Announcement is made by the Oliver Chilled Plow Works of a general price reduction in their lines that brings prices to the basis of 1918. They are first to make this reduction and are taking the loss that the move brings—for there has been little reduction in labor or material—as their contribution in hastening a return to normal conditions.
This is your opportunity to secure new, up-to-date Oliver quality implements that will help you produce a full crop, and get them at a price in line with the reduced prices on your farm products.

THE U. S. ROYAL CORD
A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.
The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.
How you can measure tire value in 1921
OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.
Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."
His opposite is the hardpan car owner who sticks year in and year out to a standard brand as the only national economy.
Many will remember the scarcity of U. S. Tires last year.
A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the country to another to "find a market."
There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.
Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.
The owner of a medium or light-weight car stands on equal ground with every other car owner.
Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.
