

**Licenses Must Be Renewed**

At this time of the year all physicians, dentists, druggists and others permitted by law to sell, dispense or prescribe narcotic drugs are required to renew their registrations by filing application therefor with the Collector of Internal Revenue and paying their special tax. Blanks and instructions were sent out to all registrants by the Portland office on May 20th.

"Returns for registration have not been coming in very promptly," said Clyde G. Huntley, Collector of Internal Revenue, and he urges all those who are affected by the provisions of this law to send in their applications and tax with as little delay as possible. "I am sure," continued Mr. Huntley, "that when physicians, druggists and dentists realize that if they do not complete their registrations before July 1st, they will be prohibited from possessing, selling, prescribing or dispensing narcotic drugs, they will make every effort to respond promptly to the request sent out on May 20th; and at the same time they will be conferring a favor upon the Collector's office by relieving the congestion which occurs at the end of June."

**Farmers Picnic Field Sports**

The field sports given at the farmers picnic on last Thursday afternoon at Gentry field, drew a large crowd and each event was exciting and interesting. Promptly at 1:30 the program was opened, and from that hour on till about 5:30 there was something doing all the while.

Perhaps the most exciting combat of all was the potato race on horseback. Two teams of five mounted on good steeds and armed with pointed poles for spearing the potatoes were opposed to each other. The teams were from Blackhorse and Rhea Creek. A box in mid-field contained the potatoes and the riders raced up to this box, speared their potatoes and flew away to the goal box placed at each side of the field—not an easy thing to do, but exciting all the while. Rhea Creek won in the count at the end of five minutes.

The boys sack race was won by Edward Keller, first; Lawrence Case, second; and Wm. Thomson, third. The greased pig contest came next and a large number of small boys entered this exciting chase which was won by Lawrence Case.

Suit case race was won by George

Clabough, first and Dwight Calkins, second. This created a lot of sport as the boys had to take from their suitcases a pair of coveralls, put them on, make the race, take off the coveralls and place them back in the suitcase and it was great sport watching the little fellows go through the stunt.

Four different teams participated in the tug-of-war, Blackhorse winning from Alpine, Eight Mile defeating Heppner. In the finals Eight Mile won from Blackhorse.

Standard Oil, First National bank and Alpine teams participated in the relay race and honors were won by the S. O. team.

Harley Anderson was first, Lon Reid, second, Park Carmichael, third and Jake Dexter fourth in the farm man's race.

In the little girls' race, Mildred Smith was first, Pauline Uulrich second and Kathryn West third.

The events were closed by a big ball game between Blackhorse and Eight Mile, won by the Blackhorse team 11 to 12, with the following players:

Blackhorse	Eight Mile
Witcraft	E. Peterson
C. W. Bauman	Padberg
H. Bauman	R. Peterson
G. Ferguson	Adkins
Swaggart	Alstott
R. Ferguson	Peterson
Doherty	Kunsmann
Matlock	Anderson
Miller	Cowan

**LOCAL NEWS ITEMS**

Word received by friends from Prof. H. M. James this week announces that he and his family are having a very delightful trip. They are at their fruit farm near Wenatchee, Wash., at present but expect to continue their journey on to Tacoma and thence down the coast to California, spending most of the summer in touring that state. Prof. and Mrs. James have been elected to positions in the Arlington school for the coming year.

F. W. Winnard, who is holding a sale of his personal property at the farm on Balm Fork, is preparing to move to Hood River and is bringing in some of his effects to be shipped to that place tomorrow. His sale takes place on Saturday and he will leave for Hood River with his family on Sunday.

ATTENTION Phonograph Owners—If you enjoy good music, why not

take better care of your records? Preserve them and improve the tone by keeping them clean with a Omaha Hand-Made "PHON-O-BRUSH." Made better and costs less. Satisfaction or money refunded. Sent postpaid upon receipt of 25 cents silver or stamps. Address MARTINS AYE-WON SERVICE, Box 115 Harney Station, Omaha, Nebraska. 4t.

Frank Lieuallen returned on Wednesday from Umatilla county where he went early last week with some horses and mules to sell. He found the market very dull over there and money quite scarce among the farmers. He visited the Pilot Rock, Pendleton, Adams and Athena sections.

Henry Gorgor and Sylvia McCarty were married in this city on Monday. They are young people of the lone section. Mr. Gorgor being extensively engaged in wheatraising and the bride being formerly engaged in teaching in this county.

Miss Lorena Palmtree, teacher of English in Heppner high school for the past two years, departed Sunday for Seattle where she will spend a couple of months attending summer school at the University of Washington.

W. A. McClintock and family were in from their farm in the Gooseberry country on last Thursday to attend the farmers picnic. Growing crops were greatly benefited by the recent rains in that part of the country.

Mrs. Ethel Ashbaugh and little daughters went to Pendleton Sunday. Mrs. Ashbaugh will attend the summer normal at Pendleton and will visit at the home of her mother, Mrs. W. E. Walbridge while in the city.

FOR SALE—Nice five-room bungalow, built in features, four lots, garden. Cost \$2000. Will take good used car and \$300. Easy terms in balance, \$660. Address Box 417, Hermiston, Oregon. 3t.

Wilma Howard, daughter of W. C. Howard, president of Columbia college at Milton, arrived Saturday and will spend the summer visiting at the home of her grandparents, Mr. and Mrs. J. J. Adkins in this city.

Mrs. C. W. McNamer and her friend, Miss Butler who was visiting here for a couple of weeks, went to Walla Walla Saturday for a visit with the parents of Mrs. McNamer who reside near that city.

The way the watch repair board is filling up at the new jewelry store in the I. O. O. F. building, Mr. Harwood is having a chance to try out his speed.—Adv.

Mrs. W. O. Dix and little daughter departed Sunday for Monmouth where Mrs. Dix will attend the sessions of the summer school at the state normal.

**What about carbon?**

Chemical analysis shows that all lubricating oils are composed of about 85% carbon and 15% hydrogen in chemical combination.

All lubricating oils form carbon when burned in the combustion chamber. The important thing to determine is the amount and kind of carbon formed by the oil.

Some oils form a good deal of carbon, some a small amount; some produce hard, flinty carbon which will cause a great deal of trouble; others produce a soft, flaky carbon that will do no damage.

The important factors determining the amount and kind of carbon formed by a lubricating oil are the crude from which it is made, the process and care of refining it, its purity and stability.

**Advantages of Crude and Vacuum Refining**

Great care is exercised in selecting the crudes from which Zerolene is made, to secure only those which contain the most desirable lubricating values and at the same time as little as possible, if any, of the undesirable hydrocarbons such as wax and asphaltum.

In selecting crudes for Zerolene, the Standard Oil Company has the advantage of its own large production of practically every type of crude oil. For this reason the company is not compelled to use any particular crude because it happens to be the only one available.

These selected crudes, carefully refined by our own patented, high-vacuum process, produce in Zerolene, oils of the highest lubricating value, which, when burned in the combustion chamber, develop a very small amount of carbon of soft, flaky nature, which can do no harm and usually blows out entirely with the exhaust.
