Horace Sykes, State Fire Marshal, Spends Day Inspecting School Building.

Horace Sykes, state fire marshal, spent Monday in the Heppner school inspecting the building and talking to the pupils on the results, causes, and prevention of fire. He spoke to most of the grade children in the morning and at one o'clock he spoke in the assembly to the high school, eighth grade and opportunity room.

Immediately after Mr. Sykes' talk, the bell rang for a fire drill. After the fire drill Mr. Sykes complimented Fire Chief Clabaugh on the efficiency of the drill and on the way he handled the students and placed his men. Mr. Sykes offered a number of suggestions concerning the management and control of the students in case of fire.

He stated that he was going to bring before the school board the matter of putting in a fire-escape in the north end of the top floor to facilitate quicker evacuation of the assembly in case of fire.

Students Hear of Near East Relief.

J. J. Handsaker, director of the Near East Relief work, visited school Tuesday morning and gave a very interesting talk on conditions in the Near East. He especially emphasized the want of the children and told of the work that American money is doing. While visiting these stricken countries, Mr. Handsaker secured some very good moving pictures, showing the people both before and after receiving help. These films were shown at the Star theater Tuesday afternoon and evening. At Mr. Handsaker's suggestion, a student body meeting was held in the afternoon to decide whether we wanted some part in saving these starving children. It was decided to hold a smokeless smoker in the near future, and to give the proceeds to this relief work. A committee was appointed by President Irwin to carry out the details of the plan. Watch for future announcement as to when this smoker will be given.

Operetta practice is progressing rapidly and the more we hear them practice, the more we are convinced that you can't afford to miss it. If you want to spend an enjoyable evening, and your money for a good cause, be sure to see "The Gypsy Rover."

Saturday afternoon the Heppner and Lexington grammar school baseball teams met on the diamond for the first time this season. The game ended with a score of 11-17 in favor of Lexington. The next game will be played at Lexington and it is hoped that we will have the large end of the score.

For the month of March the teachers' reports show that there were one hundred and sixty-nine of the three hundred and forty-seven pupils in the whole school neither absent nor tardy. Miss Faby's, Mrs. Dix's, and Miss Quesinberry's rooms had no tardy marks at all. The opportunity room was entitled to the attendance pennant, but with two truant marks they forfeited the prize to Mrs. Edna Turner's room. There are sixteen more pupils in the high school now than there were at this time last year.

the school, but so far the name of the donor has not been learned. It contains an interesting address by Representative Quincy opposing the raising of more troops for the war of 1812. The name of the subscriber, Brooks, is perfectly legible, and the paper is in excellent condition, considering the fact that it is over a hundred years old.

"The Gypsy Rover," Tuesday, April 18.

Miss Potter, the violinist, and Miss Caples, the pianist, of the U. of O. orchestra, played a few pieces of music for us. We listened to the music while we looked at the clock. School was dismissed at 3:20. Heppner Hi students surely appreciate good music.

All missing articles such as themes, sentence papers, tablets, magazines, library books, gum, handkerchiefs, pens, pencils, and ink came to light last Tuesday afternoon when Mr. Heard allowed us five minutes in which to clean our desks. We didn't know that one desk could hold so much.
