Local Happenings

WANTED—Boy to milk cow on shares. Inquire this office.—Advertisement.

Frank Akers and Claud Huston were eight mile farmers in Heppner for a short time on Monday, attending to business affairs.

N. S. Whetstone who suffered a slight stroke of paralysis at his home in this city one day the past week is now able to get around and is reported to be slowly recovering.

Gilliam & Bisbee are this week opening up a fine display of electric stand lamps. One of these would make a very acceptable Christmas gift—and a useful and ornamental one, too.

LOST—Pair of ladies' buckskin gloves trimmed in beads; family keepsake. Lost between George Sperry's and the Hugh Terry places, Dec. 5th. Suitable reward if returned to this office.

The nice new residence of Edward Chin on Gale street is rapidly nearing completion. The premises will be put in fine shape by Mr. Chin, and he will have one of the beautiful homes of the city.

Buy Christmas seals for your letters and packages. They can be had at all the business houses in Heppner or from Mrs. D. E. Gilman, who has charge of the sales in this city. You will be helping along a good cause by doing this.

Henry Schwarz and family have taken up their residence in one of the Johnson houses in the south part of the city and will make Heppner their home for the winter. He has disposed of all his interests over in the Hamilton country in Grant county.

J. H. McDaniel was down from Hardman on Wednesday. His section had about 8 inches of snow, only, during the recent big storm. The ground in the timber district was soaked well and since then the winds have blown over a very large number of trees, causing no small amount of damage.

Luther Ashinbush, young farmer of Sand Hollow, was a business visitor in this city on Tuesday last, and this office acknowledges a pleasant call. The recent big snow was a fine thing for the wheat fields down his way, the grain came up under the snow and has been growing fine since. All the moisture from the snow went into the ground.

A. B. Strait, who is conducting a ferry, or rather, who is attempting to conduct a ferry over the Columbia at Castle Rock, was up to Heppner this week. He is meeting with some difficulty with the railroad company at present and has had the right of way to his ferry fenced up. He was in the city Tuesday to ascertain what he might do about it. Mr. Strait states that there was fully 18 inches of snow fell along the river during the recent big storm, which gradually disappeared and melted into the ground.

Lexington C. E. News.

On Friday evening, Dec. 2, the C. E. of the Christian church of Lexington met at the home of Mr. and Mrs. Nichols for the monthly business meeting. After the business meeting was over a social good time was enjoyed by all those present.

Coal Vein to be Opened Up

Horace Youkum was in town for a couple of days the first of the week, going back to his place on upper Willamette creek Tuesday afternoon. While in town he arranged to take out a little more equipment and some help and will push the work of opening up the coal vein on his place. The present indications are good and he is anxious to find out just what may show up. It is not improbable that Mr. Youkum has discovered a lead to a fine bed of coal, and we hope that his prospects will develop into something substantial and paying. The coal so far taken out is pronounced to be of good quality and burns well.

Rev. W. O. Livingstone departed for Seattle, Wash., on Monday, where he was in attendance this week at the Northwest Conference of Christian ministers. He expects to return on Saturday.

Annual Farm Bureau Meeting

The annual Farm Bureau meeting for the purpose of electing officers and adopting a program of work for next year will be held Saturday, December 10th, at the I. O. O. F. hall.

ATTENTION SHEEPMEN.

R. A. Ward, manager of the Oregon Cooperative Wool Marketing Association of the West, has arranged to be present at the Farm Bureau meeting which will be held on Saturday, December 10th in the I. O. O. F. hall.

The Wool Growers association has made a splendid mark for itself, getting from two to eight cents better than the market price all along and it is gaining in numbers rapidly. We previously arranged for a meeting of the wool growers when Mr. Ward could be present but owing to conflicting dates this had to be called off. We are exceptionally fortunate in getting Mr. Ward at this time, and he will address the assembly briefly here at Heppner and then will go to Pine City for a meeting in the evening.

Inasmuch as this touches upon the sheepmen's most vital problem, every man ought to be out.

C. C. CALKINS, County Agent.
