NEW WORLD'S RECORDS FOR COMING ROUND-UP
Fresleton, Ore., July 18.—New world's records in the events which make the Pendleton Round-Up famous the world over are expected at the 1921 show which will be staged here September 22, 23 and 24.
Fast relay strings, wild young steers and bucking "branks" whose hasty temper and uncertain disposition, will give the cowboys a chance to show their skill in the bucking contests, are promised for the great out-of-door drama. The steer bulldogging gives indication of being a most spectacular event. For two brothers, Ray McCarroll and Frank McCarroll, are vying for the championship. Frank McCarroll recently broke all records when he bulldogged in 7 1/2 seconds, but his brother, Ray, succeeded a few days ago in clipping two-fifths of a second off this time.
One of the features of the show is the speed with which events are given. The big panoramas of events begin each day exactly at 1:20 p. m., and continue without pause during the afternoon. Never is the slogan "Something Being Every Minute" better exemplified than at the Round-Up.
Among 1921 Round-Up visitors this year will be W. B. Brown, nationally known illustrator, of Boston, Massachusetts. He expects to send many subjects for drawings at the show. Another visitor will be Dr. George Black, prominent physician of White Plains, New York.
Round-Up devices, new and old, will be interested in the announcement that Colonel Charles Wellington Furberg's book, "Let 'em Buck," is now on the press. It is the official Round-Up book and its sale is sponsored by the Round-Up association. The book, which contains 100 pages, is profusely illustrated with 50 reproductions of Round-Up photographs. It was recently reviewed in the New York Times.
Lawrence Hedding, prominent Eight Mile farmer, was a visitor in Heppner on Saturday.

Here's why CAMELS are the quality cigarette
BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.
Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.
Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.
Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.
If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,
It's Camels for you.

The Message of the Printed Word
What a powerful influence it exerts. It makes and un-makes kingdoms. It builds up and tears down. It is either constructive or destructive.
Rightly used, no other influence is equal in power, for printing is the one great force that influences the mind of man.
A BUYER'S MARKET
Today there is a Buyer's Market—he must be sold. Goods are abundant; the shelves are full; the warehouses are crowded. Goods must be turned into cash in order that industry can be active.
BUYERS MUST BE FOUND; THE GOODS MUST CHANGE HANDS
Printing is the lever—the great force; it is the one power that will compel purchasers to release accumulated funds, put the hoarded money into circulation once more and help restore the country to normalcy.
THE PRINTED WORD MUST ENTER THE BUYER'S MARKET AND IT WILL COMPEL ATTENTION AS NOTHING ELSE CAN—THAT'S WHERE WE CAN HELP YOU
It's our business to produce the compelling force that moves the goods. The judicious use of printers' ink is an investment that makes the turn-over in your business come more frequently, brings into the business more money and does it at a saving to the customer.
THE RIGHT USE OF PRINTING MAKES FOR BETTER BUSINESS AND MORE OF IT
