CHAUTAUQUA IS AN INSPIRATION TO EVERY COMMUNITY; HEPPNER WANTS IT AND THE PEOPLE NEED IT. DECIDE NOW TO ATTEND EVERY NUMBER ON THE PROGRAM

Chautauqua Time Is Building Time

June is the best month in the year to start building operations and June this year is an extraordinarily good time to begin, for lumber prices are lowest in years and more can be done for less money than has been possible for a long time.

We are prepared to fill all your lumber requirements, whether you are building a chicken house or a residence, and our FREE PLAN SERVICE will help you decide how you want it built.

COME IN AND TALK IT OVER

FUEL

It may seem a little out of order to speak of fuel at this time of year, but **NOW** is the best time to lay in your next winter's supply of wood and coal. You are sure of getting it now, and the price is no doubt lower than it will be when next winter's icy blasts commence to blow.

ARE YOU PROTECTED?

Growing grain means good financial returns only so long as it is allowed to grow and mature. But burned-out or hailed-out grain means a big loss unless it is insured.

Hail and fire insurance on your grain costs so little that the risk in going without it is too great to take.

I will be pleased to make your investment in growing grain safe for you.

Come in and see me.
