Wm. Hendrix is laid up at his home on Rhea creek, suffering from injuries he received one day last week when thrown out of his rig. He was preparing to go on a little trip over into Umatilla county with a bunch of mules, and had hitched up a span of young mules to the hack and climbed in to drive them around. They became frightened and started to run, going under a telephone wire that was hanging low, which struck Mr. Hendrix and threw him out on a pile of rocks. He received three broken ribs, a badly cut head and other injuries of a minor nature, the team continuing on until the rig was demolished. Mr. Hendrix had his injuries patched up and has been confined to his bed since, his recovery being rather slow.

First Christian Church June 25, 1922.

"Anything that makes religion a second object, makes it no object. He who offers God a second place offers him no place," says Ruskin. Offer God the first place by coming to church Sunday morning, giving up for Him, any pleasure program for the day.

Bible school at 10 o'clock, Communion and preaching at 11 o'clock. On account of the Chautauqua there will be no evening preaching services but the Christian Endeavor will hold its service in the park at 7 o'clock sharp. You are invited to all these services.

LIVINGSTONE.

Vawter and Spencer Crawford of the G. T. force motored into the Pendleton, Milton-Freewater, Walla Walla and Watsburg sections on Friday, returning home Sunday. Grain and fruit crops over that way are coming along fine but it is not expected that the yield will be so abundant as last season. That country is mighty pretty to look upon just now. Coming through the north end of Morrow county it was noted that the crops are maturing well and look fine, promising good yields. By comparison, our own county does not look so bad this season.

Heppner people in the city this week included J. G. Doherty, Margaret and Nora Doherty, B. A. Taylor and Oscar Taylor. They were guests at the Hotel Condon.—Globe-Times.

Tamburica Melodies Will Charm Chautauqua Folks

Jugo-Slav Orchestra With Native Instruments Will Play and Sing in Unique Program on Third Day—Classical Numbers and Native Melodies Featured

If you have never heard the delightfully fascinating music of the Tamburica, your musical education has not been completed by a long way. The Tamburica is the household instrument of the Jugo-Slavs. It possesses an exquisite sweetness of tone and a volume in ensemble that is most surprising. The Jugo-Slav Orchestra with their Tamburicas in half a dozen different sizes will prove one of the most interesting and enjoyable features of the coming Chautauqua assembly. The singing of their native melodies with Tamburican accompaniment is a musical picture you will not soon forget. The most difficult operatic overtures, as well as the light popular numbers of the day, will be given. Chautauqua—third day.

School Meeting Monday—Mrs. Huston Elected Director

At the annual school meeting held Monday afternoon, Mrs. E. R. Huston was chosen director to serve for a period of three years and Vawter Crawford was re-elected clerk.

As is usual in Heppner, but little interest was manifested in the meeting and very few attended. W. G. McCarty, chairman of the board for the past year was present and presided and after hearing the minutes of the last annual meeting and the reading of the report of the clerk, nominations for director were declared in order. W. G. McCarty, Mrs. E. R. Huston and Mrs. T. J. Humphreys were placed in nomination, the choice going to Mrs. Huston almost unanimously. Mr. McCarty had served on the board for the past six years and did not desire to be re-elected, feeling that he had performed his full duty to the patrons of the school district in this particular. There was no opposition to Crawford for clerk.

All the Chautauqua guarantors, committees, and others interested are requested to meet at the big tent, Friday evening, at 7:30. This is a most important meeting. Be sure to be there. LIVINGSTONE, Chairman.

Ad-Carnival and Bazaar of Christian church open Friday and Saturday from 1 to 8 p. m.

Very Fine Strawberries Are Grown Down Around Cecil

Mrs. Jennie Lowe of Cecil kindly remembered this office with some very fine strawberries one day the past week, sending us a sample from her supply that she was canning and preserving, and informing us that they were grown on Willow creek and wanted us to see what was being produced in this line right at our door. We are frank to say that for color, size and flavor they cannot be excelled. The berries were of the "Improved Oregon" variety and raised by Geo. Henriksen on Strawberry ranch near Cecil. Mr. Henriksen has been able this year to turn off quite a quantity of these berries for canning and preserving and we hope that he will expand his business to such a point that he may be able to supply the principal part of the trade up and down Willow creek in future seasons. No better berries are produced in any of the famed strawberry sections of the Northwest than these and it would be a fine thing to have all the money going out from points on the Heppner branch for this fruit every year remain here. We thank you, Mrs. Lowe, for this fine treat and congratulate you on being a consistent booster for Cecil and its products.

CIRCUS COMING HERE SATURDAY, JULY 1ST

That time honored yet magical phrase, "are you going to the show?" is the query most frequently heard these days upon every hand both in Heppner and for miles out into the surrounding country. The world famed Howe's Great London Shows are responsible for the question, arrangements having been completed for them to exhibit Saturday afternoon and evening, July 1, in Heppner.

The small boy and girl are correspondingly happy and it goes without saying that their elders have the day marked on the calendar, too. Fresh from triumphs abroad, the Howe's Great London Circus has greatly augmented their shows in every department. This season their spread of canvas covers an area of about nine acres and when erected the big tent alone affords comfortable accommodations for 12,000 persons. Overlapping the three big rings, three elevated stages and vast hippodrome track is a veritable maze of trapeze rigging, bars, rings ropes and apparatus upon which dauntless queens and kings of the air twice defy death in entertaining the thousands of patrons. Over 300 men, women, children and educated animals are employed in the presentation of the astounding program. From the first to the last number, act follows act in rapid succession and with such precision and skill as can only be found in Howe's Great London Shows.

Throughout the performance as many as fifteen separate features are simultaneously presented on the ground or in the air and one is kept right busy in watching the myriad of wonders. An important department, free to all who attend the big show, is the triple menagerie which is unquestionably the largest and most complete traveling zoo known. The mammoth tent in which this is exhibited is filled with rare and costly specimens of animal life from all quarters of the globe, captured and shipped direct to these shows by the Howe's Great London Shows own special agent. A visit to the display will prove of far more interest and educational value than a tour of the best known zoological garden in this country or Europe.

A little birthday party was tendered Anabel Turner on Monday afternoon by her mother, Mrs. F. W. Turner, the occasion being in honor of her 6th birthday and a few of her little girl friends were present and enjoyed a delightful time. Anabel received many nice remembrances, chief among which was a canary given her by June Anderson, little daughter of Mr. and Mrs. Gay M. Anderson, whose birthday occurred on the same date, and Anabel is very proud of this gift.

John Byland was down from Hardman yesterday, his first visit to Heppner in six years. Things have moved ahead some in this old town since he was here last.

"40 AND 8" LOCALE INSTITUTED FRIDAY

Heppner Post No. 87, American Legion, was visited by a "wrecking crew" from The Dalles on Friday evening and about 24 members of the Heppner and Ione posts received their induction as charter members of Voiture Locale No. 259 of the society known to ex-service men in France as the "40 and 8." The delegation from The Dalles was headed by Pat Foley and J. T. Henry, who had with them a husky bunch of ten other buddies, armed with all the authority, ammunition, accouterments and instruments of torture necessary, as well as abundant ability to deal out the proper amount of misery and torture to the initiates, and it is reported by those going in that they received every ounce that was coming to them, and then some. In fact, we are informed that a large number more who expect to join the "40 and 8" are just about to back up, feeling that the "zero hour" is just about a little too much for their moral courage; they would just a little rather prefer going up against the "bursts and duds" as they once did on the front in France than to face these more modern "enemies." However, there is material left for the new locale to work on and another big time is expected to come off soon.

Those initiated Friday night were Jas. F. Cook, Fred E. Farrior, Ray M. Rogers, Harold Cohn, Walter E. Moore, Stephen M. Irwin, Harry Hawley, Alva Jones, J. E. Higley, F. R. Gremba, Glenn Jones, Paul Gemmill, L. D. Clabough, James Mollahan of Heppner; Dr. Clyde R. Walker, Chas. S. Dane, James Houck, Omar Britain, W. E. Cochran, E. G. Sperry and Jack Farris of Ione.

The officers elected are Harold Cohn, Chemme de Far; Dr. Clyde R. Walker, Chemme de Train; Fred E. Farrior, Correspondent Locale; John Higley, Commissaire Intendant.

Miss Woodson Receives 100 Per Cent Mark In Bible Study

A letter received this week by Miss Margaret Woodson, daughter of Mr. and Mrs. C. E. Woodson of this city, from State Superintendent Churchill, informed her that she had passed 100 per cent in the examination given in the Bible study course for which credits are given in the high schools of the state. Miss Woodson was congratulated by Supt. Churchill on her achievement of a perfect score in this examination, she being the only pupil in the state making this high marking, and in this honor Heppner high school shares.

Three hundred pupils took this examination in the New Testament, 76 only passing, and 222 wrote the examination on the Old Testament with 69 passing. Miss Woodson wrote on the New Testament examination.

Mrs. C. E. Woodson conducted Bible study work in her class at the Federated Sunday school and two other members of her class, Ray McDuffee and Charles Notson also passed in this examination.

Famous "Type" Characterist Coming A. Mather Hilburn, Often Called "The Master Entertainer," to Be Enjoyed at Chautauqua

A. Mather Hilburn, noted characterist, is coming to Chautauqua the first night to present, with the aid of wigs and grease paint, his famous "types," that have won for him the appellation in the East, "The master entertainer." He will hold the mirror up to nature for you and you will laugh with him—and cry with him—for comedy and pathos are delightfully interwoven in his program. He is an artist of the first rank. A born actor, he breathes into his characters his own fine spirit and love of humanity. His "Bachelor's Romance" is one of the finest character delineations ever presented, but there are so many good things in store that it is hard to select any one particular feature.
