WAS BUSY MAN IN HOSPITALS

Commander of Wyoming Department Spent Many Months in Kansas and Connecticut Institutions.

Although he was forty-nine years old at the start of the World war...

Dr. M. A. Newell of Sheridan, Wyo., commander of the American Legion, entered the service and spent many busy months in Kansas and Connecticut hospitals.

Dr. Newell has served on the staffs of a number of governors of his state and was at one time assistant surgeon general of Wyoming. He entered the service in August, 1918, and served at the M. O. T. C., Fort Riley, Kan., and at U. S. General Hospital, No. 14, at New Haven, Conn.

Convicts in Olive Drab Uniforms.
A protest against the wearing of the olive drab United States service uniform by prisoners of the Monroe State Reformatory at Monroe, Wash., has been made by Thomas N. Swale, commander of the Washington de-

partment of the American Legion, who with a committee of Legionnaires visited that institution. Representatives of the bureau of War Risk Insurance and the federal board for Vocational Education joined with the Legion members in the protest to the state officials. Shortage of funds and the low cost of the uniforms were responsible for their adoption as the official prison garb, according to state officials. It is believed that the prison officials will adopt some other uniform for the convicts.

I'd walk a mile for a Camel. The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend. The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette. Don't let anyone tell you that any other cigarette at any price is so good as Camels. Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

Lower Farm Implement Prices. THE BREAK HAS COME. FOR some time prices paid for your farm products have been low. It is but natural for you to want lower prices on the farm implements used in producing your crops. Announcement is made by the Oliver Chilled Plow Works of a general price reduction in their lines that brings prices to the basis of 1918. They are first to make this reduction and are taking the loss that the move brings—for there has been little reduction in labor or material—as their contribution in hastening a return to normal conditions. This is your opportunity to secure new, up-to-date Oliver quality implements that will help you produce a full crop, and get them at a price in line with the reduced prices on your farm products.
