

Church and Club Women Working For Bundle Day

Club and church women are actively engaged in promoting the Bundle Day Campaign designed to collect and ship spare clothing to help clothe the near-naked of the Near East.

The campaign has national, state and local endorsement from clubs, lodges and religious groups because of the piteous appeals coming from the war-torn areas of the Near East.

The committee is asking for coats and suits for men, women and children, overcoats, shoes, cotton, and wool stockings, cotton and wool dresses, knit underwear, the heavier the better, blankets and quilts and everything else that will give warmth in winter or service in summer.

Deliver bundles early at the local station or send directly to Near East Relief, Portland. Clothing must reach Portland not before May 24th, nor later than May 30th.

HALL For Governor A vote for Charles Hall, of Marshfield Coos Bay, Oregon, is a direct vote for Lower Taxes If elected, Charles Hall will put into operation the Illinois System, namely, 10 commissions to run the State Government, instead of the 70 commissions now functioning. He Stands for a Clean AMERICAN Business Administration.

VOTERS: Ralph E. Williams Republican National Committeeman Insists that his campaign be clean, fair, instructive and impersonal

Ralph E. Williams has served as Republican National Committeeman for Oregon until he is the senior member of the Committee.

In June, 1921, at the Committee's first meeting after the inauguration of President Warren G. Harding, every state cast its vote for Ralph E. Williams of Oregon for Vice-Chairman of the Committee, recognizing by their unanimous vote his fitness and ability as a leader to fill this responsible position.

This distinction gives to Oregon and the Pacific Coast much power and influence in party affairs.

Does the character of the campaign of the opposition lead you to think that you can get this kind of influence and power in National Councils by the election of their candidate?

A National Committeeman does not make appointments—that is done by the President; nor does a National Committeeman legislate—that is the function of Senators and Congressmen; the business of a National Committeeman is to give attention to the affairs of the Party as an organization. In this Ralph Williams has made a conspicuous success. Had there been any legitimate reason why Mr. Williams should not be re-elected, or any doubt as to his loyalty and service to the party or its candidates it would have appeared in previous elections and before he had shown the value of his services to the party by being unanimously elected Vice-Chairman by the National Committeemen from the forty-eight States.

After Ralph E. Williams harmonized the party why try to disrupt it?

By all rules of fair play, because of the work he has done in the past, he is entitled to re-election.

Having no legitimate reason for opposing his re-election, the opposition has circulated unfair, misleading and poisonous statements.

We do not wish to insult your intelligence or your sense of fairness, and regardless of what the opposition has done or may do in an eleventh hour attempt to impose its poison upon you, there will be no disposition on Mr. Williams' part to adopt their unclean methods.
