**WARNING TO THE PUBLIC**  
There are certain lots and parcels of land in the City of Heppner, and particularly in the business district that are kept in such a condition that they reflect on the city. With little effort and with these conditions could be remedied, and the owners and occupants of these lots have been frequently requested to remove the offensive and unsightly conditions, but so far such requests have been without avail. Ordinance No. 67 of the City of Heppner, passed by the Council on May 1st, 1899, provides, among other things, as follows:  
Section 2.  
Any person or persons who are the owners or in the possession or entitled to possession of any lot, piece or parcel of land situated within the corporate limits of the City of Heppner, and who shall allow or permit any alley, paperboxes, barrels, manure, wood, trash, scraps, refuse, rubbish, refuse or filth to remain on or be on said lot, piece or parcel of land, on any street or alley within said city abutting said lot, piece or parcel of land, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$5.00, nor more than \$50.00, or by imprisonment in the city jail not less than two days nor more than twenty-five days.  
Section 4.  
Any person or persons who are the owners or in the possession or entitled to the possession of any cellar, cesspool, or water closet or privy or pool of water within the corporate limits of the City of Heppner, who shall allow or permit said cellar, cesspool, privy or pool of water to become or remain offensive or unwholesome shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$5.00, nor more than \$50.00, or by imprisonment in the city jail not less than two days nor more than twenty-five days.  
I have been ordered by the City Council to call attention to these conditions for the last time, and if those lots and parcel of land are not cleaned and kept clean, and the privies and cesspools are not cleaned and made unoffensive by the 10th day of November, I shall file complaints and prosecute all persons keeping their lots in such a condition.  
S. F. Devin, Chief of Police.

**NOTICE OF SHERIFF'S SALE UNDER FORECLOSURE.**  
Notice is hereby given that under and by virtue of an execution and order of sale duly issued by the Clerk of Morrow County, Oregon, dated the 7th day of October, 1922, in a certain suit in the Circuit Court of the State of Oregon for Morrow County, wherein Frank M. Lovgren, plaintiff, recovered judgment against the defendants J. F. Ayers recovered judgment against the defendants J. F. Ward and Elzetta Ward for \$266.35, with interest thereon at the rate of 8 per cent per annum from June 8, 1921, \$50.00 attorneys' fee and costs and disbursements taxed and allowed at \$18.50.  
Notice is hereby given that I will on Saturday, November 11, 1922, at the hour of 10 o'clock in the forenoon of said day at the front door of the County Court House in the City of Heppner, Morrow County, Oregon, offer for sale to the highest bidder for cash in hand, the following described real property situated in Morrow County, Oregon, for the purpose of satisfying said judgments, to-wit:

**MEASURE HOSTILE TO RIGHTS OF CITIZENS**

To the Editor:  
Where are we drifting?  
We read of agitation in certain states for laws to compel the teaching of the Bible in the public schools; in others the teaching of unscriptural science is compulsory—which will result in a sure crop of idiots. Now, we learn that an attempt is being made in some states to close all private schools, and compel all children of the first eight grades to attend the public schools.  
This proposed measure is hostile to the rights of every American citizen, and is not in accord with the guarantees of civil and religious liberty vouchsafed to every individual citizen under our federal constitution.  
The state has a right to require all its citizens to receive a certain amount of intellectual training in the fundamentals of good citizenship; but the state does not have the right to say where the child of a parent shall be educated, or the precise road that shall be followed in reaching the intellectual standard set up by the state. The state may prescribe certain fundamental studies, but it cannot dictate the precise textbooks and formulas of the curriculum. Likewise the state has a right to require a definite amount of preparatory training on the part of those who shall constitute the public and private teachers of the children in its domain. The state has a right to test the intellect, but it does not have the right to shape the intellect without the consent of the parent, who has the first claim upon the child.  
The parent, and not the state, has a right to decide the character of education the child is to receive—whether it is to be partly religious, or altogether secular.  
The public schools, which are under the direct supervision of the state, cannot impart spiritual or religious instruction. If, therefore, a parent or a denomination desires to give a child not only physical and intellectual training, but spiritual instruction also, the state should welcome such a plan rather than deter it. Because, as a rule, the child that is instructed in spiritual things as well as secular matters, makes a better citizen than one whose education has been purely secular.  
We should not forget that our forefathers who founded this great Republic and who framed for us our constitutional laws, and gave us our ideals of Americanism, were educated in private schools. For more than fifty years after the founding of our Republic, we were without any public school system, and our government was maintained and prospered, and all its citizens who received any education, were trained in private schools. This proves conclusively that private schools, even without the supervision of the state, are not detrimental to good government, and are capable of producing

the highest and noblest type of patriotic citizen.  
However good the public school system may be, it may attempt to train useful and loyal citizens for this world only. The Christian school will do all this, and besides give a spiritual training for citizenship in the world to come.  
Plato said, "A good education is that which gives to the body and soul all the perfection of which they are capable." If the wise parent prefers to give his child this more complete education at his own expense, why should anyone object?  
The growing tendency on the part of some to obliterate personal freedom in matters of religion is greatly to be deplored.

setting before the people the principles involved in this issue, and present an effective protest against the encroachments upon the rights of conscience and grant of religious liberty.  
Unless this is done with all diligence, we will awake some not far distant day to the fact that we have lost the dearly bought liberty of which we have boasted, and have drifted back to the methods employed by the Dark Ages.  
Very sincerely yours,

**Don't Surrender Your Rights!**  
OUR forefathers fought for their rights. Many of them gave their lives that we might enjoy freedom.  
In the Declaration of Independence they recorded those truths that have so safely guided our democracy.  
They have written that men are endowed by their Creator with certain "unalienable" rights, and "to secure these rights governments are instituted among men."  
And now these rights are attacked. The School Monopoly Bill (called on the ballot Compulsory Education Bill) proposes that we surrender a God-given right—the right of parental control—the right of a parent to say in what school his or her own child shall be educated.  
Maintain your right to control your child through the education you feel it is right to give it. Do not be led astray by fine phrases. Look into this dangerous bill. You will find the vital principle of "unalienable" rights is at stake.
