

Local Happenings

Mr. and Mrs. Olaf Bergstrom have just recently returned from their visit to the old home in Sweden, whence they departed 41 years ago. They spent just three months on the trip, and report a very delightful visit in the old home country, notwithstanding few friends of former days were to be found, and they were loath to start on their return journey. The trip over and back was uneventful, weather conditions on the ocean being ideal, but when they reached American shores and took their train for the west and home, they found traveling not so pleasant, weather being hot and trains poorly managed, owing no doubt to the present strike and shortage of help. They are glad, however, to be at home again with the children.

Albert H. Nelson and family returned to their Lexington home on Monday, after an absence of a year which they have spent at different points in the Willamette valley and on the coast. Mr. Nelson will take charge of the farm, out from Lexington again, which, during his absence has been in charge of Joe Craig. Mr. Nelson, who was in Heppner Tuesday, states that they have greatly enjoyed their vacation of a year but are glad to be home again.

Andy Rood finished with the harvesting of his wheat crop the past week, on his big Heppner flat ranch. Mr. Rood has some 1600 acres of fine summerfallow that he will begin seeding as soon as the conditions are right, and expects to make a fine showing the coming year as to yield. We are told that this is one of the best pieces of summerfallow in the whole country and the land is in very excellent condition as to moisture content right now.

T. W. Cutsforth, who is now engaged in farming in both the Lexington and Morgan sections, was in the city a short time on Monday. He has finished the combining of his wheat crop on the Pointer farm a few miles out from Lexington and is now waiting for a good rain to come that he may get busy with the fall seeding. We have promised that he shall have the rain within the next couple of weeks.

Henning Peterson, of Portland, was present at the funeral of his brother, the late Aaron Peterson, at Eight Mile on Friday last. He was formerly engaged in farming in this county and still owns some land which is located not far from the home place of his brother. It has been 21 years since Mr. Peterson was here last. He resides on a farm some 18 or 20 miles out from Portland.

Mr. and Mrs. J. H. Padberg were in the city Saturday afternoon attending to the week-end shopping. They are about through with the combining of 900 acres of wheat on the Padberg farm, expecting to finish by the middle of next week, after which John will be ready to begin putting in next season's crop on his summerfallow, providing a good rain hits his section.

20 acres highly improved adjoining town. And 40 acres mile out in alfalfa to trade. Good chicken ranch for sale. Some new deals in close in unimproved land under government water on easy terms. Now is the best time since 1917 to pick up real bargains in irrigated tracts. We have new listings and new literature. DODD INVESTMENT CO., Hermiston, Ore.

Judge Campbell and son Arthur, accompanied by W. O. Minor, left on Monday for a trip through Central Oregon, their destination being Lakeview, Oregon, where Arthur will teach during the coming school year in the high school. Points of interest on the way will be visited and in the rounds Crater Lake will be taken in by Judge Campbell and Mr. Minor. Mrs. Campbell was also a member of the party.

Mrs. Pauline Quaid came up from Portland on Sunday evening from a trip to Hot Springs, where she spent a week. Mr. Quaid reports cool weather in Portland now, but she did not find anything but hot weather after reaching this side of the Cascade mountains.

The GROCERY QUESTION

SELECTING and buying groceries for a home is a much more difficult task than purchasing in any other commodity. When one buys a new pair of shoes an automobile, a coat or a pair of shoes, the problem of deciding comes only at long intervals.
But with groceries every rising sun presents three new problems: "what to have" for breakfast, dinner and supper. No wonder the grocery question is the housewife's biggest problem.
There is an answer. It is to be had at this store. We specialize on tempting foods and in such large variety that planning a meal no longer carries a dread.
