Furnished room, close in. Inquire this office.—Adv.

FOR SALE CHEAP—A 10-20 Bull tractor. See GEO. MEAD, Lexington, 2p.

Tom Dorman, retired farmer and resident of Lexington was doing business in this city on Saturday.

John Marshall and wife were over from Castle Rock the first of the week. Mr. Marshall is postmaster there.

I will sell my house partly furnished, or I will rent same to right party. Phone or write Millie McElberta, Heppner.

FOR SALE—18 head of purebred 2-year-old black face Hampshire rams. W. E. WIGLESWORTH, Echo, Ore.—Adv.

FOR SALE—60 head of purebred black faced bucks, yearling. Address C. E. CLEVELAND, Standfield, Oregon.—Adv.

Dan Sumner, W. R. Munkers, Gus McMillan and D. A. Porter were Lexington residents doing business in this city on Monday.

FOR SALE—Residence property on Main street, Heppner—7 rooms, well finished. For particulars and terms see Mrs. Henry Johnson. Imo.

R. J. Carner, Spray stockman, was in the city a few days during the week. He has moved his family back to the Wheeler county ranch from his place in Morrow county on Rock creek.

Chas. Vaughn, Dean Goodman and Jimmy Wilson motored to Pendleton on Monday afternoon, attended to business in that city and returned during Monday night, getting home about 3:00 a. m.

Mr. L. V. Tomlinson and Miss Allie Shin, young people of Lexington, were married in this city on Sunday. Mr. Tomlinson is a contractor on the highway and has been working at and near Lexington during the summer.

J. H. Padberg and wife of Heppner Flat were shopping in the city on Saturday. They have about completed their grain threshing and will soon have the crop to market. The next big job is to get ready for seeding the coming crop.

Mrs. Geo. Krebs who has been visiting in Portland for a short time returned to Cecil on Sunday accompanied by Miss Margaret Krebs and Miss Cynthia Hart who will visit at The Last Camp for a few days before returning to their homes in Portland.

C. W. McNamer, having disposed of both his meat market and handsome residence in Iona, will move to Heppner, where his principal interests are now. Mr. and Mrs. McNamer will be missed in Iona social as well as business circles.—Iona Independent.

Earl Ward, who was a graduate from Lexington high school last spring, is taking post graduate work in Heppner high school this season. He will assist in the drug store of Humphrey Drug Co. when not occupied by his school work. He is a son of Mr. and Mrs. Willis Ward of Blackhorse.

D. C. Wells has secured the dining room and kitchen of Hotel Patrick for the three days of the fair, and he will be prepared to serve meals during that time to the public family style. This will aid very materially in caring for the crowds that will be in the city during fair time and Clyde will also gain some experience in the hotel game.

Henry Blackman came up from Portland on Monday and will remain in the city for a week, taking in the fair and enjoying a visit with his many old-time friends. Mr. Blackman has been living

in Portland ever since last winter, and at the annual picnic of the former Morrow county residents, he was chosen as president of that organization for the present year, to serve until next fourth of July, on which date the picnic is usually held. For a couple of months he has been confined to his home by sickness but is now feeling quite well again.

Sheriff McDuffee arrested one Lewis Bolan at Morgan one day the past week, and Sheriff Wm. Cole, of Whitman county, Wash., arrived from Colfax on Friday and departed with the prisoner on Saturday. Bolan is wanted at Colfax for the forging of a woman's name to two checks for \$46 apiece on which he got the money. He is a two-termer, having served time at Walla Walla for other offenses of a similar nature.

Nels Johnson of Gooseberry was in the city on Monday, having arrived here on Saturday evening with two cars of cattle which he expected to ship out Sunday. The cattle belonged to different parties of the Hardman cattle reserve and was a community shipment. Owing to the burning of a tunnel on the line down the river near Hood River, the railroad company would not receive the shipment Sunday but they went out Monday.

E. L. Cox and family arrived here on Saturday from Galax, Va., and will make Heppner their permanent home. Mr. Cox has associated himself with his brother, W. Claude Cox, in the Morrow County Creamery, and will assist in carrying on the growing business of this institution. With the addition of his brother to the business, Claude expects to be able to care for a number of new customers and handle a much larger amount of business than heretofore.

Paul V. Maris, who is director of extension work for O. A. C., came over from Hermiston on Saturday, accompanying County Agent Calkins, who had been looking after affairs at the north end, chief of which was attending the meeting of the hayraisers of Boardman and discussing with them the proposition of establishing a cheese factory at that point. Mr. Maris has been visiting the different county agents in eastern Oregon and went on his way Monday.

W. W. Bechtolt who has been putting in the summer working on the Willow creek highway near Heppner, will move back onto his farm near Hardman with his family. Mr. Bechtolt has property in Walla Walla and his family resided in that city last winter, where the boys attended school. His Hardman ranch had been leased for five years by Turie Peterson, and the lease had two years to run, but Mr. Peterson, who was running stock, found that it would be impossible, on account of the big slump in the cattle business, to get by and meet all the expenses according to his lease, so was compelled to give up the place. Mr. Bechtolt will take charge at once, and Mr. Peterson has not announced what he will do but desires to get back on a wheat ranch.

Judge W. T. Campbell, W. O. Minor and R. L. Bengt were out over the Heppner-Ritter road as far as the Jones canyon grade on Saturday and Sunday and found the road in excellent shape. A change has been made in the road crossing a portion of the ditch creek prairie and with the placing of a few culverts and some rock fills where the road could not be taken out of the prairie onto the ridge. Judge Campbell is sure that the season of travel through the mountains over this road will be materially increased both in the fall and spring. Incident to the trip of inspection, these gentlemen took a few hours off to hunt and were successful in running some fine buck deer out of the thicket in the vicinity of their camp but failed in getting a successful shot at them. They report the deer plentiful but wild and hard to bag.

Announcement

Mr. Edsel B. Ford, President of the Ford Motor Company, makes the following announcement:

"We are making another reduction in the prices of Ford cars and the Ford truck, effective today. The new prices average \$70.00 under the former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, F. O. B. Detroit, are now as follows:

	New Price	Old Price	Reduction
Chassis	\$295.00	\$345.00	\$50.00
Runabout	325.00	370.00	45.00
Touring Car	355.00	415.00	60.00
Truck	445.00	495.00	50.00
Coupe	595.00	695.00	100.00
Sedan	660.00	760.00	100.00

People are interested in prices, and are buying when prices are right.

"The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,247, was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesmen. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson Tractor, and none is contemplated."

Goover these new prices! See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer?

Let us tell you more about it, and advise you regarding the delivery of the particular type of car in which you are interested.

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7th to \$415, and now to \$355, making total reductions in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford Sedan was \$975; today it lists at \$660.00 with the same equipment.

"We are taking advantage of every economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times.

ROY V. WHITEIS

Real Estate and Insurance, Heppner.

THAT APPROXIMATELY \$700,000,000 is required by the public utility companies of the country to provide service for an additional million inhabitants is one of the interesting facts brought forth in the recently published report of Senator William M. Calder's Committee on Reconstruction and Production.

After a searching inquiry into the various conditions bearing upon the housing situation and the country's industrial production, the Committee finds that the business of public utilities has outgrown their plant facilities owing to the inability of the companies to finance improvements and additions necessary to take care of increased service demands.

"Prior to the war," states the Committee, "it is estimated that the normal annual requirements of electric railway, gas, and electric light and power companies for extensions, betterments, and improvements was about \$500,000,000, proportioned as follows: electric railways, \$250,000,000; gas companies, \$125,000,000; electric light and power companies, \$125,000,000.

The Committee has informed that for four years not over 40 per cent of such betterments has been made, leaving an accumulation of about \$1,200,000,000. If to this sum is added the \$700,000,000 required alone for service to new residential buildings held in abeyance, a total of approximately \$2,000,000,000 seems necessary for the public utility program in the immediate future.

"The question of placing these businesses on a sound financial basis in order that credit may flow to them is the same question which confronts steam railroads and housing, but in the case of public utilities the situation is more difficult because there is no central body as now provided in the case of steam railroads which might adjust rates in proper relation to operating costs and capital investment. The utilities likewise suffer in their effort to secure new capital for necessary extensions of service by the almost insurmountable difficulty of having to compete for such capital with municipal, state and similar tax-exempt securities. Until these problems are solved the public should recognize this underlying reason for much of the faulty service and for the failure to provide the additional facilities urgently demanded to meet community needs."—PAID ADV.
