## REPORT ON MORROW TEACHERS' INSTITUTE

Seventy Teachers Are Enrolled—Program is Highly Instructive and Entertaining—Detailed Report by Miss Myrtle McNeill—Resolutions.

The Morrow County Institute opened Wednesday evening, October 19, at 9 o'clock. Seventy teachers of all the county registered in the first half hour.

The program for the day opened by singing and music under the direction of Miss Bernice Dufoe. The invocation was given by Rev. W. O. Livingston. An address, "Visual Instruction," was given by Dr. Dan E. Clark from the University of Oregon, Eugene; this was followed by an intermission and then there was an address by Thomas Gentile from the Oregon State Normal at Monmouth. Mr. Gentile's address might be entitled "Conventional and Traditional Teachers." An address on Penmanship was delivered by Miss Mildred Morrissey, a Palmer penmanship instructor from Portland. In the department of work, Mr. Gentile discussed Elementary Arithmetic; Miss Cecil L. Schreyer of Portland discussed Public Health Nursing; Dr. Clark, Oregon High School, discussed the League; Miss Helen Cowgill, Girls' Director in Club Work, and C. C. Calkins, County Agricultural Agent, discussed club work. The afternoon, Dr. Clark gave an address, "Which refers to the books on the reading circle list.

Thursday's program was as follows: Singing and music directed by Miss Dufoe; invocation by Rev. Livingston; a stirring patriotic address, "John Smith," by S. E. Nelson; an address which might be called "The Ideal Teacher," by Mr. Gentile; address, "Learning by Mail," by Dr. Clark; address, "Club Work," by Helen Cowgill; County Athletics and track meet was presented by Howard M. James to the teachers of the county. The teachers then formed a County Teachers Association and organized by electing P. R. Bennett of Lexington, president; E. R. Curfman of Tule, vice-president and Miss Myrtle Lay of Hartman, secretary-treasurer. The subject of the State Teachers Association was put before the assembly by M. H. Sims of Boardman.

Friday's program was opened by singing and music under direction of Miss Dufoe, followed by invocation by Mrs. W. O. Livingston; address, "Oregon's Objectives in Education," by Hon. J. A. Churchill, State Superintendent. We are always glad to hear Mr. Churchill's address. "The Community Side of Teaching" was presented by E. R. Curfman; "The Flag," a patriotic appeal, was given by Mrs. D. E. Gilman; "Safety Education" by E. R. Bennett; "Methods in Geography and Civics," by Mr. Gentile.

In departmental work, Miss Blanche Fish gave a class demonstration in reading; Mr. Gentile discussed elementary reading; Dr. Clark, consolidated schools; Mrs. Turner gave a primary class demonstration; Dr. Dan Clark talked on "Methods of Teaching Civics"; Mr. Gentile had a round table discussion, and later discussed primary fundamentals; Mr. Churchill talked on the course of study in English; J. W. Heard discussed the 6-6 or 6-3 plan. The assembly question box was conducted by Mr. Churchill. A majority of the questions were on the Oregon School Law.

The institute was well attended and appreciated by the teachers, the credit being due to our worthy superintendent, Mrs. Shurtie, who spent many hours of serious thought on the selection of the speakers.

The following instructors and teachers were present: Mr. and Mrs. H. M. James, John Heard, Bernice Lay, Gladys Turner, Mrs. Opal Clark, Mrs. Norris Elizabeth Dix, Mrs. Edna Turner, Margaret Elizabeth, Mrs. Blanche Fish, Mrs. E. H. Morrison, Ina Moore, Zella Kelly, Addie Quisenberry, Lorena Palmer, all of District No. 1, of Heppner; Mr. and Mrs. E. R. Bennett, Harriett Brown, Mrs. Sherman Smiley, Thompson Walker, C. J. Walker, Mrs. Helen Swift, Zara Snell, Dist. 4b; Harriett, Anne Roberts, Dist. 2; Margaret Doherty, Dist. 24; Mr. and Mrs. Suddarth, Dist. 28-31; C. F. Grover, Anna Eldhardt, Mrs. Lillian Warner, Mrs. W. T. Eckleston, of Dist. 10; Irrierson; M. B. Signs, H. H. Crawford, G. L. Lee, Naomi Runner, Gladys Price, Myrtle McNeill, Crescent Glatt, Mrs. Blanche Watkins, Dist. 25; Bonham; Arthur Edna Larson, Dist. 4; Anna McDevitt, Dist. 28; Eleanor Furney, Dist. 1; Alice Baubrey, Dist. 27; Lovely Warfield, Dist. 5; Margaret Crawford, Dist. 28; Georgia Shipley, Dist. 23; Cecil Stevens, Dist. 51; Bertha Stoneman, Dist. 19.

Resolved by the teachers of Morrow county, in annual institute assembled, in appreciation of the splendid entertainment and instruction of the past few days, that we desire to express our gratitude:

First, to our county superintendent, Mrs. Shurtie, who by her untiring efforts and patience has provided the program; and, in a time when there were unnumbered calls upon her for matters pertaining thereto, still has found time to attend to the personal welfare and comfort of the teachers in attendance.

Second, we wish to express our appreciation of musical numbers rendered

by the Heppner High School and grades under the efficient leadership of Miss Dufoe; to Mrs. Turner, Mrs. Missidine, Mrs. Darbee, Miss Case, Miss Woodson, and Miss Patricia Mahoney for their music; and to Betty Irwin for her solo dance.

Third, we wish to thank and show our appreciation to Reverend and Mrs. Livingston for their invitations.

Fourth, to Mr. Driscoll, the janitor, for his extra work necessitated by this institute.

Fifth, to the people of Heppner, who so generously opened their homes for our comfort and happiness.

Sixth, to those who have fostered the movement which has brought about the employment of a public health nurse for Morrow county, we wish to express our appreciation in that assurance that they will receive our hearty cooperation.

Seventh, to the fraternal order of Elks, we owe our thanks for a splendid evening's entertainment which will linger long in our memories.

Eighth and last, but by no means least, to the instructors who have labored so earnestly with us, we wish to extend our sincere thanks and assure them that our work will be bigger and better, and our vision broader for having met them.

Be it further resolved, that we heartily endorse Oregon's objectives in education as outlined by our state superintendent, Mr. Churchill; namely, the teaching of the essential subjects first as outlined in the state course of study; the better preparation of teachers; the consolidation of schools when at all feasible; and the county unit of administration and taxation.

And be it also resolved that these resolutions be published in the papers of Morrow county.

Signed:  
LORENA PALMATEER,  
HELEN C. TACK,  
M. ORLENA SUDARTH,  
ARTHUR L. LARSON,  
GUY L. LEE,  
Committee on Resolutions

### Halloween Fair at Lexington.

A genuine Halloween Fair will be held at the Lexington Hall Friday evening, October 28. Among the many attractions will be a real chicken supper served at 6 o'clock after which a big program will be given. The program will be extensive, including a musical chorus, lively recitations, tableaux and skits, some with the usual Halloween displays. There will also be side attractions among which will be the noted Chamber of Horrors. A real good time for the whole evening is assured. The gate fee for the fair will be 10 and 15 cents and the supper will be served on a cafeteria style. Under the auspices of the Ladies' Guild of the Church of Christ.

### SESSUE HAYAKAWA IN AN AMERICAN DRAMA

"Black Roses," A Robertson-Cole Super-Rosset, With Dramatic Star at His Best.

In "Black Roses," his latest Robertson-Cole production, Sessue Hayakawa, distinguished Japanese star, is seen for the first time in many months in a photoplay laid entirely in America. The fact, however, that the action of the story takes place in only one country does not deprive it of any picturesque effect. The same artistry with which every Hayakawa production is invested is paramount in "Black Roses," which appears at the Star Theatre on Wednesday and Thursday, Nov. 2 and 3.

During the course of the production Hayakawa is seen in three distinct characterizations, first as a happy-go-lucky carder on the stocks of a millionaire; next as a hardened victim of circumstance when by false evidence he is convicted of a murder he never committed; and finally as a Chinese prince moving in the highest circles of society where he succeeds in finding and punishing those who were responsible for his life's tragedy.

In "Black Roses," Mr. Hayakawa is supported by one of the strongest casts ever assembled for a motion picture. Taura Aoki, a star in her own right, and in private life Mrs. Sessue Hayakawa, is seen in the leading feminine role.

### Wrestler Here to Meet Three.

Carl Matson, who is to meet Ted Tule in a wrestling match at the Fair Building on Saturday evening, arrived from Ogden, Utah, last evening, accompanied by Mrs. Matson. He will put in a couple of days training here. Mr. Matson has been wrestling successfully since he met Tule here at Fair time and he is physically fit. The match Saturday night promises to be one that the fans cannot afford to miss. It will be clean and the ladies are especially invited to be present. Preliminaries start at 9:00 p. m.

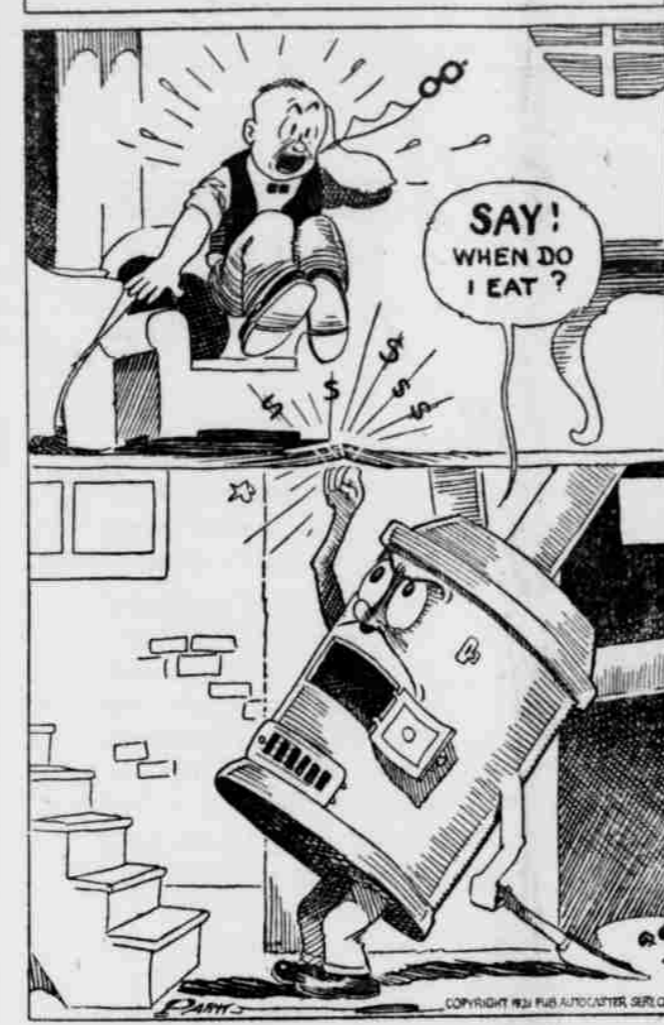

County Judge Campbell, Clerk Waters and Commissioners Beakman and Davidson went to Portland on Sunday in order to meet with the state highway commission on Monday and talk over the completion of the Willow creek highway units from Lexington to Jones Hill. While we were unable to learn just what the court was after, it is understood that they were considering putting in a bid for the surfacing of these units as soon as the grading is completed.

J. A. Ausburn was up from Lexington on Wednesday to complete the necessary papers on a lease of his ranch, 7 miles out north of that place to Lawrence Reaney. Mr. Ausburn is making disposal of all of his personal property yet remaining on the place, preparatory to returning to his old home in Tennessee. We understand Mr. Reaney is taking a six-year lease on the place.

Coming to the Star Theatre soon: "Dangerous Curve Ahead" and "The Old West," two of the greatest photoplays. Watch for definite announcement.—Advertisement.

Mr. J. T. Henderson, baritone soloist, sings at the Star Theatre tonight.—Advertisement.

## GETTING HUNGRY

## BOARDMAN BECOMING A DAIRY, CHEESE CENTER

The people of the Boardman project realize that there can be no permanent agriculture where the crop raised is shipped out of the country and nothing returned to the soil. This is especially important in an irrigated section. The application of manure increases the yield of alfalfa. This calls for livestock. It is important that the hay be fed upon the farm and the products shipped out in concentrated form.

Interest in dairying has increased to such an extent that several carloads of milk stock are enroute to Boardman, having been selected by various parties interested. A. P. Ayers of Boardman, C. C. Calkins, county agent, and W. O. King, L. V. Kutzner and Ray Brown of the East Side Boardman district.

Financial arrangements have been made with the Arlington Bank, Art Wheelhouse, president, and with F. W. Swagley of the Hermitian National Bank to carry the deal through.

A cheese factory organization has been completed with R. Waamer, president; Dale Albright, secretary, and R. Waamer, T. E. Broyles and Paul Smith, directors. A cheese maker is expected within a week, and it is planned to begin cheese making by November 1st.—Boardman Mirror.

## 'FRISGO AND NEW YORK TO HEAR HARDING ADDRESS

On Armistice Day, November 11th, the body of an unknown soldier, brought from France, will be interred at Arlington National cemetery, Washington, D. C. The funeral oration will be delivered by President Harding. The ceremonies are to be in charge of the Army and the assembly of troops and civilians will be so large that comparatively few could hear the unaided voice of the President.

Bell loud speakers will be installed so that all those who are assembled may hear the President's oration and other exercises. Loud speakers will also be installed in New York, Chicago and San Francisco and the President's oration will be installed in Washington, D. C. The funeral oration will be delivered by President Harding. The ceremonies are to be in charge of the Army and the assembly of troops and civilians will be so large that comparatively few could hear the unaided voice of the President.

## FOR SALE.

I am offering for sale at my farm, 7 1/2 miles north of Lexington, the following: Bed, springs and mattress; 1 child's bed, kitchen cabinet, cupboard, rocking chairs, library table, carpets, one of them practically new, oil stove and oil heater, some bed comforts, curtains and towels, one Columbia graphophone and records, dishes and cooking utensils, some wash tubs, buckets, etc. 1 pump jack, 1 John Deere 14-cv. 2-bottom plow. This sale will take place on Saturday, November 5, 1921, at the hour of 2:00 p. m. Terms of sale will be cash. J. A. AUSBURN. 2t.

## Coyote Hunter and Trapper Due Here November First

Reports coming into the County Assn't's office show that much damage is being done over the county by ever present coyotes. Arrangements have just been made to have a Government hunter and trapper located in this county beginning the first of November. Just prior to lambing time it is hoped that it will be possible to have two men on the job. The Government is paying half of the salary of the hunter and trapper and the other half is being borne by the County Wool Growers' Association and Morrow county equally. In order to take care of the sheepmen's part of this expense the executive committee of the Wool Growers' Association voted last year to levy an assessment of \$2.00 per thousand head on the sheepmen of the county. A number of the growers signed the contract to that effect and this money is available to start the work with this fall. The other sheepmen will be given an opportunity to do their part as time goes on.

## ANNOUNCEMENT.

Dr. A. D. McMurdo announces that he has acquired full ownership and control of the former Heppner Sanitarium hospital and surgical equipment which has been in use in the Moore hospital and has removed the same to Mrs. Jaz Gentry's residence, Mrs. Gentry having offered the use of her home for hospital purposes. The place is being fitted up as a strictly modern surgery and the public is assured of the very best treatment and attention. Rates, \$1.50 per day.—Advertisement.

Mr. and Mrs. W. B. Jenks came in from Monument on Tuesday. They expect to make Heppner their home for the winter and have taken rooms in the Fair building, adjoining those of their daughter, Mrs. D. M. Ward.

## FARM BUREAU TO BUILD STRONGER ORGANIZATION

C. C. CALKINS, County Agent.

This is the organization age. The farmer has been driven to it in self-protection. Ten years ago it was a case of every farmer for himself making him an easy prey for organized commission men or greedy dealers. The past two decades have witnessed great changes with the introduction of gas machinery and modern appliances and business has been speeded up getting the other fellow before he gets you has been intensified many fold. Concerns that were satisfied with making a ten-percent commission have found out that it was easier to make money by increasing it to fifty. Many instances of such abuse have come to the attention of the farmers everywhere. Manufacturers have been able to secure proper protection for their commodities by maintaining a strong lobby in congress while the farmer found himself competing against the whole world. A great burden of taxation has been shifted as largely as possible to the people who make the smallest haul.

About two years ago a national movement to get the farmers together and known as the Farm Bureau was started and today a million and half farm homes are members of this organization. This organization is made up of farmers only working together for a common cause, an organization which is non-partisan, non-sectarian, without any religious creed, not indulging in politics, has made its influence felt all the way from the farm home to the congressional hall. Today practically every state Farm Bureau has affiliated with the national, making the strongest farm organization which this country has ever known.

One year ago the Oregon State Farm Bureau was started. Membership campaigns are being carried on in most of the counties of the state with the result that sixty per cent or better of the farmers in the counties are joining. The Oregon State Farm Bureau has made a record of which it need not be ashamed during the past year. Their work with cooperative marketing concerns alone many times more than justifies its existence.

The county Farm Bureau, working with the Agricultural Agent, is charged with carrying on the extension work of the farmers in the county. We need to put on a real campaign in getting seventy-five percent or better of our farmers working out a definite program selecting good committees to assist in putting this across, and then go out united to get the results.

The Executive Committee has taken the matter of this organization work up with the State Farm Bureau and it will be presented to the farmers of Morrow county probably within the next month. In joining the Farm Bureau you not only join the county organization but the state and national as well. This is indeed a time when the farmers of Oregon should be joining hands with the farmers in every state of the union for the mutual benefit of all.

## LOCAL NEWS HAPPENINGS

Some fifty overcoats at Dave Wilson's for \$25.00.—Advertisement.

Mr. J. T. Henderson, baritone soloist, sings at the Star Theatre tonight.—Advertisement.

You should see May Marsh in "Nobody's Kid" at the Star tonight. Last chance.—Advertisement.

W. A. McCarty who is engaged in the sheep business at Hartman was a visitor in Heppner on Tuesday.

The Peoples Hardware Company can supply you with well seasoned hardwood in any size stick you may require. See them.—Advertisement.

J. M. Morrow, who represents Pendleton Marble Works, was here this week looking up business for his firm. He was registered at Hotel Patrick.

Coming to the Star Theatre soon: "Dangerous Curve Ahead" and "The Old West," two of the greatest photoplays. Watch for definite announcement.—Advertisement.

W. A. Leuder of near Lexington has purchased the Lee Paine place on Cottonwood above Monument and is now busy moving his stock over there. He will assume possession of the place at once.

In another column, J. A. Ausburn of Lexington is offering a miscellaneous list of articles for sale, which property he will dispose of at his place north of Lexington on Saturday, Nov. 5. Look up the announcement.

Chas. D. Sennett, one of the early pioneers of Morrow county, who is spending the winter at Irone, was a visitor in Heppner last week. He now makes his home in Montana but lived for many years in the west end of the county and was known by all of the old-timers here.

Uncle George Dykstra raises some mighty good potatoes. We know for he left with us a sample and we have feasted on them. One freak of a potato, which proved to be large enough for a full meal for a family, was displayed in our window for several days and attracted much attention.

Mr. and Mrs. Gay M. Anderson enjoyed a visit the past week from Mr. and Mrs. C. T. Wilson, whose home is in Montana. Mrs. Wilson is a sister of Mrs. Anderson, and while touring this part of the country they took time to call at Heppner. They continued their journey Saturday to visit with relatives at Goldendale, Wash.

Mrs. A. B. Moore arrived at Heppner on Monday from Burkhardt, Texas, one of the great oil producing sections of that state. She is called here on business in connection with some land she owns in the Hartman country. Mrs. Moore was formerly Mrs. Zinn and at one time had charge of the central telephone office in this city.

Another big rain visited this section on Tuesday night and the Heppner hills are being well moistened. With the mild weather following, the hills will soon be putting on a fine coat of green grass and growing well and grain is coming up and should be well rooted before the freezing weather sets in. Sure some fine fall for the stockman and farmer.

Deb Clabough got "biffed" in the face in proper style on Monday, while he was cranking a big Case car. The crank flew back at him and struck the side of his face with almost sufficient force to lay him out, and his cheek received a deep gash, requiring several stitches to bring the opening together. The force of the blow has given him a very stiff neck. A crank will strike back, sometimes.

## Morrow County Has Strong Lead in Grain Certification

The certification of grain in fourteen counties of Oregon for the year 1921 is over, and the results place Morrow county far in the lead. Last year Umatilla county had the most extensive acreage of certified grain, but this season Morrow county is far ahead, having 12,977 acres certified. Only 69 acres in this county were rejected.

The acreage of wheat certified for purity in the various counties this season is as follows:

Morrow	12,977
Umatilla	6,941
Sherman	2,421
Wasco	484
Gilliam	60
Union	12
Malheur	11

The main objects of seed certification are: first, to locate sources of pure seed in as many communities as possible; second, to encourage the use of the best variety for each particular community; third, to provide sources of seed that will not result in lower prices because of mixed wheat in those sections where there is strong tendency to grow a certain variety regardless of its yielding quality; fourth, to avoid loss coming from planting seed with disease; and fifth, to secure a premium for good wheat.

Contract For Road Work Let.

At a meeting of the state highway commission in Portland on Tuesday, the contract was let for the surfacing of the Heppner-Lexington section of the Oregon-Washington highway, the successful bidders being Moore & Anderson, at \$54,475. The Morrow county judge and commissioners were on the job to bid for this work, too, but they evidently were not low enough to carry off the job.

At this meeting the commissioners also sold \$1,500,000 of road bonds, which brought a premium of \$49,550. The bond market was the best since 1919, and the bidding for the offering was very lively. A number of contracts for road work in different parts of the state were let and at figures as low, if not lower than pre-war prices. An evidence that labor and material are coming down, the fact that many of the firms wish to keep up their organization in order to be ready for the work offered in the coming summer may have something to do with the lower bids at this time.

## RATHIE AND KIRBY TO HANG DECEMBER 2ND

Judge Phelps pronounced sentence on convicted Men Foster, — Prisoners Remains Unmoved by Fetal Words.

Another chapter in a tragedy which has stirred the whole northwest occurred this morning at 10:25 when John L. Rathie and Elvie D. Kirby, convicted of the murder of the late Sheriff Til Taylor July 25, 1920, were sentenced by Judge Gilbert W. Phelps to be hanged in Salem on Friday December 2, says the East Oregonian of Monday.

Rathie and Kirby, neatly dressed in brown suits, showed not a sign of emotion as the penalty was announced. The court room was crowded with men, women and children, many of whom were forced to stand in the back of the room and in the doorway.

The two were sentenced some time ago but sentence was suspended while they appealed to the supreme court. This appeal being denied, it was ordered that they be brought here for sentencing.

It was in Rathie's cell, in a tragedy which has stirred the whole northwest occurred this morning at 10:25 when John L. Rathie and Elvie D. Kirby, convicted of the murder of the late Sheriff Til Taylor July 25, 1920, were sentenced by Judge Gilbert W. Phelps to be hanged in Salem on Friday December 2, says the East Oregonian of Monday.

An evidence that labor and material are coming down, the fact that many of the firms wish to keep up their organization in order to be ready for the work offered in the coming summer may have something to do with the lower bids at this time.

## IS IT SAFE TO MARRY ONE WHOM YOU DON'T TRUST OR RESPECT?

It is Possible to Love Madly Without Respecting, But Such An Attraction Offers a Poor Foundation for Happy Marriage, Says Agnes Ayres.

Would you marry the most attractive, fascinating and sought after person in your social circle, if you found yourself under the spell of that fascination, yet felt no real respect for the person who had charmed you?

Agnes Ayres, film favorite, says emphatically that she wouldn't. Her attention was called to the question by the plot of "The Furnace," the big William D. Taylor picture, recently released by Realart, in which she had the leading role, that of a popular English actress who marries a wealthy Canadian and is told by him on their wedding night that he has no respect for her, has married her only for fear that she would involve him in a distasteful breach of promise suit. He failed to do so, and that she is to be his wife in name only.

"Of course, for the purposes of the plot, the man's attitude makes things lots more complicated and interesting. But as I studied the terribly foolish anybody would be to do such a thing in real life as to marry without any foundation of trust and utter confidence. All too often these we do trust fall us and plunge us into the depths of wretched unhappiness. But surely no sane person should consider marriage without confidence to start with.

"I know many silly young girls think they admire the very sophisticated type of man, the man who has the reputation of being rather fast, rather a 'level' with the ladies' and that sort of thing. Certainly the worldly type of man with his easy manners, is often more entertaining as a dance or dinner partner than the serious chap who has never flirted in his life and can't for the life of him think of anything sprightly to say. But as a life partner, for better and for worse, the 'slow' but reliable young man is rather to be chosen than the fascinating beau who exercises in many charms on every woman he meets, and is bound to keep his wife in a fever of jealousy and suspicion. Disillusionment is so bitter, argue some girls, that it is safer to marry without trust, than to have trust violated. But I can't agree.

"I think it is just as unwise and as unsafe for a man to marry a fascinating woman who has never quite satisfied his better judgment that she is trustworthy and sincere. Many men do marry, judge, anxiously watchful, unable to give up the woman who has enabled them even though doubt struggles with affection. It isn't safe if isn't sensible and happiness cannot be built on such a shaky foundation. I feel certain.

"That of course, is the teaching of 'The Furnace' and it is a lesson that society needs to take to heart, for too many marriages are the result of mad impulse, the swift yielding to fascination, not the outgrowth of a sincere understanding and a mutual confidence that nothing can shake. Certainly nobody, who sees the unhappiness experienced by both Polly and Anthony in this drama would dare to take the risk without respect and trust."

"The Furnace" comes to the Star Theatre in this city on Sunday, Oct. 29.

## FIRST CHRISTIAN CHURCH, OCTOBER 30TH.

The Church of Jesus Christ is a community asset, and should receive at least the moral support of every citizen. Her mission is not restricted to the narrow field of marriage and burial rites, she makes a perpetual contribution to the aid of struggling men. If you have already done so, test her out by attending her services. Bible School at 10, preaching and Communion at 11; evening services, Christian Endeavor at 7:30 and Song and Preaching service at 7:30. You will be met with a cordial welcome. LIVINGSTONE.

## Local Postoffice Handles A Big Parcel Post Business

The first fifteen days of the month of October have been record breakers in the office of Postmaster Richardson, and he fears that if the business continues to increase at the present rate, a larger volume of mail will be provided in which to care for it.

From the first to the fifteenth, inclusive, there were received 1174 separate pieces of incoming parcel post mail, weighing 4600 pounds. Of outgoing parcel post there were 555 pieces, weighing 2450 pounds. Of this class of mail, the postmaster has handled 1000 of the free days about six tons. And the business is growing, as the local merchants are finding this manner of receiving goods usually sent as freight to be quite handy under present conditions.

David Wilson has some blankets, guaranteed 100 per cent virgin wool, at \$9.95.—Advertisement.

## Meeting at the Christian Church.

The Christian Church has contracted with Evangelist Walter E. Harshman and song leader P. O. Gates to hold a revival meeting for them beginning January 1st. This team has the reputation of being unusually efficient in their respective lines of work, and the Christian church is to be congratulated in having secured them.

Gus Williamson was in from Butter creek for a short time on Saturday. He has but recently returned from the high mountains in the vicinity of Granite, where during the summer months he looked after the sheep of Earl Wieglesworth. He will spend the winter at the Wieglesworth ranch.

## Red Cross Roll Call.

The annual Red Cross Roll Call will be conducted from November 11 to 24. W. O. Livingston has been appointed chairman for the county. The Roll Call of a year ago in Morrow county amounted to a total of \$578.09; the needs of this year are equal to those of last, and Morrow county must put across an equally vigorous campaign with the amount realized last year as the minimum of their goal.

## Boy Scouts Meeting.

Boy Scouts of America, Troop No. 1 of Heppner, will meet at their headquarters at the Christian church Saturday afternoon at 1 o'clock. Every Scout should be present.

Tests for the Tenderfoot degree will be held at the home of the Scout Master Friday afternoon at 4 o'clock. Every boy in Heppner and community between the ages of twelve and fifteen years should be a member of this organization. LIVINGSTONE, S. M.
