ACCIDENTAL SHOOT-  
ING OF GUN FATAL

By the accidental discharge of a rifle, Charles Padgett, 21 years of age who was working for Earl Wiglesworth on Butter creek, was instantly killed while out on the range, the body being found late Saturday evening when he had failed to return at the proper time. The bullet from the rifle passed directly through his heart. The body was located about two miles from the ranch, near a camp where the man had been herding a band of sheep. Padgett carried a rifle across his saddle, and investigation made by officers led them to believe the gun was accidentally discharged when he was dismounting or removing the rifle from the scabbard.

The body was left where found and Coroner Case summoned from Heppner, and in company with Sheriff McDuffee and Dist. Atty. Notson repaired immediately to the scene of the tragedy. The body was brought to Heppner after a coroner's jury rendered a verdict of accidental death.

Mr. Padgett came here a few months ago from Galax, Va., where he leaves a wife and one child. The body was prepared for shipment and on Wednesday was started on its way to Virginia, Kyle Cox, who was returning to his home at that place, accompanying the remains.

E. P. Dodd of Hermiston was in Morrow county yesterday calling on the voters in the interest of his candidacy for joint representative. He states that the contest in Umatilla county revolves around Ku-Kluxism. He is opposed to the Ku Klux program. He is a taxpayer in both Umatilla and Morrow counties and advocates tax reduction wherever possible and practical, adjustment in favor of real estate which bears so heavy a burden. He is opposed to any effort toward county division and very much in favor of north and south roads.

Editor Sam Pattison of the Herald was a passenger out for Portland yesterday morning, thither bound on business.

## LEXINGTON P.T.A. REPORT

The Lexington Parent-Teachers association met Tuesday evening, May 8, at the school house and elected the following officers for the coming year: president, Mrs. F. R. Bennett; vice president, Mrs. Maude Pointer; secretary, Mrs. Geo. Garrett; treasurer, Mrs. John Carmichael.

The following committees were appointed: membership, Mrs. Karl Beach and Mrs. Lee Reaney; social, Mrs. Ola Ward and Mrs. Ed Barnett; program, Miss Dona Barnett, Mrs. W. G. Scott, and Miss Thompson.

During the school year, the Lexington P. T. A. has purchased a standard oak chair for the fifth and sixth grade room, three standard pictures, framed, size 20 x 26. It also installed a free library from the Oregon State Library, provided music for the Baccalaureate exercises, rented a piano for several months for the benefit of the school and put on a series of free educational films and slides during the winter months.

The association has enjoyed address from the following speakers: "Good Citizenship," Mr. Notson of Heppner; "Pure Literature," Mrs. Livingstone of Heppner; "Boys," Mrs. Lyons of Portland; "Play, and It's Place in the School," Mr. Curfman of Lone; "Visual Education," Mrs. Shurtz of Heppner; "Health," Miss Bunge and Miss Schreyer.

The February meeting was very helpful and interesting, the subject being "Child Legislation," and the various phases of the question was ably discussed by members of the P. T. A.

The association has given one basket social during the year, and the lone high school orchestra gave an evening's entertainment under the auspices of the P. T. A. The proceeds of both affairs were used to finish standardizing the grade school.

A reception will be given in the fall to the new teachers.

The president has had very loyal support during the year, especially in the large attendance, and urges that each member continue to make the association a success.

FOR SALE—One 1918 model, used Dodge car. See Cohn Auto Co., Heppner.

## First Christian Church

May 14, 1922.

Plans for the new church have been adopted, and the architect employed. We will begin operations soon, when things will begin to hum in real earnest, the same zeal in God's work as in our own. In regarding God's best interest we are best remembering our own.

Mother's Day.

will be observed on Sunday morning, and Mrs. W. O. Livingstone will preach. Bible school 10, preaching and communion at 11, Intermediate C. E. at 4, Senior C. E. at 7. In the evening a union Baccalaureate Service will be held at the Federated church. Everyone of course cordially invited to all of these services. Come and worship with us.

LIVINGSTONE.

A portion of the store room in the I. O. O. F. building formerly occupied by Minor and Co. is being partitioned off this week and the part on the south side of the building will be occupied by Frank T. Harwood, a jeweler, who will arrive soon from Portland.

Health, Happiness Through  
Good Care of the Teeth

(By Roy Lindstrom, 8th Grade.) Health and happiness go hand in hand, for in perfect health the ordinary functions of life are performed without conscious effort. Merely to be alive is a source of enjoyment.

A large portion of illness is due to the ignorance of the laws of hygiene. While knowledge in itself is not sufficient to insure good health, knowledge reinforced by a strong desire or enthusiasm by self-control and perseverance will certainly go a long way in obtaining it.

In order to be healthy one has to be properly nourished; and the teeth play a most important part in preparing the food for the use of the body. If the teeth are decayed, sore and tender, they cannot chew the food properly; or if some teeth are gone the chewing of food is interfered with.

Food that must be well chewed has the effect of exercising the teeth and jaws, exciting the flow of saliva and the secretion of the gastric juice. Also the organs of digestion require material that will stimulate the activities for which they are designed. So pre-digested foods should be partially avoided.

Teeth become decayed and loose through neglect in cleaning them, lack of exercise, and disease. Sometimes children's teeth are started on the road to destruction before they are old enough to care for the teeth themselves. So the mothers should be made to realize how important it is to brush their teeth for them until they can do it for themselves.

Many serious diseases have their origin in infection arising in decayed teeth. And as in other matters of hygiene prevention is preferable to cure. One cannot expect to attain perfect health without patient effort. So by carefully tending sound teeth and submitting them to examination by a dentist impairment may be deferred and trouble avoided.

Grain Growers Will Meet  
May 19th at Heppner

All members of the Oregon Co-operative Grain Growers who reside in Morrow County will get together for their annual meeting on Friday, May 19th at 2 p. m. for the purpose of electing their district delegates, and transacting such other business that should come before a regular meeting of that organization.

In order to avoid confusion it is well for each member to bring his ballot ready to vote and in case the members desire to discuss the situation they can do so and vote at the meeting. The success of a cooperative association depends upon the interest which its members take in its success. The by-laws provide that the members shall elect the district delegates who in turn elect the directors, who in turn select the manager. It is highly important that the members elect the proper men for district delegates and this meeting is arranged for by the by-laws of the association for that very purpose.

C. C. CALKINS, County Agent.

C. W. Shurtz of Heppner spent a few days here this week looking after business. Mr. Shurtz is about as much at home in Arlington as in Heppner and likes to visit his old friends.—Arlington Bulletin.

On Sunday, May 7th, a boy was born to Mr. and Mrs. Phil Brady of Lone, Dr. McMurdo being in attendance. Mrs. Brady was formerly Miss Blanche Minor of this city.

Your woolen blankets carefully laundered with Lux or Ivory soap, as desired. Lillian Clogston. 1tp.

BROTHERHOOD HAD  
VERY FINE MEETING

There was a very fine meeting of the Brotherhood at Hotel Patrick dining room on last Monday evening, when the ladies were present in force. The usual good spread was set before the members and their guests by the management, and after the repast a splendid program was rendered, in which the ladies had a prominent part. Numbers on the program were heartily enjoyed and much enjoyed. The address of welcome to the ladies was made by F. A. McMenamin and responded to by Mrs. W. O. Livingstone. S. E. Notson and E. M. Hilden were other speakers. The annual election of officers resulted as follows: J. A. Waters, president; W. O. Dix, vice president; A. M. Phelps, secretary; Paul Gemmell, treasurer. This is the last meeting of the season. The Brotherhood has had a successful year, and promises to go on to better things for the coming year, meetings to be resumed in September.

Purchases Millinery Business Mrs. E. E. Clark this week purchased the millinery business of the late Mrs. Frankie Luper, and has taken charge of the same. Mrs. Clark has been engaged in the mercantile business in Heppner for a number of years, having a place in the dry goods department of Thompson Bros., and is well versed in this line. We bespeak for her success in this new venture.

Hear, ye voters of Lexington and vicinity! The ladies of the Congregational church of Lexington will serve hot meals consisting of baked beans, hot coffee, salad and sandwiches and home made ice cream with angel cake, during the afternoon and evening of May 19, election day at the Ladies' Aid rooms.

A rest room will be provided for the tired lady voters.

Hilden Claims Morrow  
County Should Have Place

E. M. Hilden of Heppner, candidate for joint representative from Morrow and Umatilla counties, was in town yesterday. He bases his campaign on the right of Morrow county to have representation. The joint representative is the only state office sought by Morrow county and that county is entitled to some representation. It would be an injustice to deprive Morrow county of that office.—Echo News.

FOR SALE OR RENT: I am offering for sale my 1921 residence property in town Heppner; patent toilet in house; good cellar and wood shed; large chicken house and park; will sell, lease or rent by the month; \$15 per month or if taken by the year, \$12 per month. Enquire of Tom Boyd, Heppner or write MRS. JOSEPHINE SCHEMP, Hood River, Oregon.

A. M. Zink and son were in Heppner on Friday from their farm home northeast of Lone. While grain is coming along pretty well, Mr. Zink feels that it would prosper better with warmer weather—and an occasional shower of rain.

For Joint Senator To the Republican Voters of Umatilla, Union and Morrow counties: I respectfully solicit your support in the primary election on May 19th for the nomination on the republican ticket for Joint Senator of the 19th Senatorial District.

I have lived in Umatilla county for the past thirty years and am a taxpayer in each of the counties comprising this district. I have been a faithful worker in the republican party for the past 25 years and an active and consistent supporter at all times of the nominees of my party.

If returned to the legislature I will give the same loyal service to my constituents that I rendered in 1913 and 1915 sessions and will devote my entire time to the interests and wishes of the people in Umatilla, Union and Morrow counties.

For platform and public policy I stand for retrenchment and tax reduction proportionate to the lower prices of labor and farm products and think the present plan of highway and market road construction should be continued until a good and sufficient system is provided for all parts of the state.

Thanking you in advance for any assistance you can give me in the primaries and with a promise to return my gratitude in service, I remain, Yours, truly, J. T. HINKLE.

## Umatilla Co. Candidate Here

Alfred J. Smith, republican candidate for nomination for joint representative, Morrow and Umatilla counties, was in Heppner a few hours on Friday accompanied by W. O. Staver, K. G. Warner and E. B. Casteel, prominent citizens of the Pilot Rock country where Mr. Smith has extensive sheep and farming interests. Mr. Smith was not making any campaign speeches while here, but was quietly getting acquainted with our people with whom he made a favorable impression. Mr. Smith is one of the solid, substantial citizens of our sister county, and if he were nominated and elected would make a dependable legislator, this much can be inferred from what the gentlemen were with him had to say, and we are assured by them that Mr. Smith is a man of very high standing among his home people, having lived all his life in Umatilla county.

Rev. C. W. DuBois will conduct services at the Episcopal church in this city on Sunday, May 14, both morning and evening.

Valuable Potato Bulletin Is  
Now Available to Farmers

A small circular just out entitled, "Seed Potato Improvement," which deals with the selecting of seed potatoes, treating them before planting, cutting the seed, etc., to get greatest returns is a mighty valuable little bulletin and can be secured for the asking from the county agent's office.

We also have another bulletin entitled "The Principle Stock Poisoning Plants of Oregon." We only have a limited supply of these bulletins and those interested in securing their copies should either write or phone at once.

C. C. CALKINS, County Agent.

Elmer Griffith was up from Lone on Tuesday and while here posted bills announcing a hard times dance for the benefit of the lone American Legion post to raise funds for preparing the auditorium in lone for the entertainments of the Legion. The dance will be given on next Saturday evening, and a feature will be a handsome prize to the toughest looking couple on the dance floor.

Report was received here the first of the week conveying the sad news of the death at her home in Moscow, Idaho, of Mrs. Helen Lyons, formerly Miss Helen Morgan of this city. She leaves a husband and five small children, the youngest an infant of a few days. Mrs. W. L. McCaleb, a sister, left for Moscow immediately upon receiving news of the very serious illness of Mrs. Lyons.

There will be Mothers Day exercises Sunday, May 14, at the Federated church. Sunday school at 9:45, Junior Endeavor at 5 p. m., Senior Endeavor, 7 o'clock. Special sermon for mothers at 11 a. m.

Dan Summer and Chas. Johnson, residents of Lexington, were visitors in this city on Friday.

Tuberculosis Test Given Many  
Dairy Cows in the County

During the past week County Agent Calkins with Dr. Derflinger, deputy state veterinarian, gave the tuberculosis test to 440 dairy cows in Morrow county, the larger number of these being on the Boardman project. Out of the number tested less than 3 per cent reacted, showing that the milk stock of the sections where the tests were made are in excellent condition.

The work will be continued throughout the county just as soon as a complete list is made up at the office of the county agent. In order that the list may be completed as speedily as possible, every cow owner in the county should list his stock promptly at the office of Mr. Calkins. If you are selling milk it is required by law that the cows be given the tubercular test.

## LOCAL NEWS HAPPENINGS

Mr. and Mrs. J. T. Hinkle of Hermiston were in Heppner yesterday, Mr. Hinkle being in Morrow county this week in the interest of his campaign for joint senator. They left for home today and Mr. Hinkle expects to go on over to Union county to continue his campaign work. They met a number of old-time friends in Heppner, Mr. Hinkle having been a resident of this part of the state for many years and having property interests in all three counties he seeks to represent. He has been active in republican politics for the past 25 years, and was a member of the legislature from Umatilla county in the session of 1913 and 1915, and should be elected to the position he now seeks, he promises to give much attention to the needs of this end of his senatorial district, as Umatilla and Union counties will each have their hold-over members in the senate in the persons of Bruce Dennis of La Grande and Roy W. Ritter of Pendleton.

A. H. Nelson of Waltersville, Ore., was here last week looking after his Morrow county interests. He was accompanied by A. C. and Ross Chrisman, Mrs. Nelson's grandfather and cousin. Mrs. Nelson's grandfather was at one time a wheat grower in Morrow county. It has been 26 years since he moved away and he saw that many improvements had been made in that time. He came across the plains in 1853 with an ox team, taking six months to make the trip. He is now living on a donation claim that he has lived on since 1862, with the exception of the five years that he resided in Morrow county.—Lone Independent.

Heppner ball team and fans journeyed to Condon Sunday, where, amid wind and dust the locals went down to defeat in an uninteresting game, the score being 10-14. Because of the cold wind and excessive amount of dust it was hard for either team to do good work. Manager Van Marter has arranged for a number of games, and next Sunday Lexington will play Heppner at Gentry field and the Sunday following Arlington will come here for a game.

The new concrete garage at Lexington is now nearing completion and is a fine structure. It was erected by E. Nordyke and the building has been leased by Messrs. E. A. Kelly and Robt. Jordan, experienced auto repair men and machinists, who will soon have their machinery installed and the garage ready for business. The building is conveniently located on a side street north of the highway, and the boys will no doubt enjoy a good business.

The grades of Lexington public school will have an exhibit of school work the afternoon of May 19 at the school building. The exhibit will consist of sand board scenes of the different countries of the world, booklets of picture study, geography and hygiene, maps, drawings and specimens of Palmer penmanship and a display of Palmer pins received this year. All parents and anyone else interested are cordially invited to be present.

S. E. Van Vactor and wife motored to The Dalles the past week to arrange for moving the family there when school is closed here. We understand that Mike Curran has purchased the Van Vactor property here, trading therefor his residence property in The Dalles. Mr. and Mrs. Van Vactor expect to be located in their new home by about the first of June.

Pat Foley of The Dalles, proprietor of Hotel Patrick of this city and Hotel Dalles at the Wasco county seat, was in this city the first of the week, accompanied by his auditor, Kenneth Evans.

BUNDLE DAY TO BE  
WEDNESDAY, MAY 24

The local campaign being organized for the collection of clothing for the near-naked of the Near East is part of the state-wide and nationwide movement. Volunteers have been enlisted and the campaign organized in practically every community in Oregon.

One pound of clothing for every person residing in the state is the suggested quota of spare clothes to be collected on Bundle Day, May 24. Churches, clubs, schools and many other organized groups are collecting clothing emphasizing the need of providing warm winter clothes for the protection of war-orphan and refugees in the Near East and Southeastern Russia.

"Warm clothes and shoes have to do double duty in the Near East," says J. J. Handsaker, State Director of the Near East Relief, who traveled extensively in that section last summer. "Not only must they keep out the wintry winds and snows out of doors, but inside the house they are called upon to replace furnaces and stoves, for the scarcity of fuel makes every day an ordeal in many of the Near East orphanages."

It is not too much to ask the people of Oregon to take a trip to their attics on Bundle Day and lay aside their cast-off garments to help clothe the near-naked of the Near East. Good is being done, on the other hand, by offering the American people the opportunity to clean out their closets of useless garments, the warmth of which will save lives in the Near East.

Take your bundle to the nearest Bundle Station, or send directly to Near East Relief, Portland. Bundles should reach Portland not earlier than May 24th or later than May 30th.

Oregon Voter Endorses  
Starkweather for Governor

Of all the various democrats mentioned for governor, none has the record for old-fashioned common sense executive ability that can be shown by Harvey G. Starkweather. He does not play to the galleries with sob eloquence and he does not follow fads and fancies. When Walter Pierce was flitting with the Non-Partisan League, at a time when it looked like the league might cut a figure in Oregon, Starkweather condemned it from the start. Later Pierce condemned it. When so many grange leaders were fighting the state highway program Starkweather helped lay the constructive foundations for what has resulted in our present state highway system. He was a powerful influence in enlisting grange support in its behalf, and in spite of the bitter opposition of most of the grange leaders. Starkweather is a dirt farmer who by thrift and business ability built up his properties to the point that he was able to acquire profitable holdings of Portland and other cities, which shows that he is a good business manager as well as a heavy taxpayer. Starkweather is a solid citizen with deep convictions, lots of determination and a lot of horse sense. He would be a strong candidate against whomsoever the republicans nominated and would make a good governor for Oregon.—Oregon Voter.

E. C. Heliker of Lone returned to his home near Lone on Sunday after having spent a couple of weeks in this city under the care of a physician. While not entirely well, Mr. Heliker felt that he could get around sufficiently to look after his affairs on the farm, and in due course of time be able to tackle the work again.

A PRACTICAL MAN FOR A PRACTICAL JOB

**WILLIAM A. DALZIEL**

Republican Candidate for  
**Labor Commissioner**

Primaries May 19, 1922

31 years in Oregon.  
10 years Deputy Labor Commissioner, under Mr. Hoff, in Eastern Oregon.  
18 years a practical mechanic.

I have known Mr. Dalziel for many years, both personally and in his official capacity, and can give him my unrestricted recommendation. Truly "A Practical Man For a Practical Job."

E. P. Dodd for Joint  
Representative

E. P. Dodd, of Hermiston, has lived in Umatilla county for 24 years. He was born in Idaho. Grew up on a cattle ranch as a buckaroo. Quit and went to school. Graduated Indiana State University 1907. Editor of Pendleton Tribune 8 years. Help start Hermiston. 9 times elected president of Commercial club. Served 4 years on library board. Member legislature 1919 and 1920. Sent as special delegate to Washington, D. C. in 1920 to secure approval of McKay Creek Reservoir that will irrigate 20,000 acres in Umatilla and Morrow counties. Father of town of Boardman. Has large alfalfa farm near Umatilla. Lives on 14 acre orchard tract at Hermiston. Is married and has two children.

## STATEMENT TO MORROW COUNTY VOTERS:

He has no platform but makes the following statement:

**TAXES**—I believe that the legislature should set a public example in general tax reduction and that this example should be followed by budget makers in counties, cities, school and road districts and by the people under initiative action and in private affairs. Reduction can be accomplished also by readjustment of land values and placing hidden sources of wealth on tax rolls. It can be further accomplished by appropriating less money, by requiring greater service and efficiency of public employees, and by placing people in public trust who are known to have the public welfare at heart.

**COLLEGES**—I favor maintaining the State University, the Agricultural College and State Normal School by the millage tax only, and that all university and college extension work, where possible under the law, be held within the provisions of the millage law. It was the intention of the makers of the millage law to stop log-rolling for special appropriations.

**ENFORCE LAWS**—I shall uphold all lawful effort to enforce prohibition laws and I favor jail sentence for first offense moonshining, and rigid laws against narcotic evil.

**FARM BUREAU**—I am a member of the Farm Bureau and believe in its purposes and those of the farm bloc. I believe in the work that creates new varieties of wheat and resistance to smut, increasing the output and production of our grain (Paid Advertisement)

cered. I am for high grade, healthy cereal, and the expense necessary to protect our boys and girls from unsanitary milk and butter. I believe in market roads, rural service and other contributions to the welfare and contentment of farmers and their families.

**GUARD EASTERN OREGON**—I shall guard and advance the interest of these counties and eastern Oregon. In my experience in the legislature I found it necessary to keep a vigilant eye on Portland and western Oregon legislators whose knowledge of and sympathy for eastern Oregon is no more than that the skyline of the Cascades bounds their legislative horizon, and the eastern Oregon empire is to them a foreign land.

**AMERICANISM**—I believe in Americanism, the rights of free speech, free press, and the open forum of public discussion; in actual religious freedom and in the full privileges of the foreign born to seek a home on our shores, and citizenship under the red, white and blue. I am against the purposes of the Ku Klux Klan to gain control of the Republican party in Umatilla county and I am opposed to Invisible Government and Ku Klux Klan program. I was born in this country four generations or more ago, and was reared in a Methodist grade and contributed to the Methodist church, and I am a Mason.

On such a footing of Americanism I stand a defender of the rights of every citizen of foreign birth to claim freedom of our laws, and am against his being classed as an out-cast because of his blood or birth (Paid Advertisement)
