Reclamation of the Home.

Governor Davis of Idaho emphasizes the need of reclamation in the home, and intimates home and church are losing their control.

To overcome this national weakness he makes an appeal to parents to correct the ideas of wastefulness and extravagance begot by war.

Family life must return to a sane and conservative basis and we must let up in making criminals by raising children in idleness.

Fathers and mothers must spend more time with their own children instead of turning them over to the schools, clubs and streets to raise.

Habits of industry can only be acquired by boys and girls when parents work with them instead of giving them money to spend in pleasures.

Honest labor and habits of saving will form more character than schooling, lecturing and passing laws to safeguard youth.

We have got to get back to the principle that there is only one honest way to get money and have it to spend and that is by service rendered.

Reclamation of the home must be founded upon industry, and all the schemes to bring up young people without working are doomed to failure.

The public schools must give more time to manual training, teaching trades and occupational work instead of cramming textbooks and sharpening wits.

An enduring constitution, good common sense and sound moral character are impossible without applied industry and earning before spending.

Tax Revision, Reform and Reduction.

Taxation is one of the most perplexing of our domestic problems. There must be an immediate revision in our tax laws in order to more equitably distribute the burden and to lift in whole or in part the more onerous and discriminatory taxes which now depress enterprise and restrict production. The important consideration for the future is relief by way of tax reform, tax revision, and tax reduction. The road which leads to it is that of economy in public expenditures. Too much of our income and capital are being absorbed in the cost of government.

The question of vital concern in order that there may be a material or sustained revival in our commerce and industry is not the question of this individual or that business paying more or less in taxes, but of all individuals and all business paying less in taxes.—*The Manufacturer.*

When is a Battery Old?

Some men are young at eighty—others are old at forty.

It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all—on the original quality of the battery.

There are many good reasons back of the decisions of the manufacturers of 173 makes of cars and trucks to use Willard Threaded Rubber Batteries. Come in and we'll tell you more about them.

It was time
to wake up, all right

MY BRAIN was busy.
BUILDING AIR castles.
FOR I wasn't sleepy.
FINALLY I dozed off.
AND PROMPTLY dreamed.
THAT I was awake.
BUT WOKE right up.
AND FOUND I was asleep.
THEN I got thinking.
OF A wonderful formula.
FOR MAKING cigarettes.
I PLANNED it all out.
SO MUCH Turkish tobacco.
BLENDED JUST so with Burley.
AND OTHER Domestic leaf.
AND I knew that blend.
WOULD MAKE a hit.
I COULD just see.
CROWDS OF happy people.
THRONGING INTO stores
TO BUY that cigarette.
THEN LIGHTING up.
SMACKING THEIR lips.
AND SAYING, "Oh, Boy.
IT'S THE exact copy.
OF THAT "Satisfy" blend."
AND THEN I came to.
AND SAID to myself.
"THIS TIME you're dreaming.
FOR SURE.
WAKE UP, you darn fool.
WHY, THAT "Satisfy" blend.
SIMPLY CAN'T be copied."

THAT'S a fact—the "Satisfy" blend can't be copied. It's our own secret—putting those good tobaccos together in a way that gives you every last ounce of their fragrance. You'll smack your lips over Chesterfields. And remember—you can't get "Satisfy" anywhere else.
