BROTHERHOOD DISCUSSES 1925 FAIR

Discussion of "Oregon, 1925" and the world's fair planned to be held in Portland was the feature of the Brotherhood meeting Monday evening at Hotel Patrick. W. W. Smead and S. E. Notson were leaders of the discussion which was warmly taken part in by F. R. Brown, C. C. Calkins, Prof. H. M. James and others. The majority of the speakers did not favor the 1925 fair in Portland, leaving W. W. Smead practically alone in upholding it.

Mr. Smead, who became hoarse and was unable to finish his speech thereby leaving his argument not altogether whole, spoke favorably of the fair because of the advertising benefits to be derived and the considerable sum of money it would naturally bring into the state. He also stressed the need of good camping grounds and other facilities to make the state more attractive to tourists, specially applying this to Heppner. He was followed by Mr. Notson, the other leader, who spoke quite forcibly against the 1925 fair.

"If the program under consideration by present office holders and candidates for office, to cripple our school system and pass a state income tax law, is carried out, Oregon will have become such a moss-back state by 1925 that we will be ashamed to invite anyone to come here," declared Mr. Notson. "If we do have the 1925 fair in Portland, people attending it will find conditions so much better in neighboring states that Oregon will have small chance to hold them."

Mr. Notson was of the opinion that Oregon could not afford the 1925 fair. He advised members of the Brotherhood not to fall for the scheme of "it's Portland's fair, let Portland finance it," for they would ultimately be made to pay their share through Portland markets. What we need now is more encouragement to hard work instead of chances to frolic, such as the 1925 fair, he asserted.

F. R. Brown did not know whether he favored the fair or not, but stated that the only way to lower taxes was to increase the population, and thought that the 1925 fair might help do this. He also said the John Day Irrigation project would be the salvation of the state. Prof. James and C. C. Calkins upheld Mr. Notson's argument quite strongly.

It was conceded at the end of the discussion that it was best for Oregon to pass up the world's fair in Portland in 1925, and it was stated that the Brotherhood might as well call Mr. Meier back from Japan. The next meeting of the Brotherhood, the second Monday in May, will be "Ladies' night," at which time members of the Brotherhood will be accompanied by wives, daughters, sisters, sweethearts or other lady companion. This meeting will end the Brotherhood sessions for the year.

The dinner prepared by the hotel management Monday evening was bounteous, and many good words were spoken in praise of the service of the new management of Hotel Patrick. Mr. and Mrs. Dean fully demonstrated their ability as hosts.

Confectionery and Bakery Are Sold to Condon Man

R. M. Hart and M. W. Hammer have disposed of their two lines of business, located in the Hart building, to H. A. Schulz of Condon, the deal being consummated on Wednesday, and Mr. Schulz is to take possession on May 15.

Mr. Hart has been conducting a confectionery in this city for the past 16 years, and he is undecided as to what he will do when he gets out. He has leased his building to Mr. Schulz for a period of 6 years.

Mr. Hammer, who has been wanting to dispose of the bakery business for some time, will leave Heppner and go to St. Helens, Oregon, where he will work.

Mr. Schulz has been in the grocery and bakery business at Condon for a number of years, is a man well qualified in the business, and he and his family will be welcomed to Heppner.

A marriage license was issued by Clerk Waters on Saturday to Richard H. Quackenbush and Rena Persigehl, who was formerly Mrs. Quackenbush.

Morrow County Athletic Association Needs Funds

The Morrow County Athletic association was somewhat in debt at the close of the school term 1919-1920.

It was the time of the gasoline shortage and added to this a rainy day so that the gate receipts were not sufficient to defray the expense incurred.

During 1920-1921 the track-meet was called off, and no provision was made toward paying off the indebtedness.

This year during county institute, it was decided to hold a track-meet but for unavoidable reasons was found impracticable so that each school that participated decided to plan other means for raising its share.

This week a check for \$15.00 was received from the Hardman schools, being the amount raised through the efforts of the Parent-Teachers organization. This, together with the cancellation of their bill for transportation, is the first to be received and we wish to thank the organization and the teachers for this amount.

The larger schools of the county are making provision for their share which we hope to receive soon so that Morrow county will not be in debt at the close of this year.

LENA SNELL SHURTE, County School Superintendent.

ECHO IS DEFEATED BY HEPPNER NINE

In the initial ball game of the season on Gentry field Sunday afternoon between Echo and Heppner, the former went down to defeat in what is said to be one of the best games yet played on Heppner grounds, by a score of 3 to 4, and Manager Van Marter is very proud of the showing made by his ball tossers. Echo had a good team, and they fought hard to maintain a lead that they had up to the sixth inning, and the victory was by no means a walk-over for Heppner.

Broughton was in the box for Heppner, and Fred Griffin received. Fred had just arrived from the ranch without practice, and was a little soft and not altogether sure of his delivery to second, but the battery was safe, and Broughton proved his ability to deliver a ball over the plate that was hard to negotiate.

Other players on the local team were high school lads, Witcraft at third and Paul Aiken in left field, and they are comers. The Heppner aggregation will be able to give a good account of themselves, we are sure, when other games are called, and on Sunday next they will get a chance to further demonstrate their metal in a game with the lone team.

J. W. Heard demonstrated his ability and knowledge of the game by acting as umpire, and he kept things moving at such a pace that the fans were made to forget the rather inclement weather conditions.

The line-up and score:
Heppner
Broughton p. Thornton
Griffin c. Lloyd
McLaughlin 1st. McNair
Bushav 2nd. Mitchell
Witcraft 3rd. Dorn
Peterson ss. Esselyne
LaDusire rf. Markham
Anderson cf. Stanfield
Aiken lf. Daggart
Runs—Echo 3, Heppner 4; Hits—Echo 3, Heppner 5; Errors—Echo 3, Heppner 3. Time 1 hr. 30 min. Umpire, Heard; scorekeeper, Wilson.

We are sure the play will be good.

Members of Heppner Elks Drove to Fossil for Funeral

Two cars of members of Heppner Lodge No. 358 B. P. O. Elks went to Fossil yesterday to officiate at the funeral of Ernest Gilliland who died in Portland on Monday. Mr. Gilliland, whose home was at Fossil, was a member of the Ashland lodge of Elks, and it was by request of this lodge that the Heppner lodge took charge of the funeral. S. W. Spencer and Chas. Cox furnished transportation by taking their autos.

At the Christian church in Ione on Sunday, Easter services will be held, and there will be a basket dinner at the church, making a continuous service for the day.

Wilbur Browning Purchases Garage from Hill and Johns

A change was made in the management of the Universal Garage in this city on the first of the month, Wilbur Browning taking over the interests of Leo Hill and Dick Johns, who have been running the garage for the past three years. Mr. Johns will continue with Mr. Browning as mechanic, but we understand that it is the intention of Mr. Hill and family to leave Heppner within a month or two, when he has closed up his business affairs here.

Alderdale People Are Interested In Ferry

A hearing was set for 10:30 a. m. last Friday at Boulder station on the O.-W. R. and N. line just south of Alderdale, Wash., at which time the Public Service commission were to consider the application of A. B. Strait made to them through the county court of Morrow county, for a crossing over the railway right-of-way and track at that point.

Being greatly interested in this ferry, which Mr. Strait has established between Boulder, Oregon and Alderdale, Wash., on the Columbia the residents of the latter place had prepared to receive the commission and all other interested parties and visitors in fine style, and the ladies of that community brought across the river in small boats a fine picnic dinner which was spread in a big tent on the Oregon shore of the Columbia, near the ferry landing.

The commission, however, could not reach Boulder, owing to a hearing that was on at Hermiston, so after all day trains going west had passed this point, a delegation was chosen to accompany the members of the Morrow county court to Hermiston, where, on Friday evening, testimony of the railroad company and the petitioners was taken and submitted to the Public Service commission, Attorney F. A. McMenamin of Heppner representing the petitioners.

The establishing of this ferry will mean much to the people of the Washington side, as it will give them an all-year outlet and connect up a large section of the state of Washington with the Columbia highway. The ferry will doubtless be a good paying proposition when once established and open to the traveling public.

E. M. HULDEN FILES FOR LEGISLATURE

E. M. Huldén, prominent resident of Morrow county and extensive wheat raiser of the Blackhorse section, who has been urged for a number of weeks past to get into the race for joint representative from Morrow and Umatilla counties on the republican ticket, this week filed with the secretary of state as a candidate before the May primaries for this place.

He has adopted as his slogan, "Constructive economy and a fairer distribution of the tax burden." His platform contains the following salient points: "Favor legislation tending to eliminate waste in public expenditures, and reduction of taxes wherever possible, consistent with sound public policy; absolutely against county division."

Mr. Huldén is a native Oregonian, having been born, raised and educated in Salem, where, upon finishing school he entered upon a business career with the Capitol National bank. He remained with this institution for two years and then took a position with a banking institution in Portland as assistant cashier and a stockholder and director, and served with this bank until it was sold and consolidated with another banking institution in the city. Selling out his interests of every nature in Portland, Mr. Huldén has been giving his entire attention to his large farming interests in this county, being at present the owner of a tract of wheat land in Blackhorse of 1245 acres. He came to this county four years ago, and through his good business methods has made a success. He has been connected with Farm Bureau organization here since its establishment, as its secretary-treasurer, and he has consistently boosted for everything that tends to the upbuilding of the farming industry.

From a business and educational standpoint, as well as from active business experience, Mr. Huldén has fine qualifications for the place he seeks. From the point of giving Morrow county the representation she is entitled to in the legislature, Mr. Huldén should receive strong support from his home county at the primaries, and he is assured that he will have a strong following in Umatilla county, where the sentiment is strong for giving Morrow county this place on the legislative ticket.

Little Granddaughter of Dan B. Stalter Passes

Dan B. Stalter received the very sad intelligence early yesterday forenoon, that his little granddaughter, Amy Francis, daughter of H. E. and Elizabeth Van Valkenberg, had just passed away at her home at Payette, Idaho, and he was requested to come at once.

The news was a severe shock to Mr. Stalter, who on Tuesday evening had received a letter from his people at Payette and no mention was made whatever of any member of the family being sick.

Mr. Stalter departed for the main line right after dinner, expecting to catch No. 18 at either Echo or Pendleton and arrive in Payette early this morning. He stated that no arrangements had been made for the funeral, and it was probable that when he arrived at Payette it would be arranged to bring the body here for burial.

HEPPNER LEGION AFTER NEW MEMBERS

At a meeting of Heppner Post No. 87, American Legion, last evening it was decided to put on a membership campaign, with a view to getting every ex-service man in this vicinity on the roll. The post needs 16 new members to bring the roll up to last year's strength, and in order to secure this number and as many more as possible, a reduction in fees has been made. Until June 1st new members will be admitted for \$1.75, a reduction from \$3.75, the regular fee. The reduced fee includes subscription to the American Legion Weekly.

The post earnestly desires that every ex-service man, not now a member, avail himself of this opportunity, and join the ranks before June 1st.

Among other things discussed at the meeting last evening was a Harvest Festival, tentatively suggested to be held next September, in the event that the Morrow County Fair is not held this year. Plans were made to send a delegate to the state convention in The Dalles, July 27, 28 and 29, and it was urged that as many members as possible attend the meeting.

It was decided to make the second Tuesday of each month regular meeting night, and all members are requested to keep this in mind and be on hand.

S. E. Van Vactor and R. R. Butler Form Law Partnership

S. E. Van Vactor, who has been a prominent attorney in this city for the past twenty years, has formed a partnership with Judge R. R. Butler, of The Dalles and is arranging to take up his practice there on the first of the coming month. He does not expect to move his family before the close of school.

Mr. Van Vactor came to this decision rather suddenly, as the proposition was put up to him within the past two weeks. He will not withdraw entirely from practice in Morrow county, as he expects to retain a number of clients here and will visit Heppner often in the course of business.

During his residence in Heppner, Mr. Van Vactor has enjoyed a good practice. He has been prominent in public affairs, being mayor of the city and member of the school board, of which he was chairman when the new school building was constructed, and to him large credit can be given for getting the contracts and bonds of contractors in sound legal shape and fully protecting the district. His family have grown up in this city and they have a beautiful home here, and both he and they have formed associations hard to sever.

Mr. Van Vactor is a good attorney; he is forming a partnership with another good attorney, and they will have abundant success, we predict. Van put out his "shingle" in The Dalles when he first began the practice of law and has numerous friends in that city, where he and his good wife and family will be made welcome, though Heppner is sorry to see them go.
