"BEFORE THE WHITE MAN CAME"  
With an All Indian Cast  
SPECTACULAR - DRAMATIC - ROMANTIC

This picture is enacted entirely by full blooded American Indians there not being a single white man or woman in the cast. It is a five-reel picture depicting the life of the Indians in America before the white man came and is not only very interesting but highly educational as well for it is absolutely correct in every detail. It tells the story of the love affair of The Wolf and Kawena, members of two tribes of Indians and proves that even in those early days the course of true love did not run smoothly.
