FORD CARAVAN TO BE HERE 3 DAYS

Heppner Only Town in State to Have Automotive Spectacle So Long.-Besides Truck and Tractor Show

Power Exposition to Heppner upon the dates of the Rodeo being absolutely assured, a truly record-breaking crowd is certain to greet the opening of the combined Rodeo-Caravan pro-

gram. Visitors who can see but one day of the show, and who wish at the same time to come to town for their customary Saturday marketing, will find the Saturday program chock full of entertainment, the program being a strikingly odd combination of svents reminiscent of ploneer days and prophetically illustrative evolution occa-sioned by the advent of modern auto-

Charles H. Latourell is jubilant over the success of numerous confer-ences with Ford caravan officials for ences with Ford caravan officials for the purpose of revising the schedule in order to make Heppner during the Rodeo dates. In addition, Mr. Latourell visited Pendleton to confer with advance representatives of the caravan, and it is solely due to his personal initiative and tenacity that the change was made in Heppner's favor. The daily payroll and maintenance of the caravan is a matter of \$500, and from Wednesday night, when the caravan arrives, until Monday morning, when it departs, the carwhen the caravan arrives, that son-day merning, when it departs, the car-avan will have spent five nights and four days here. Thus, it will readily be seen that Mr. Latourell achieved something worth while when he land-ed the big caravan for so long a stay.

Including cars, trucks, tractors, trailers, a Delco light plant, pumping trailers, a Delco light plant, pumping system, roadworking machinery, the Ersted hoist and other apparatus, tools and specialties, the caravan comprises more than one hundred pleces of equipment. Every bit of it is brought over the highways by truck and tractor, and at no time has the caravan failed to reach its daily destination strictly on time. Ample the caravan failed to reach its daily destination strictly on time. Ample allowance for road conditions has been made, and visitors to Heppner on any of the three days will see the full day and night caravan program plus that of the Rodeo.

The caravan carries a fine radio receiving and broadcasting set and radio concerts will be given nightly. There will also be a movie show each night, with a change of program, and

night, with a change of program, and still another feature is the Mt. Angel Jazz orchestra. All entertainment features of the caravan are absolute-

List Rooms With Van Marter.

As the town will be full of visitors

It is reported that the wells in the vicinity of Morgan and Cecil are drying up and water in that locality is scarce. Willow creek is usually dry city, arrived from his home at Alvathrough that part of the county the most of August and September, but it is rather unusual to have the wells his relatives here. Mr. Stapleton go dry. The engine on the branch line was unable to get water sufficient at Cecil on the way up Saturday, the well of the railroad company having failed, so that the train was divided estate, many farms being cut up in and the express car and coach brought on to Heppner, where the tank was filled and then the engine returned for the balance of the train, which consisted of a string of empty stock cars. A good rain would be the means of overcoming this water short-

Cow Weeding Pays.

The cost of raising a calf to the weaning stage on the range is the cost of running the cow plus depreciation, interest, and bull service, providing there is a calf for every cow. If there is only 60 per cent of a calf crop, the cost of the calf is 1.4 times the cost of 'unning one cow. The larger the calf crop, therefore, the cheaper the production. Begin more economical production by weeding out all barren cows and such as are diseased. Success in the livestock business will hinge on careful management tending toward cutting out leaks. Cow Weeding Pays.

STAR THEATER, SATURDAY

Engineer Dunn Makes Report to Commission

In a summary of the report recentity presented to the State Highway commission by Engineer Dunn, we gather the following from "Explanatory Notes":

The mileages of highway completed and being maintained during 1922 consisted of 190 miles of subgrade, 1000 miles of rock and gravel surfacing and 600 miles of pavement.

During the years 1922 and 1923, and as part of the present road program, these mileages will be increased to approximately 2800 miles of subgrade, 1500 miles of broken stone and gravel surfacing, and 800 miles of pavement.

grade, 1300 miles of broken stone and gravel surfacing, and 800 miles of pavement.

The report gives figures touching depreciation of the various classes of construction and states: No depreciation in the value of State Highways should occur if the maintenance and renewal contemplated by the figures in the table are provided. With proper maintenance, the subgrade will become wider and better. With proper maintenance and with resurfacing as needed, rock and gravel surfacing and pavement will become thicker and stronger.

The renewal figures given contemplate the resurfacing, during the next ten years, of all of the light type pavements laid under the present road program, this resurfacing to be required at the rate of about 15 miles per year at a cost of about \$20,000 per mile. All pavements laid since 1919 are of heavier types and none should require renewal figures contemplated in the table for resurfacing of rock

The renewal figures contemplated in the table for resurfacing of rock and gravel surfaced roads about once in ten years at a cost of about \$2000 per mile.

HARDMAN HIGH SCHOOL NEWS. Last Wednesday the Studentbody met and formed a new organization. They adopted a constitution and elec-ted officers. Those elected were: Ad-rian Bechdolt, president; Juanita Leathers, vice-president; Beth Bleakman, secretary; Ilo Merrill, treasur-er; and Gaylord Ingrum, freshman reprentative. Under the present system of electing officers, there will always be a set of officers left to hold over from one school year until the

Mrs. Kendall of McMinnville, repre-senting the Womens Board of Mis-sions of the Christain church, spent Monday night at Heppner, meeting with the members of the auxiliary here at the home of Mr. and Mrs. Livingstone. She delivered a report on the national convention recently held at Winora Lake, Indiana, that proved very interesting, Mrs. Kendall departed on Tuesday for other points of her itinerary over the state.

Miss Anna Doherty returned home Miss Anna Doherty returned home on Sunday from her vacation spent in the Coos Bay section at Marshfield and Coquille. Miss Odile Groshen, with whom she made the trip, will remain until Christmas time at the home of her sister, Mrs. Vinton in Coquille. Miss Doherty has assumed her position as stenographer in the fice of County Agent Calkins.

J. O. Turner, of Swaggart Buttes, was in the city on Wednesday and states that the fine big rain of Tues-day night has fixed his summerfallow for seeding just about proper. He has the most of his fall sowing done, how-ever, and the rain will bring it up promptly. A wet October will be a fine thing, and Mr. Turner predicts ve will have it.

Mrs. C. E. Woodson, accompanied by her daughters, Margaret and Ber-nice, went to Portland on Friday to remain for a few days before going remain for a rew days sollow goods on to Eugene, where Miss Margaret will enter the University of Oregon, beginning her freshman year. Mrs. Woodson expects to return home by the end of this week.

Boone of Roseburg.

The McBee home which was valued at something between \$8,000 and \$10-000 was completely destroyed in the fire. It was the second home of the fire.

MORROW CO. WINS AWARD OF MERIT

Splendid Display of Grain at Pendle ton Show Earns Special Ribbon for This County .- Competition Keen, Turkey Red Taking Most of Prizes.

By C. C. CALKINS, County Agent. Morrow county had more wheat ex-hibits at the Northwest Hay and orbits at the Northwest Hay and Grain Show than any other county outside of Umatilla, there being better than thirty exhibits at the show. Because of the splendid display put on by the county the officers awarded a special ribbon as an award of merit for the work done by Morrow county. The competition was avecadingly The competition was exceedingly keen and the Turkey Red wheat from Montana captured most of the higher prizes on that variety. Nevertheless, a rumber of premiums went to Morrow county farmers. Those winning honors were Lawrence Redding of Eight Mile, a second prize on Forty Fold; David C. Duvall of Echo, first on Early Beart; and Art Parker of on Early Beart; and Art Parker of Heppner, first prize ribbon for having the best bushel of wheat from Mor-

row county.

Among those entering exhibits at the Hay and Grain Show were the following Morrow county farmers:

L. Redding, Eight Mile; C. R. Peterson, Ione; Harve McRoberta, Lexington; R. W. Brown, Ione; F. E. Mason, Lexington; Troy Bogard, Ione; R. W. Turner, Heppner; Wm. Davidson, Morgan; T. V. Smouse, Ione; Peck Bros., Lexington; Roy Campbell, Lexington; S. E. Simonton, Lexington; Geo. White, Lexington; Myles E. Martin, Lexington; Art Parker, Heppner; Chas. O. Porter, Ione; Oscar Keithley, row county. Chas. O. Porter, Ione; Oscar Keithley, Eight Mile; L. Carlson, Ione; C. E. Carlson, Ione; Jesse Warfield, Ione; Jeff Jones, Heppner; Chas. Wagner, Ione; Phill Cohn, Heppner; L. A. Palmer, Lexington; Duvall & Norton; A. A. McCabe, Ione; David C. Duvall, Echo; W. G. Palmateer, Morgan.

Former Heppner Woman Suffers Death From Fire Historical Events In

Word has been received of Heppner announced the death of Mrs. L. E. McBee at her home near Walla Walla

McSee at her home near Walla Walls on Tuesday.

According to the report, fire started in the McBee residence and Mrs. McSee and the children were safely removed. Desiring something in the house, Mrs. McSee returned and became trapped in the burning building and before she could be removed was fatality burned. An effort was made fatally burned. An effort was made to get her to the hospital at Walla to get her to the hospital at walls. Walls, but she died shortly after be-

ing placed in the conveyance.

Mrs. McBee formerly resided at Mrs. McBee formerly resided at
Heppner and will be remembered by
many here as Miss Vera Easterly before her marriage, and Mr. McBee and
family lived here for a number of
years, where he engaged in ranching
before removing to Umatilla county.
From the Pendigton Tribune of
Wednsday, we take the following:
Funeral services will be held at 2
o'clock this afterneon at the Christian

o'clock this afternoon at the Christian church for Mrs. L. E. McBee who died Tuesday at a Walla Walla hos-pital from the effect of burns and shock received when the McBee farm home was totally destroyed by fire caused by the explosion of kerosene poured into the kitchen stove. Mrs. McBee was 34 years of age and is survived by her husband and three small children; Beth, aged 11; Mary, age 7; and Ralph, age 3.

Art Acord is the star of the chaptered drama and is ably supported by

age 7; and kaiph, age 8.

In attempting to rescue his wife whose clothing was a mass of flames instantly, Mr. McBee received serious burns about the head and arms, but he will be able to be here for the funeral here today. None of the chil-dren were injured in the fire as the two little girls were at school and the

FIRE PREVENTION

Governor Issues Proclamation and Fire Marshal Issues Bulletin Telling How to Observe Week Properly.--Fire Chief Asked to Help.

October 7 to 14, 1922, has been designated by proclamation of the gov-ernor as Fire Prevention Week in Oregon. We desire to suggest to may

Oregon. We desire to suggest to mayors, fire chiefs, fir marshals, women's clubs, and civic organizations, and all school officials a few methods that may be adopted in giving effect to the activities suggested by the governor. To Mayors: Every mayor in the state should immediately issue a proclamation calling upon the citizens in his jurisdiction to observe the week set apart, by looking after their own property and removing or correcting any condition that might make a fire possible. Mayors can also lend great assistance by cooperating with the assistance by cooperating with the fire chief and fire marshal whose particular duty it is to prevent and pro-tect from fire. Every mayor should let it be known in unqualified terms that every ordinance of the city, de-signed to protect life and property from loss or damage by fire, will be vigorously enforced and that all offi-cials charged with such enforcement will have the complete support of the city government. Local news-papers should be requested to print the governor's proclamation, pro-grams for observance of Fire Preven-tion Week and to comment editorially upon the fire loss of your community.

To Fire Chiefs and Fire Marshals:
During Fire Prevention Week an intensive inspection campaign should be waged. The business and residentian sections of the town should be visited by members of the uniformed force in order to discover, record and correct all accumulations of rubbish and fire hazards of all kinds. These

and fire hazards of all kinds. These inspections should be closely associated with a universal clean-up effort. The cutting and removal of grass, weeds and unsightly rubbish should have attention.

The fire chief or fire marshal should assist the schools in observing Fire Prevention Week by giving short talks and inspection of the schools for fire hazards.

A parade may be held by the fire

for fire hazards.

A parade may be held by the fire department with the apparatus decorated with banners and streamers carrying suitable inscriptions pertaining to the loss of life and prop-

erty. To Women's Clubs and Civic Or-ganizations: The clubs should ap-
