BUSINESS TO FIGHT CLASS LEGISLATION

Dealers of Country Unite Efforts to Prevent Bureaucratic Control of Trade

Cincinnati, June 27.—A national organization pledged to combat all class legislation wherever it appears was formed here today under the auspices of the National Grain Dealers' association, and an active campaign against the United States Grain Growers, Inc., is to be instituted at once.

Representatives of business organizations from all over the country were present and while the immediate object of attack will be made against the United States Grain Growers' reported campaign to pool the farmers' grain under a six-year contract, the scope of the organization as planned is much wider.

Resolutions adopted declared that the grain trade and general business interests are directly menaced by adverse legislation, both state and national, arising on demand of organized special interests. The resolutions declared such legislation to be vicious and "despised the attempt of special interests by class legislation to break down the present competitive individualistic business principle and the substitution thereof of bureaucratic control."

Practically all of the great business associations concerned with the handling of foodstuffs, either in the raw or finished state, are expected, it was said, to join the association. These include the United States chamber of commerce and other chambers of commerce; the Millers' National Federation; the Flour association, the National Feed Dealers' association, the National Hay association, the National Cotton Growers' association, Growers of Potatoes and of Produce, Wholesale Grocers' association, County Grain elevators, all state grain dealers' associations, all grain exporters on both the Atlantic and Pacific coasts.

The work of organization will be carried by the Grain Dealers' National association, supported by the interests represented today. A central organization is to provide speakers and educational literature distribution from Chicago at once.

Mrs. Lena White and two daughters, of Portland, and Mrs. Chas. H. Curtis, of Marshfield, daughters of Mrs. W. W. Smead, arrived Sunday and are making a visit with their relatives here. Mrs. Curtis and her husband are preparing to move to California to reside.

Band Features Descriptive Numbers

Real "Thriller" on Chautauqua Program.

Bland's Orchestra which is the largest musical organization to visit the Chautauqua this year is noted for the unusual, dramatic, descriptive, comedy and feature numbers it plays.

Mr. Bland builds his programs with words of dash and variety. His bands are composed entirely of Americans and generally college educated men, so that he can secure much more effective entertainment than would be possible from foreign musicians.

A concert by Bland's band isn't just a slow sleepy succession of marches and overtures, but a rapid fire mixture of colorful stunts and entertaining novelty.

Morrow County People Will Picnic on July 9

The annual reunion and picnic of the former residents of Morrow county now living in Portland, will be held at Laurichurst Park on Saturday, July 9th, according to word sent this paper by Mrs. M. Belle Thompson, secretary of the Morrow County association.

Run Over by Truck

A. D. Saechter has been a patient in the local hospital this week suffering from bruises and injuries to his head sustained when he was run over by a truck driven by Horace Potts last Friday, on the Saechter place near Gweddolyn. Mr. Saechter, an Austrian, and Mr. Potts were having an argument concerning money matters and Saechter tried to detain Potts by running in front of the truck. Ray Brown and Jimmie Courter were on the truck with Potts at the time and they did not stop after they had run over Saechter because they claim they heard him call for a gun. Mr. Saechter was not seriously injured and is recovering nicely. Sheriff Montague was called to investigate the case but no arrests have been made.—Condon Globe-Times.

Oregon Haymakers Hold First Annual Meeting

County Agent L. A. Hunt returned from a trip down to Boardman last evening, where he attended the first annual meeting of the Oregon Hay Growers yesterday.

At this meeting the following board of directors was chosen: Ira A. Berger, Boardman; F. L. Jewett, Umatilla-Istoria; Eli Winesett, Hermiston; Geo. W. Heddon, Columbia; Rex Sanford, Stanfield; Lee Savelly, Lower Butte creek; H. J. Bean, Butte creek meadows; Alex Sanford was elected president.

Another meeting of the association will be held on Saturday, and on Monday it was arranged to hold a meeting with Washington association and map out a marketing plan.

Road Will Be Closed

We are informed by Engineer U. R. Grey, that the main road between Lexington and Ione will be closed to travel for at least a month on account of heavy blasting and other construction work. Detours will be provided to accommodate the travelers, but as far as possible other routes leading up the creek should be used as the traveling will be better. The road over the hills from the Pettys place to Lexington is good now and from Lexington up to Heppner time can be saved by coming up Black Horse and then over the hill to Heppner. This road is in fine condition now. The traveling public should make note of this and avoid a lot of unnecessary bad roads and dust which is now caused by the construction work on the Willow creek highway.

Francis A. McManamin, one of Heppner's prominent lawyers, honored Cecil with a call on Friday.

A KNOCKOUT

NEWS NOTES FROM THE UMATILLA FOREST

Gardane District.
A report recently reached this district that stock driveway No. 5 leading to Albee and Ukiah had been closed by fencing private land a short distance east of the forest boundary. With scores of hands of sheep headed over this route much anxiety was felt. Should this route be closed the re-routing of sheep would be quite a problem. Ranger Woods made a hurried trip to Ukiah and called upon settlers along the route and was relieved to learn that though considerable fencing had been done the route was still open, for this spring at least.

Separating sheep is claiming the attention of a number of sheep outfits that are on the trail. The junction of driveways No. 4 and 5 has been a scene of almost constant activity. As soon as one lot was cleared, another mixed. These driveways join on rough, hilly ground that is densely timbered. Sheep pass this point traveling north, south, and west and an occasional mishap is unavoidable. As far as possible the forest officers work to prevent mix-ups by warning shepherds of approaching hands, by pushing one outfit and holding another back, but where each officer has from fifteen to twenty miles of driveway under supervision it is impossible to give any point constant attention.

Austin Gentry, who knows every crook in each trail in the Buckaroo country, is again leading a pack-string, but he insists that he is here only temporarily.

Porrett Rhinehart recently took charge of the J. D. French sheep on the Arcturite allotment. He will be accompanied in camp by Mrs. Rhinehart. The fire season has opened in the Gardane district. A small fire was found and suppressed on stock driveway No. 8 near Little Potamus creek by forest guard Casteel.

While on grazing work in the south end of the district a forest officer observed smoke rising from state land south of the John Day river. The state fire warden was notified. That evening a cloud burst was reported from that section. The federal foresters are envious of those state men and are wondering how they did it.

L. O. Case, district state fire warden, was a recent visitor at Ellis ranger station. Close cooperation between the state and forest service in fire detection and suppression was arranged for this territory by Mr. Case and ranger Woods.

Del McRoberts, state fire warden, accompanied by Mrs. McRoberts, stopped over Sunday night at Ellis ranger station while on their way from Ukiah to Parkers Mill where Mr. McRoberts will be stationed for the fire season.

The Five Mile fence construction camps have been consolidated and are now camped on Matlock creek. It was feared that the southern part might dry out and make post driving on the rocky ridges difficult. Thirteen men are on the job and it is hoped to complete all of the southern portion of the fence before the Fourth.

FIRST CHRISTIAN CHURCH

Sunday, July 3, 1921.
The definition of a "Nut Sunday"—to be held until 10 o'clock, read the Sunday paper till 1, over-eat till 3, pop around till night, and keep one's soul chloroformed throughout the one day of the week especially designed for its enjoyment.—this is a "Nut Sunday."
We invite you to avoid this by attending any, or all of the following services: Bible School, ten o'clock, preaching and Communion at eleven o'clock, Christian Endeavor at 6:30 o'clock.
Union services to be held in the park at 7:30 o'clock and you will enjoy these services; good music, short interesting sermons. You are cordially invited to spend the Sunday twilight hour, Rev. E. L. Moore will preach.
LIVINGSTONE, Minister.

Buyers Bend Theaters

The Sparks Amusement company, Inc., of which J. B. Sparks, former owner of the Liberty theater of this city, is manager, purchased the Grand and Liberty theaters of Bend. The consideration is known to be in excess of \$20,000. The theaters were purchased from O. M. Whittington, who expects to go to New York to engage in the theater business. Mr. Sparks expects to make his home in Bend and direct the affairs of the theaters. The company is already operating a show house in Prineville.—Condon Globe-Times.

CHAUTAUQUA WILL BE HELD HERE JULY 21-26

While the local committee is disappointed in the dates assigned for the Chautauqua this year, they are doing everything possible to make the Chautauqua a complete success. In order to do this, they ask everybody to lend a helping hand.

Advance your plans so as to attend every session, if possible. There will be twelve splendid programs. The season tickets are only \$2.75 for adults and \$1.10 for children, including the war tax. That makes the entertainments average less than 23 cents each for adults. Even if you cannot attend all the sessions, it will pay to purchase the season ticket. The single admissions for the two programs on Sunday and two of the evening programs during the week will equal or exceed the cost of a season ticket. Although the season tickets are much cheaper than the total single admissions would amount to, it is of advantage to the local committee to sell the season tickets, for the local committee receives credit for the full price of the season ticket on the guaranteed amount, but it receives only 25 per cent of the single admission sales. If you attend only the evening sessions, the single admissions would amount to \$4.45. So, buy a season ticket, or have it reserved for you, before noon of the opening day, for the price goes up at noon on the opening day.

The New Weed Law

Many farmers in Morrow county are interested in just how the new weed law can be made to function. We believe that everyone should look at this as a straight local option proposition. If you are interested in getting a weed district formed in your territory these are the steps that must be taken:

First, it is advisable to hold a meeting at some central point where the boundaries of the proposed district should be determined and the kind of weeds which shall be included and known as pest weeds shall be designated.

Second, it will be necessary to prepare petitions stating the boundaries of this district, naming the weeds which are expected to be exterminated, and this must have at least twenty-five names of a majority of the farmers in the proposed district. A notice of this petition and its presentation to the county court must be published in the paper.

Third, the court will meet at a regular meeting and pass on the petition and at this time if the court approve, as they undoubtedly would, the weed district will be so designated.

Fourth, at the meeting of the taxpayers when the county budget is considered a delegation of farmers from this district should represent in the county court the amount of money that they are willing to expend in the eradication of weeds. This will then be published the same as any other part of the budget and when finally approved will go in and be levied against the land in this district.

Fifth, the county court will appoint a weed inspector for this district whose duty it is to see that the weed law is enforced in that territory. The inspector shall give due notice to anyone who is allowing a noxious weed to grow upon his land, or upon his one-half of the public highway adjoining said land. If he shall refuse to destroy these weeds within ten days the inspector shall have the right to go upon said land or premises or adjoining highway and destroy or cut said noxious weeds, in the most effective and practical manner. Upon the completion of this work he shall turn in his bill to the county and the county court shall allow a reasonable wage for doing the same. This then shall be filed as a lien against the land of the party who has failed to destroy his weeds and shall be collected with the next regular taxes. The amount of money estimated by the county court as being sufficient for the destruction of weeds in this district shall be placed in the county budget after consideration of the meeting held for the purpose of passing upon the tax levy by the voters of the county and may become one of the items for which expenditures will be made during the ensuing year. When such a fund is created that portion will be used for weed control on the highways within the weed control districts and prorated among the land owners destroying weeds on the highways as provided in section four in accordance with the amount of work done, whether done by the owner or by the weed inspector as provided in section five of this act.

When in the judgment of the county court destruction of weeds is necessary on public lands the work shall be done by and under supervision of the weed inspector paid for from the said fund and in the manner usually employed by the county.

In this way the money goes directly back to the farmers who raise the money and who did the work.

Sixth, if at any time the farmers within the district find that in their judgment it is inadvisable to continue the activities of the weed control district they shall so represent the matter to the county court who upon proper showing may without further trouble disband the district.

This gives to every district the right to handle its own affairs in its own way. The districts are not determined by the voting precincts or anything of the kind. Special boundaries shall be made to meet special conditions.

Any farmers interested should plan to get in touch with the County Agent and we will be glad to furnish blanks for petition and help in the further explanation of this law.

L. A. Hunt, who was at Boardman yesterday, states that Mr. Strait has his new ferry boat just about completed and the same will soon be ready to serve the traveling public who desire to cross the Columbia between Oregon and Washington at that point. He will have a good boat when it is completed.

Miss Mildred Miller is visiting with Mrs. Ray Moore in this city. She arrived from her home at Lennon, S. D., on Saturday evening.

Mr. and Mrs. Roy Stender of Seldomeen who have been spending their vacation around Salem, returned home during the week.

Mr. and Mrs. Oral Henriksen and daughter, Miss Anna Josephine, of the Snuggery were calling on their friends in Cecil on Sunday.

Elmer Mohr who has been working around Cecil for several months left on Thursday for Spokane where he will work during harvest.

Mr. and Mrs. Jack Fenwick and daughter, Miss Belle, of Ione spent the week-end with Mr. and Mrs. Clarence Winter at Shady Dell.

Miss Minnie H. Lowe, who is a student of Washington high school, returned to her home in Cecil on Saturday for the summer vacation.

Mrs. W. C. Myers of Rockville, Mrs. Roy Garlick of Tentville and Mrs. H. J. Streeter of Cecil were callers on Mrs. Jack Hynd at Buttery Flats on Wednesday.

W. A. Thomas, who has been visiting friends in Lincoln, California for two or three months, returned to Cecil, on Tuesday, leaving on Wednesday for Ione where he will reside for some time.

Mr. and Mrs. M. V. Logan and son Gene, also Sydney Wilmont, of Portland and Mrs. Roy Scott of Buttery Flats, and John Buch of Morgan were the guests of Mr. and Mrs. T. H. Lowe at the Highway House on Sunday.

Leon Logan and family, Mrs. Boyd Logan and children of Four Mile, Mr. and Mrs. Everett Logan and family of Fairview and Mr. and Mrs. M. V. Logan and son of Portland all met at Mount View, the home of Mr. and Mrs. Zenneth Logan on Sunday.

The "Mayor" made a trip to the county seat on Friday. His journey was specially made to find out if his old friend Bill Thompson, of that city, had returned in safety. Bill was seen speeding over the Cecil scenic highway and was stopped by our "Highway Speed Cop, John," and warned not to exceed the limit again. Bill pleaded guilty but his excuse was that he was going to be married at Heppner J.C. and was behind his appointed time, and that if allowed to proceed he and his bride would return by way of Cecil and stand every man woman and child in our town a big treat. Friday, wedding day—time for treat at Cecil. 8 o'clock p. m., disappointed crowd—the community cowbell, fire whistle, jazz band left for their homes in disgust, after dispatching a message by our worthy "Mayor" not to dare to return without Bill and his bride who are expected to fulfill their treat, or Bill will be sorry he ever became a benedict when Cecil does get him here.

Mr. and Mrs. T. W. Hippee who reside on the Jos. Hayes ranch off Big Butte creek, were visitors in Heppner on Wednesday. There is a big lot of hay down on the Hayes place just now, and Tim says there is sure to be a heavy downpour of rain before the crop is put in the stack. Hay and grain on Butte creek is an abundant crop this season.

If you saw Len Chaney in the dual role in OUTSIDE THE LAW, you are satisfied with his ability, and will want to see him in NOMADS OF THE NORTH at the Star theater Saturday.

MOONSHINE OUTFITS TAKEN BY SHERIFF

Lum Gordon Again in Tails for Making Illicit Liquor, Gets Fine and Jail Sentence—Arthur Finley and Still Brought in This Morning.

There are two less illicit liquor factories in Morrow county at the present writing, and a little less moonshine is in evidence as a consequence of the activities of the sheriff's office during the past week.

On Saturday, Sheriff McDuffee hied himself to the mountains in the vicinity of the Hamilton ranch on upper Rhena creek, and on Monday morning his efforts were rewarded in the capture of Lum Gordon and Joe Mahon, together with a quite complete moonshine outfit and 20 gallons or so of liquor which had been distilled from prunes and raisin mash. The sheriff also found sufficient material on hand and ready for the still which would make about 150 gallons.

The sheriff tackled this job alone. The still had been erected in an almost inaccessible thicket of pine and fir poles, up on the side of the mountain, where the operators must have had a hard time of getting their stuff in, and but only one way of reaching the spot. When the sheriff walked in on Gordon, he made a move to draw his gun and offer resistance, but changed his mind on being covered by the sheriff and quietly submitted to arrest.

This is Gordon's second offense within the year, and he was found to be well equipped to carry on his work. Lumber for several vats had been carried up the mountain, some 200 brick moved in out of which the fire box for the boiler was constructed and the still was quite complete. It is stated that Gordon turns out the best brand of moonshine of any of those who are following the game in this section and his run was not completed, according to his statement, and he warned the sheriff that he better not try drinking it in its present state of perfection as the results might be serious. This still was brought in by Sheriff McDuffee and is now on exhibit at his office, to be later filed away with the other exhibits of a similar nature in one of the cells at the county jail.

Last April Gordon received a fine of \$500 for infraction of the laws governing illicit manufacture of liquor and when taken before Justice Corbett he pleaded guilty to this second offense and was given a fine of \$100 and ninety days in the county jail.

Mahon, who has quite a large family, was let off with a fine of \$100. This was his first offense.

This morning, Arthur Finley was brought in by sheriff McDuffee, together with some of the paraphernalia he was using to make a brand of hooch. The sheriff and deputies T. E. Chidsey and F. R. Brown, and Dist. Atty. S. E. Norton went out to the vicinity of the Finley ranch northeast of Lexington about 16 miles, and at an early hour this morning they proceeded to his house, where they found the outfit located in a small cellar. Finley was taken in charge, having in his possession about 200 gallons of mash which he was getting ready for distilling in a sort of home-made outfit, using a common wash boiler.

His hearing will be had before Judge Corbett today.

From word received from Charley Johnson of Huntington Beach, Calif., this week, the oil development there is going on at a rapid rate. Mr. Johnson owns a ten-acre tract there and this is leased to one of the oil companies.

A clipping from the Huntington Beach News of June 17, gives the following: "The Argonaut has delivered some material on the C. R. Johnson 10-acre lease at Delaware and Quincy, and it has been unloaded in about the middle of a thrifty looking patch of corn, where Mr. Johnson was expecting some nice roasting ears in the near future." The reports show that new wells are coming in all around the Johnson lease and no doubt there will be flowing wells on his place before a great while. He was offered a very fancy price for the tract some time ago but decided not to take it and will await developments.

Miss Mildred Miller is visiting with Mrs. Ray Moore in this city. She arrived from her home at Lennon, S. D., on Saturday evening.

Notice to the Public

Notice is hereby given that our places of business will remain closed from Saturday evening, July 2, until Tuesday morning, July 5. Buy your gasoline not later than Saturday evening.
