### Local Happenings

Mike McCabe came in Monday from his headquarters over in Wheeler county, near Mitchell. He states that the stockmen of his locality are pretty well supplied with feed for this winter, but should they experience anything like as long a feeding spell as they did last year, they will be short before spring arrives. However the recent thaw and chinook will help. Mr. McCabe has sold out his interests in Wheeler county, and contemplates leaving there soon, to go into business at some other point.

Chas. Cox is feeling pretty good over the arrival of milder weather and hopes that the worst of the winter is over. He thinks it will take about two weeks for the roads to get fairly passable over the hills so that the farmers will be able to get to town in their cars. While in town on Tuesday, Charley called at this office and ordered the G-T. as a Christmas gift for one year to his mother, Mrs. F. K. Payne, and his father-in-law, Geo. T. Burroughs, both of Galax, Virginia.

Snow drifts to the depth of 20 feet and more are piled up in the low places on the farm of Charley Hemrich in Sand Hollow, and Mr. Hemrich is of the opinion that it will be the middle of summer before the snow is all off his place. He would rather the snow had remained over the wheat fields where it would have done more lasting good. Mr. Hemrich was in town on Monday for a short time, feeling somewhat better because of the coming of the chinook.

Alfred Nelson, who was in the city a short time Tuesday, states that the snow will be of little benefit to the crops out his way, owing to the big blow that cleaned it off the wheat fields. Drifts are piled up pretty high and it has been impossible for the children to get to the school. Mr. Nelson lives out north of Lexington. The chinook hit his part of the country Monday evening and the weather has greatly moderated.

J. F. Lucas returned home from Portland on Sunday, after spending five weeks in the city. He went below to have his eye treated. The member became infected during harvest time, and his doctor had quite a hard battle to save the eye. It appears to be all right now. Mr. Lucas was in Heppner for a short time on Monday. He states that there are many idle men in Portland, looking for work.

Lloyd Saling, grandson of Mrs. Mary Bartholomew, who has been visiting at the home of his uncle, C. H. Bartholomew on Buttercreek for a short time, came to Heppner on Monday. He will return to his home at Corvallis, where his parents, Mr. and Mrs. C. C. Saling reside, and will be accompanied by his grandmother, who will spend the holidays there.

Wm. Kummerland came to town Saturday, being able to get in over the big drifts of snow at his place. He states that a part of his house was quite buried in the snow before the big blow of a couple of weeks ago was over.

Ralph Finley, northend farmer, was in Heppner on Tuesday. He expects Mrs. Finley home right away from a visit she has been making to her relatives during the past month.

Miss Anita Turner, a freshman at O. A. C. this year, arrived home Saturday to spend the Christmas holiday season with her parents, Mr. and Mrs. R. W. Turner of this city.
