

Local Happenings

Mrs. Alice Carrie Hornor died at her late residence, 7904 58th Avenue S. E., Portland on Sunday, April 9, at the age of 67 years. She was the wife of D. W. Hornor, and with her husband and family was an early resident of Heppner and they having resided in this city for many years previous to going to Portland. She is survived by her husband and the following children: Mrs. Margaret Keed, John W., Charles T., and Nellie, all of Portland; Mrs. Myrtle Mayes of Prosser, Wash., and Mrs. Belle Parsons of Fort St. Johns, B. C. Burial was in Mt. Scott cemetery at Portland on Tuesday.

H. W. Oliver, who has charge of the work of surfacing the Lexington market road, was in Heppner Monday looking up a house for his family whom he expects to move up from Portland right away. The opening up of a good gravel pit on the Earl Warner place, along side of the market road, took place last week, when a heavy blast of powder uncovered some 18,000 cubic yards of rock. This will be ground into suitable road covering material by the county crusher which is being moved to the quarry from the Rhea creek market road this week.

Patiently waiting for proper spring weather to arrive, Guy Huston of Eight Mile was in the city on Tuesday, accompanied by Mrs. Huston. In all his experience, Mr. Huston pronounces the past winter the longest that he remembers. It was fortunate that most of the people had practically two crops of hay on hand, otherwise there would have been much suffering by livestock. On Eight Mile Monday the weather was cold and it snowed the most of the day. The snow melted as it fell however.

G. E. Moyer, who represents the Calumet Baking Powder Co., of Chicago, was calling on Heppner Tuesday and placed some good orders for his product. Mr. Moyer is a booster for the "Trade at Home" movement, and preaches this gospel wherever he goes—being dead set against the mail order house. His headquarters are at Seattle.

Frank Hopkins of Lone is filling the position of night clerk at Hotel Patrick, having arrived on the job the first of the week. Being one of the crack ball players formerly with the Lone team, he has been pressed into service with the Heppner team by Manager Van Marter, and will add strength to the infield. Hopkins is a strong man at short stop.

Mrs. E. N. Crawford will leave for Portland on Saturday, at which point she will join her daughter, Mrs. L. G. Atherton and her husband on a journey to Fort Worth and Dallas, Texas. They go via San Francisco and Los Angeles. Mrs. Crawford may decide to spend the greater portion of the summer in Fort Worth with her son, Garfield Crawford.

A basket social and barn dance was given at the R. W. Snider farm in Blackhorse on Saturday evening which was largely attended and a good time was had, the financial returns being quite satisfactory. The money raised will be used for some improvements at the school house in District 17.

Mrs. W. A. French underwent an operation for appendicitis at the Moore hospital in this city on last Saturday forenoon, the case being in charge of Dr. C. C. Chick. While still confined to the hospital, Mrs. French is reported to be getting along fine, and will soon be able to return home.

Saturday afternoon of last week Flower Garden class of the Episcopal Sunday school, assisted by members of the church, held a bazaar at the store of Minor and Company. The proceeds, amounting to \$26.38 was given to the Near East Relief fund for the starving Armenian children.

Dr. C. C. Chick left for Portland Tuesday morning, where he will attend a meeting of state and county health officers, Wednesday, Thursday and Friday of this week. He also expects to visit his son Charles at Eugene before returning home the first of the coming week.

Frank W. Smith of Portland, for long years a representative of the International Harvester company, was in Heppner the first of the week and registered at Hotel Patrick. He has made this territory for many seasons.

John Olden, alfalfa and stock raiser of Rhea creek, spent a few hours in the city Tuesday. Everything is backward out his way, but Mr. Olden hopes for better weather conditions from this date on.

Assessor J. J. Wells arrived home on Friday evening from Portland. He had been in the city for two weeks with his young son, whom he had under care of an eye specialist.

HEPPNER HI LIFE

Edited By JUNIOR ENGLISH CLASS

"The Gypsy Rover" Tuesday, April 18, At the Star Theater

Smokeless Smoker An Enjoyable Affair.

The high school gave their smokeless smoker last Friday, for the benefit of the Armenian relief. The boxing match between Francis Doherty and Earl Merritt was a draw and a very fast bout. The fast and snappy match between Russell Wright and Claude Sigbee was a victory for Russel. Edmund Hirl threw "Ike" Dexter twice in ten minutes in a wrestling match. The other wrestling match was between Clyde Witcraft and Raymond Ferguson with Witcraft the winner. One of the funniest matches of the evening was a blind-fold match between Austin Smith and Harold Case, Ray McDuffee and Carl Cason. Each boy had his left arm tied to his side and Cason finally won out. Another comedy was a draw match between Don Case and Paul McDuffee, in which they wore white shirts and blacked gloves. There was also another draw match between Alvin Boyd and Jim Clabaugh. Another match of the evening was between Paul Aiken and Frank Gentry with Aiken victorious. They took in \$25.

Poor Sinfo, he is just as happy as can be until he tells Rob: "It's the same old story. Zara flirts with all the lads, and sings and dances from morn till night and won't give me a chance to tell her how my heart feels." You'll find out just how it all ends in "The Gypsy Rover," with Paul Aiken as "Sinfo" and Coramae Crawford as "Zara."

Grades Raise Quota for Armenian Relief.

As a result of Mr. Handsaker's visit to the school last week the grades have \$65.62 for the Armenian relief fund. They, therefore, have more than enough money to keep a child one year. Their fund is made up entirely of personal contributions and they are to be congratulated on the fact that they have raised the amount so quickly by themselves.

The debate given in the sophomore English class last Friday on "Resolved, that the public service commission in Oregon should be abolished," ended the series of debates which the sophomores have been giving for the past month. The debaters on the affirmative were Bernice Woodson and Dorothy Pattison. Philip Mahoney debated on the negative side. This was an interesting debate and both sides showed that they had tried their hardest to win but Philip had the best points and won the vote of the class.

Last Thursday afternoon the major characters of "The Gypsy Rover" cast had their pictures taken. Many different views were snapped and the students who saw these pictures taken wish to announce to the public that the costumes, as well as the music, will be a treat.

For the past three weeks the pupils of the fourth grade have spent part of their Tuesday afternoons sewing. The girls are making aprons and the boys are weaving baskets. The children like this very much and are progressing rapidly with their work.

Did you think that an Englishman was the slowest person on earth to get the point of a joke? You will change your mind when you see and hear Kyle Cox as "Marto" in "The Gypsy Rover."

Some smiled and some frowned last Wednesday when the report cards for the second six weeks were given out, but everyone feels happy to think there are only thirty more days of "mental torture" left.

"The Gypsy Rover" has been given to large and enthusiastic crowds all over Oregon and has been praised for its fine plot and setting. You will surely miss one of the best musical performances of the year if you don't hear and see "The Gypsy Rover" at the Star theater next Tuesday April 18.

The seniors have just finished studying Public Morals and Recreation in Civics. They decided there were three things Heppner needed, swimming tank, supervised high school dances, and a gymnasium or community house.

If all the prophecies come true that the seniors have been writing, many noted personages will have received their high school education in old H. H. S.

Allen Case isn't afraid, just careful, "doncha know." Come and see for yourself how he really is in "The Gypsy Rover."

Two members of our faculty are unable to "navigate" properly as a result of injuries incurred.

Velma Case as Lady Constance, would shame the nightingales if they could hear her sing in "The Gypsy Rover."

A gay gypsy dance by Dorothy Hill Coramae Crawford, and Paul Aiken adds to a most delightful evening's

performance given at the Star theater, Tuesday, April 18.

Hardman Grade School To Give Program On April 14

The following program will be rendered by the Hardman grade school on Friday evening, April 14, for which special preparation has been made:

- Song, "Spring" 7th and 8th grades
- Recitation, "When the Sewing Circle Meets."
- Dialogue, "Hiring Help."
- Song, "Hide and Seek With Rover."
- Recitation, Bear story.
- Song, "Little Orphan Annie;" "Grow Little Violet Blue."
- Live ads, by 1st, 2nd and 3rd grades.
- Song, "Grown Up Land."
- Recitation, "Almost Beyond Endurance."
- Dialogue, "Ephraim and His Mammy."
- Song, "Beautiful Oregon Rose."

The Fatty Arbuckle trial still drags its slimy length through the California courts. Next to agriculture and gold mining the trying of Arbuckle is getting to be among the largest industries.

Millions In California Gold For Foresighted Investors

Since the days of '49 California has produced hundreds of millions in gold, and for twenty years past its average yearly production has been about \$22,000,000. It easily leads all other states in gold output. Most anybody can have it by digging for it in the right place and in the right way.

Fifty business men and citizens of Richmond, California, all of the highest standing in the community, have purchased a gold mine at Alleghany, in Sierra County, California, which now promises to soon become a wonderful producer of the yellow metal that all the world wants and they offer unit interests in that mine at \$100 each, payable in 25 installments. Deeds to the interest are issued when payment is completed, upon a basis of a valuation of \$125.00 for the whole.

Adjoining this mine on the same 20-foot ledge of ore is the Kate Hardy mine, now one of the famous rich gold mines of California, and whatever the Hardy has, this mine, the Contact, must also have, the only difference being that one is equipped and developed and the other is not, but soon will be. Men are at work now on the Contact, opening up the bodies of gold ore and are taking out good milling values already. Ore from the Hardy runs as high as \$25.00 to the ton, and apparently unlimited quantities. On the other side of the Contact, on the same ledge, is the Gold King mine, also very rich. Thus the Contact is between two splendid gold mines of proven riches.

To raise a \$25,000 equipment and development fund these interests are offered. Half of this fund has already been raised and upon completion no more sales will be made or offered.

Our references are any business man, newspaper or bank in Richmond, California. For full particulars and interesting literature, address
