Edited By JUNIOR ENGLISH CLASS

HEPPNER LITTLE TOO MUCH FOR

BOBO: SCORE OF GAME 70 TO 0

The game started with Heppner kicking off. More returned the ball to their own thirty-yard line. More made a twenty-five-yard run and then Heppner held them and they were forced to punt. The punt was blocked and More recovered the ball. After five attempts to make yardage they punted again. Heppner returned the ball about twenty yards and carried it over the line in three first downs. From then on the game was a farce as far as football was concerned. Coach Heard put in his substitutes and even they were through the line. Heppner started playing chess football; trying for field goals and forward passing almost entirely in the last half, which had been shortened to two five-minute quarters. The More boys were "game sports" and took it with a grin. One of them was hit in the face and Ferguson, right end for Heppner, was knocked out when he tackled a man and the man fell on his head. The game ended with the score 70 to 0. The seventy points consisted of ten touchdowns, seven goals converted by Ferguson, and one drop kick by Wittcraft.

They're Still "A Comin'" Folks!

Another new pupil made his appearance in high school Monday morning in the person of Harold Case. Some of the comments heard were:

"The school house is getting more in danger all the time. This simply means we must find room for another seat as well as the question of a fire extinguisher."

"Well, the old style of sitting two in a seat seems to be getting quite popular in our school."

"Wonder if we'll have to fix a seat on the stage for him?"

"A few more and it will be 'the bare ground below and the blue sky above' or in other words, English and Civics on Heppner Heights."

Mary VanVactor and Violet Merritt are the best secret-keepers in Heppner High. (So they think). But this time their broad smiles told on them, and although the rest of the students were kindly invited to—go straight home after school, we were all suspicious and "waited around" to get a piece of that three-pound box of candy.

They must have eaten it all up, because we didn't even get one of the paper dishes! Oh, well, the best we can do is hope for a bigger box next time!

By studying a course taken from the Bible and then taking an examination made out by the state and given by the principal of the school, one may now earn a credit in Heppner high school. This work is done outside of school under the supervision of some church or any competent leader. There has been some talk of the Boys' Class at the Christian church taking up this work, and there is already a class of both boys and girls at the Federated church.

During Wednesday, Thursday and Friday of the past week the teachers institute was held in the high school auditorium.

The high school was well represented at the institute. Mr. Heard spoke on "The 6-4 Plan of Education" and Mr. James spoke on "The County Track Meet." Velma Case sang a solo, Bernice Woodson played a piano solo, and the girls' chorus sang. About seventy teachers attended and enjoyed a very good program; also the students enjoyed an excellent vacation during that time.

The Caesar pupils have received new Latin books which will be used only during the class period. Much benefit it is thought will be derived from them, as they haven't any notes in them and will require a little study in the students own books before coming to class.

The drive for the sale of season tickets for the Lyceum course ended Friday evening, when the first number was presented. The team of girls selling the most tickets was Violet Merritt and Mary Van Vactor. These girls sold 47 tickets and received the prize, a large

box of candy. The total number of season tickets sold was 211, which amounted to \$217. This does not quite cover the cost of the course which is \$203. If the attendance at all the numbers is as good as at the first one, the deficit can easily be made up.

The teachers at the institute voted to hold the county track meet at lowe this year and the declamatory contest at Heppner. Mr. Heard and Mr. James pledged the support and participation of Heppner High.

The first of a series of six attractions of the Lyceum course was given in the high school auditorium last Friday night to a large attendance. The trio consisting of Miss Carpenter, pianist, Miss McDonald, violinist, and Hammond, reader, put on a fine program, which was enjoyed even to the crowing of the rooster on the piano in the selection of "Little Baptiste." Scotch, Irish and gypsy songs were sung and acted out, besides a number of readings given by Mr. Hammond.

The Senior and Sophomore classes have elected their class reporters for the annual this year. The Seniors elected Leora Devin and the Sophomores Bernice Woodson.

From the looks of the assembly on Monday morning not many Frosh failed in the first six weeks of work. Better work is being done by all classes this year than ever before in spite of the crowded conditions.

W. C. Denton, accompanied by his slave, Mrs. Frank Winnard, departed on Tuesday for the Willamette valley to be absent for several days. They are interested in some real estate there.

Jack Knox, the old-timer, was in town for a day or two this week. He was in charge of a band of sheep for Minor & Thompson during the summer and he brought them home recently in fine condition.

"What is Threaded Rubber?"

Threaded Rubber Insulation is made up of sheets of rubber, each pierced by 196,000 tiny threads. The rubber insulates each plate from its neighbor and the threads allow the battery solution to circulate freely.

Willard Threaded Rubber Insulation stays on the job month after month unaffected by acid and without a sign of splitting, cracking or perforation. It lasts as long as the battery plates and helps the battery give more miles of uninterrupted service per dollar.

You'll need a battery one of these days, so the time to get your battery information is right now. We'll be glad to show you a Threaded Rubber Battery inside and outside and tell you why it saves you money.

KEEP YOUR AUTO IN GOOD RUNNING ORDER

The old saying "a stitch in time saves nine" is just as applicable to an automobile as it is to a garment. You should keep your machine in good running order and thus save repair bills.

The Heppner Garage Machine Shop IS NOW UNDER ENTIRELY NEW MANAGEMENT—

In the hands of men who thoroughly understand their line of work in every detail, and you are invited to bring your auto troubles to them. It matters not how big or how small the job they will give it the same careful and painstaking care and all the work will be absolutely guaranteed.

Our shop is being put in shape to handle any class of auto repair work that will bob up and you know how to do it. Perhaps your car does not need much done to it just now, yet there may be some parts of the mechanism that are not doing their work just right. Bring it to us and let us look it over.

Yours for Service.

Realart Pictures Presents William D. Taylor's Production of

"The Furnace"

WHEN A MILLIONAIRE MARRIES AN ACTRESS

There is usually one of two results—a divorce within a year, or a life of bitter quarrels, suspicions and disillusion; for love of money and the love of admiration are poor foundations on which to build even a "modern" marriage.

"THE FURNACE" is the story of such a marriage, and the "furnace" was the hell-fire which the souls of these envied and yet unhappy people were compelled to pass before the dross of convention, jealousy and misunderstanding had been burned away.

No one, married or single, should miss this powerful picture at the Star Sunday.

MONDAY AND TUESDAY, Oct. 31st and Nov. 1st

"THE UNFORTUNATE SEX"

The most unusual picture of the season. Thrills that bite, action that chills, romance that warms the heart.

"BLACK ROSES"

One of the finest dramas ever made, and shows the Japanese star at his best. You will want to see it.

By Jiminy it's so!

FIRST chance you get—prove it!

Prove it to yourself—that Chesterfields do deliver a new kind of cigarette enjoyment—something besides a delicious new taste—something besides a more pleasing aroma—something you never did experience in any other cigarette—an enjoyment so entirely complete that only ONE word describes it—"SATISFY."

Yes, sir, Chesterfields "satisfy" as no other cigarette ever has.

It's in the blend—Turkish, Burley and other top-grade home-grown tobaccos blended as never before.

A great blend! And it can't be copied.

They Satisfy
