WHY

Home Trade Falls Off

IT ALWAYS SLUMPS WHEN BUSINESS IS UNBUSINESSLIKE.

Most business men have this failing—they are swept off their feet when business booms. We hit prosperity. Then starts the trouble. Everybody buys everything in sight and the merchants are caught in their own trap. They start advertising to beat the band. A riot of selling follows, the merchants OVER ADVERTISE and OVERSELL THE MARKET. Demand for goods keeps up and then comes the trip to the bank to borrow—for expansion.

Then what? Shortage and rising prices—a riot of buying before prices tilt to the top and a wild spree of advertising to keep the game going. Suddenly there comes a halt. Buying slows up, and timid unbusinesslike merchants curtail advertising and the buying halt continues. Then advertising is stopped and business becomes stagnant. When trade needs no stimulus the merchants buy space like drunken sailors, but when trade needs a strong push, they contract.

If business spent one-third the money in advertising when trade is booming and three times the money when trade is poor, business would find stability.

NOW IS THE TIME TO ADVERTISE EXTENSIVELY.

Don't throw chips on a blazing fire. The wood is needed when the fire is low. Advertising now means a real service to the buying public. The people want to know where and what they can buy economically.

MERCHANTS GET BUSY. MAKE YOUR DRIVE NOW.

FOR JOINT REPRESENTATIVE.
I hereby announce my candidacy on the Republican ticket for Joint Representative of the District of Morrow and Umatilla Counties in the May primaries. I have lived in Umatilla county 24 years and own property in both counties. I was a member of the 1919, or War Session, and the special session of 1920 of the Oregon Legislature and otherwise have devoted much time to public matters. I have no platform, except to offer the best judgment I have and to pursue a conservative and economic course. I believe in applying strict business methods to public matters. When we can pay for public development, but when taxes grow burdensome we must be content with the old ways until we can do better. Just now taxes must be trimmed wherever possible and no new appropriations made;

Farm Notes For Eastern Oregon

Additional advances to producers of wheat who are members of the Oregon Co-operative Grain Growers have recently been mailed from the headquarters office in Portland. This additional distribution of funds has been made possible by the sales of the organization during the past few months which exceeded original advances. It raises the total now in the hands of members to from 65 cents to 75 cents a bushel, and amounts in all to \$326,719.

In Morrow county alone more than \$70,000 has been received by members of the association.

"The co-operative organization takes pleasure in sending out these additional funds," declared A. H. Lea, general manager of the Oregon Co-operative Grain Growers in discussing the payments. "It is our intention always to have in the hands of the members every cent returned from their wheat which can be placed and still leave us a safe margin

I have no platform to announce nor promises to make only that, if elected, I will endeavor to serve the people of the county to the best of my ability.

for operations. The amount of advances at the present time in several localities practically equals the average price received by unorganized growers who sold during the low markets of last fall and early winter, and we still have several million bushels of wheat in the northwest pool to sell before a complete accounting for the year's operations can be made."

Normal Summer School at Pendleton Next June

Pendleton, March 20.—Teachers of Eastern Oregon will be afforded the opportunity of doing work in a practice school in conjunction with the six weeks session of the summer school here this summer, according to an announcement made recently by President J. S. Landers of the State Normal school at Monmouth. The session will begin June 19 and will be concluded the latter part of July.

One of the requirements which graduates of normal schools must meet in order to get a diploma is a certain amount of directed teaching in a practice school under the criticism of skilled instructors. Here, therefore, the Pendleton school has not offered this feature, and the opportunity of this extra training in the normal school in their own section of the state is expected to add to the popularity of the course.

W. F. Barnett, merchant and farmer of Lexington, was in Heppner a short time on Tuesday. Mr. Barnett is of the opinion that all crops in his section are coming along very well and that there will be no necessity for re-seeding. The lateness of the spring, however, is going to crowd the farmers to get their work done in proper season.
