THRESHING COSTS

How Much Are You Paying to Put Your Grain in the Sack?

The experience of Ed Reed, a farmer living one mile east of Mohler is interesting because it shows what can be accomplished by using a Fordson tractor with a small separator. Mr. Reed has given to the Nezperce Motor & Supply Co., of Nezperce, Idaho, the following interesting information concerning the accomplishments of a Fordson Tractor purchased from them, during the 1920 season. He has kept accurate account of the threshing of 180 acres of spring grain and 20 acres fall grain, which he threshed in six days with a crew of 8 men. His cost is as follows:

Table with 2 columns: Item and Cost. Wages, 5 men at \$6, 3 men at \$8 for 6 days... \$324.00. Meals at 50 cents for 7 days... 84.00. 2 barrels kerosene... 29.45. 6 quarts oil... 2.25. Interest on investment and depreciation at \$7.50 per day... 45.00. Total cost... \$484.70.

The average yield was 20 bushels per acre, or a total of 4000 bushels. His average cost of threshing was 12 cents per bushel. He had 5 settings and all the time lost for adjustments was 10 minutes. The Fordson furnishes an abundance of power, is economical and easy to handle, not only for threshing, but for all kinds of farm work—plowing, harrowing discing and drilling. See us about a tractor for your fall plowing or seeding, or phone in for a demonstration. Immediate delivery can be made.

KEEP OUR SHIPS ON THE SEVEN SEAS

American ships, flying the Stars and Stripes will carry you and your goods anywhere

Two and three generations ago, the Stars and Stripes were all over the world. Then they almost vanished from the seven seas. But today they are back again.

Big splendid steamers, American owned and operated, carrying passengers and goods, are crowding their way into all foreign harbors with the Stars and Stripes proudly fluttering from their masts.

American exporters, importers, travelers—all can help by shipping and sailing under the Stars and Stripes.

We Make Paints, Varnishes For Women's Use at Home

THOUSANDS of women with keen home pride want to do their own painting and varnishing at home, and thousands do—with materials we make. We make these materials especially for home use. You ask for "Fuller's Home Service" Paint Products. And we maintain a special "Home Service Department" furnishing free information and detailed directions which will enable anyone to do his or her own work. You simply describe the article, how finished now, and the effect you want to get. We tell you how, the kind of paint, the kind of brush—the things you need to know to do good work. You'll be surprised, delighted

to see the transformation you yourself can make in home things—furniture, floors, walls, woodwork, bric-a-brac, etc. "Just a can of paint or varnish and a little work that's fun," works wonders. Our knowledge of paints and painting practice has been gained through 72 years' experience. We are one of the country's largest manufacturers of paint products and make the very finest kind of goods. Don't think because you've never done it that you can't do work like this yourself. Try it with our help. Just follow Fuller's Specifications and you'll get the desired effects. Remember—don't allow surfaces to rot. It costs less to paint them.

Fullerwear "The All-Purpose Varnish" Adapted for any surface either inside or outside. The most durable varnish obtainable. Withstands interior wear and weather exposure. Does not scratch, peel, rub off or turn white. Dries overnight. FULLERWEAR is Fuller's Specification for all-purpose varnishing at home—for furniture, tables, chairs, linoleum, etc. Boiling water cannot harm it, nor rolling furniture. Dries dust-free in four hours. Walk on it overnight. W. P. Fuller & Co.
