# Home Trade Falls Off

IT ALWAYS SLUMPS WHEN BUSINESS IS UNBUSINESSLIKE.

Most business men have this failing-they are swept off their feet when business booms. We hit prosperity. Then starts the trouble. Everybody buys everything in sight and the merchants are caught in their own trap. They start advertising to beat the band. A riot of selling follows, the merchants OVER ADVERTISE and OVERSELL THE MARKET. Demand for goods keeps up and then comes the trip to the bank to borrow-for expansion.

Then what? Shortage and rising prices-a riot of buying before prices tilt to the top and a wild spree of advertising to keep the game going. Suddenly there comes a halt. Buying slows up, and timid unbusinesslike merchants curtail advertising and the buying halt continues. Then advertising is stopped and business becomes stagnant. When trade needs no stimulus the merchants buy space like drunken sailors, but when trade needs a strong push, they contract.

If business spent one-third the money in advertising when trade is booming and three times the money when trade is poor, business would find
