SEEKERS OWNER OF WAR MEDAL
Opera Singer Redeems Emblem Found in Window of New York Pawn Shop.

The sight of a Victory medal in the window of a New York pawn shop moved Lucien Muratore, opera singer and French soldier during the World War, to redeem the decoration in hope that it will find its way to its owner.
"While strolling with my secretary," M. Muratore wrote, "I chanced to look curiously in a window where many odd articles were displayed. Among them was this medal. Having served with the French army in the great war, I was naturally interested to know how this medal should come to such a place. My friends informed me that probably the veteran had been forced by circumstances to part with it for a small sum. It is certain that I should be greatly distressed to be forced to give up insignia of reward with which France has honored me. With this feeling, I sent my secretary to recover this medal for me in the hope that I should be able to return it to the gallant soldier who won it."
The medal bears clasps for St. Mihiel, Meuse-Argonne and a defensive sector. It will be returned to its owner if properly identified.

IN DEFENSE OF THE FARMERS
Statement That Agriculturists Turn Backs on ex-Service Men is Attacked by Writers.

A statement that the farmers of this country gained considerably as a result of the World War and now turn their backs on ex-service men is attacked by writers.
The following is a good statement of the farmers' case, as one correspondent outlines it:
"Sixty years of my life had rolled away when this country entered the war. I had four boys and they certainly all wore breeches, but none of them claimed exemption. Three of them enlisted shortly after war was declared. The youngest was a boy of eighteen. Myself, one of the boys, and my sixteen-year-old daughter were left to conduct a farm of more than 300 acres, and we had to work from 10 to 18 hours every day. If we hired any help we had to pay munition plant wages for an eight-hour day, and if we had any surplus cash, the Y. M. C. A., the Red Cross, Jewish Welfare Board, Salvation Army and other meritorious war agencies absorbed it. I know that other farmers in this section were in the same condition. I also know that the states which have paid their ex-soldiers bonuses to date are almost exclusively agricultural."

NOTICE TO DOG OWNERS.
Notice is hereby given that all licenses on dogs in the city of Heppner, Oregon, must be paid to the Chief of Police, within 10 days from the date hereof, or the owners thereof will be prosecuted.
Dated this 7th day of June, 1921.
W. C. CASON, Chief of Police.

Importers, exporters, travelers—ship and sail under the Stars and Stripes
THERE are today few ports in the world of importance to shippers or travelers, which cannot be reached by ships that sail under the Stars and Stripes.

President Harding has said that, "We cannot sell successfully where we do not carry". The American Merchant Marine that once almost vanished is again an established and important carrier of the world's commerce.

You can ship or sail anywhere in American ships designed for utmost comfort and safety.

Steel steamers, both oil and coal burners. Also tug boats, wood hulls and ocean-going tugs. Further information obtained by request.

For sailings of passenger and freight ships to all parts of the world and all other information, write to any of the above lines or to the U. S. Shipping Board WASHINGTON, D. C.

They never made a cigarette like this in my day—
The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.
That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!
The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.
Nobody can tell me anything different.

U. S. TUBES
The same standard of quality built into U. S. Tires is put into U. S. Tubes.

Year by year an increasing number of men feel the same way about U. S. Tires.

For a while they may try "job lot" stuff, "bargains," "big discounts" and "rebates."

But usually it doesn't take long for a man to sense the economy of the standard quality tire.

For years U. S. Tire makers have been building quality tires for sane tire users—for the car of medium or light weight no less than for the heavy car.

The tire buyers of the land have responded with a mighty U. S. Tire following.

The U. S. Tire makers meet the responsibility for supplying this nationwide following with characteristic energy.
Ninety-two U. S. Factory Branches are established, covering the entire country:
Find the U. S. Tire dealer who has the intention of serving you. You will know him by his full, completely sized line of fresh, live U. S. Tires—quality first, and the same choice of size, tread and type as in the biggest cities of the land.
