We Like to Give Service

Or, to put it differently, has it ever struck you that it isn't the ease of the job, but your liking for it that makes it attractive?
We're in the battery business because we like it.
If we can give you service that you didn't know we had, we are particularly pleased. We don't stop with merely filling, charging and testing your battery, and selling you a new one when you need it. We're here to do everything we can to see to it that your battery gives most miles of uninterrupted service per dollar, and more satisfaction all around.
We like to be bothered. Come in anytime.
