

MORROW FARM BUREAU HAS MEETING

Officers Are Elected—Large Attendance of Members and Ladies—Resolution Recommending Withdrawal From State Organization Adopted.

A very unusual interest was manifested by the members of the Morrow County Farm Bureau in their annual meeting held in Heppner on Saturday, this being shown by the large attendance of members and their ladies, and I. O. F. hall was filled to capacity by people from nearly every section of the county, and they were treated to a good program. The meeting being called at 10:30, President Turner was gratified to meet practically a full house, and a great majority of those remained until the adjournment at 3:30.

In the forenoon Paul V. Maris of the O.A.C. extension department, was the principal speaker and occupied the most of the time before the dinner hour in a very interesting address in which he pointed out that it was largely up to the farmers to solve their own problems; legislation and acts of congress might be of assistance, but could only be taken as temporary relief. He strongly favored the co-operative marketing associations, but admitted that in some instances there had been disappointment, but this was only the natural result when an enterprise is undertaken which is not properly planned. He was inaugurated; it took time to get them on their feet, and the main thing for the farmer was staying by his contract until the job was put over. Many obstacles had to be met and overcome, the speaker brought out the fact that no undertaking of this nature had been put over without many difficulties. In some instances, speaking of the different marketing associations with which he was familiar, Mr. Maris said association members had failed in getting the price received by non-members, but the average price had been better, and the lesser price could be attributed to the off grade of the product. He strongly favored the hands of the association.

Mr. Maris quoted Eugene Meyer and Herbert Hoover as leading men who were strongly in favor of the co-operative and orderly marketing of the farmers' products. The plan growing and would ultimately be successful. He also strongly endorsed the extension work of the Agricultural college, but did not spend much time in talking along this line.

Mr. Maris is a former Heppner boy that is making good, and he has developed into a fine public speaker as well as becoming prominent in his line of work throughout the state, which is a credit to his many Heppner friends.

Following Mr. Maris, President Turner appointed a nominating committee and a committee on resolutions, and then a recess was taken for the lunch. Dinner was served prepared by the Willing Workers of the Christian church, at the request of the officers of the Farm Bureau, and this was served in the dining hall at the Odd Fellows building, and generally patronized.

The afternoon program was opened by a short musical program. Mrs. J. O. Turner furnished a piano solo, Mr. Turner offered a violin solo and responded to an encore. Harvey Miller and Dan Lindsay each sang a well that had to answer the call for more.

President Turner gave a short address and endorsed all movements for the betterment of the condition of the farmers, stating that all our ills were said to be the outgrowth of three causes: ignorance, selfishness and pure cupidness. He therefore endorsed the educational work on behalf of the farmer, and stated as the general education of the growing manhood and womanhood of our state. His remarks were preliminary to the introduction of County Agent Calkins.

Agent Calkins rendered a report of his work for the year, and was glad to note that there had been progress along a number of lines. He mentioned as improvements made the more general adoption of early plowing and seeding, improved seed varieties and the use of certified wheat, more general control of rodents, tubercular tests for dairy cattle, modern methods in handling poultry and a more general adoption of this profitable adjunct to farming.

Some of the things to be urged the coming year would include the above and the adoption of the dry treatment of wheat for smut on a larger scale than the past year, as some 25,000 acres have been seeded this season to wheat receiving this treatment; the reduction of the large number of varieties of wheat to those that are recommended for the general use of the state by the station and a continuation of the fight on predatory animals and rodents.

Local Boy Scout Troop After More Members

A national campaign is now on among the Boy Scouts to add 100,000 members to that organization by February 15.

The local organization under the leadership of Scoutmaster Livingston is cooperating in this movement. The quota assigned by National Headquarters is a twenty per cent increase in membership for each troop in the country. Troop No. 1 of Heppner will strive to get their entire quota of eight new members by, or before, that date.

Appropos to this movement the Oregon Journal has the following to say in an editorial of February 3:

The Boy Scouts of America are in the midst of a nation-wide campaign for new members. The Portland council's quota has been fixed at 500. The drive will end February 15.

The Boy Scout movement is endorsed by the leading men and women of the community. The organization has proved its effectiveness in training boys for manly, upright citizenship. Besides, hundreds of useful things which boys do not learn at school are included in scouting. A scout is taught how to take care of himself and others in time of danger. He knows the great outdoors in detail, and many of nature's secrets are made familiar to him.

The fact that no Boy Scout who has passed through the initial stages of scoutdom ever has been hailed before a juvenile court or other reclamation agency is a splendid testimonial to the work being done by the scout leaders.

A boy attending a meeting of a scout troop is far from the road which leads to a training school and later to a jail or a penitentiary.

Portland is said to have 12,000 boys scout age, yet scarcely more than 2,000 of these are reported as scout members. The campaign under way deserves the support of every citizen. A father could do no higher service for his boy than to help and encourage him to become a scout.

C. H. Bartholomew of Pine City, left the first of the week by auto for Paso Robles, Calif., where Mrs. Bartholomew and her mother, Mrs. O. F. Thomson are at present. At Portland he was to be joined by Miss Mary Bartholomew, and the family will tour California before returning home.

Mr. and Mrs. Lawrence Palmer, who reside a short distance west of Lexington were in the city Saturday and attended the meeting of farmers at the I. O. F. hall.

Heppner Masons Make Visit to the Ione Lodge

Twenty-five members of Heppner Lodge No. 69, A. F. & A. M., made a pilgrimage to Ione last evening for a fraternal visit with Ione Lodge No. 120.

The visit was the regular meeting of the Ione Masons and they had work in the third degree. After the opening of lodge and the disposal of business, the officers of Ione lodge vacated their stations to the officers of Heppner lodge, and the latter put on the degree work, making a Master Mason of Roy Stender, a young farmer of that city, following which ceremony and the closing of lodge, a big feast was spread and an hour of social good time and fellowship prevailed.

The visitors had to face a pretty bad storm in going to Ione, but this had all passed by the time to return home and no particular inconvenience was experienced on this account. The attendance of members of the Heppner and Ione lodges would have been much larger, however, had the storm delayed its coming for a few hours.

LEXINGTON CHURCH OF CHRIST.

The revival is still in progress and the interest is growing. Our song leader, Edward Wright, was compelled to leave us. He was not well when he came and took suddenly worse and so left for home on Monday. We have secured Paul DeF. McInerney, whom we believe capable to lead the song service. He comes very highly recommended as an enthusiastic leader. Come and hear him. These services continue this week and next. Two great services on Sunday, Feb. 11, from 4 to 8 o'clock P. M. The charge will be 25c and it will be worth far more. Come and help the young people with their church pledge.

Christian Endeavor Tea

Don't forget the Christian Endeavor Tea to be held at Livingston's on Wednesday, February 14, from 4 to 8 o'clock P. M. The price will be 25c. Your patronage is cordially solicited.

C. D. Morey and Dan Lindsay were Alpine members of the Farm Bureau who took in the meeting in Heppner on Saturday.

These men are quite active in carrying on the bureau work at Alpine, where there is a live wire local organization. Mr. Lindsay also appeared on the program and offered a couple of Scotch songs which he rendered in very acceptable style.

Howard Anderson, in town today from his Eight Mile farm, reports that last night's storm left a covering of about three inches.

Mr. and Mrs. Nat Shaw of Clarks Canyon spent Saturday in Heppner and were among the many farmers attending the Farm Bureau meeting.

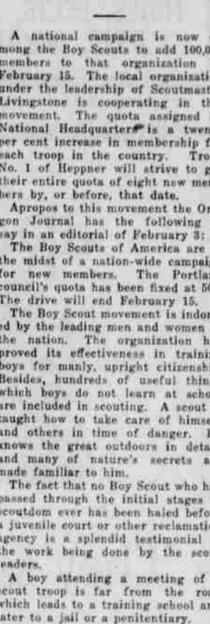

Chas. Allinger, Ione's pioneer carpenter and builder, was in the city on Saturday, an interested visitor at the meeting of the Farm Bureau.

Ben Morgan, Hal Ely and Wate Crawford were Morgan farmers in Heppner Saturday, attending the meeting of the Farm Bureau.

Mr. and Mrs. Joe Devine of Lexington were visitors in this city on Saturday and participated in the Farm Bureau meeting.

Silver leaved Wyanette cockerels for sale; \$2 each. Vida Heliker, Ione.

Jig Saw Puzzles

George A. Miller, Cecil, Dies Here Saturday

Following an operation for appendicitis, George A. Miller, for many years a farmer in the vicinity of Cecil, died in this city at 1 o'clock Saturday, February 8th. Mr. Miller had been sick but a few days when he was brought to this city for an operation, but his trouble had advanced so far that there was no chance to save his life.

Funeral services were held at Ione cemetery on Sunday afternoon, the burial service of the I. O. F. lodge of which he was a member, being used, and the lodges of Morgan and Ione participating. Mr. Miller was a member of the Modern Woodmen and of the I. O. O. F. in Portland. He was 51 years of age, a native of Nebraska, and came to Morrow county in the spring of 1902, settling on a place near Cecil where he has continued to live ever since. He leaves a wife and one son, aged 17 years.

FIRST CHRISTIAN CHURCH.

Emerson says: "All that I have seen teaches me to trust the Creator for all that I have not seen." Trust for all that I have not seen." Trust for all that I have not seen." Trust for all that I have not seen.

T. T. T. T. T.

A REAL TEA will be given by the Christian Endeavorers of the First Christian Church on Wednesday, February 14, at Livingston's from 4 to 8 o'clock P. M. The charge will be 25c and it will be worth far more. Come and help the young people with their church pledge.

Mr. and Mrs. Bert Palmateer of Morgan visited Heppner on Saturday.

They attended the meeting of the Farm Bureau and enjoyed a visit with relatives while in the city.

Sheriff McDuffee, who has been quite ill at his home in this city during the past week, was able to be at the court house on Tuesday for a short time.

Was Resident of Indiana Before Coming to Oregon

In the obituary of Mrs. Ruth E. French, published in the last issue of The Gazette-Times, no mention was made of the residence of the family prior to their removal to Oregon. Following her marriage to Asa D. French, many years were spent in her native state of Ohio, then the family removed to White county, Indiana, in the central part of that state, where they resided for a period of about twenty years.

W. G. Palmateer, of Morgan, was here Saturday and took in the big meeting of farmers at I. O. F. hall.

He states that this paper recently put him in bad by stating that he was road boss in his district. He is not road boss, but has been interested in getting some road work started out that way and has rather been in the position of a "goat" on which the troubles of the community in this respect have been loaded.

Mr. and Mrs. J. A. Trondson helped to make up the Morgan representation at the Farm Bureau meeting in this city Saturday. Lots of fine weather has prevailed in their part of Morrow county for many weeks.

ENGLAND DECLARES WAR ON TURKEY

A radio caught at Heppner today states that England has declared war on the Turks over their refusal to come to the terms of the allies and it now looks like the Near East question will be settled in a manner that will stop trouble in that quarter. France and England have both rejected demands of Kemalists, according to today's papers.

Mrs. M. L. Curran Entertains.

A pre-lenten social was given at the home of Mr. and Mrs. M. L. Curran on last Thursday evening, for the benefit of the Ladies Altar Society of St. Patrick's church. Mrs. W. E. Moore and Mrs. Curran were hostesses, and a large number of Heppner's social bridge players helped to make the affair a success both socially and financially. Miss Violet Nys contributed two vocal selections in a charming manner. Honors were won by Miss Nora Hughes and J. J. Nys, consolationists to Mrs. W. P. Mahoney and Chas. Thomson.

The Curran home was also the scene of another very pleasant party on Wednesday evening last, when about twenty friends gathered there and spent the time in playing bridge and enjoying a splendid social time.

Honors went to Mrs. J. B. Calmus and Lloyd Hutchison, while Mrs. L. E. Vain Marter and J. Nys received the consolation prizes.

Director P. V. Maris Reports Extension Service

The educational campaign in co-operative marketing is but a part of the well rounded program of sixteen phases of projects conducted by the extension service of the Oregon Agricultural College in 1922, and reported in extensive bulletin 354 just issued. The activities include:

- Writing an average of 125 letters a day during each working day of 1922; printing 100,000 copies of bulletins for distribution; conducting extension schools in seventeen counties; organizing 6752 boys and girls in club work; assisting in reclamation of many thousands acres of wet lands by drainage; demonstrating pruning, spraying, thinning and soil building methods in many orchards of the state; securing the adoption of better feeding and breeding practices and assisting in disease control among the herds and flocks of the state; determining cost of wheat, milk and alfalfa production; conducting gopher, squirrel and jackrabbit control campaigns; cooperating with the federal government in training wounded soldiers and sailors for successful farming.

Farmers and others interested may write for extension bulletin 354.

Do You Want a Rodeo in Heppner Next Fall?

The Rodeo committee has called a meeting for Friday evening, Feb. 9, at the council chambers, of all those who were signers of the guarantee for the Rodeo of last fall. The purpose of this meeting is to discuss the matter of another show of this nature for Heppner next fall, and to get at the sentiment of the community in regard to the matter. To this end all the signers of the guarantee, as well as all others interested, are urged to be at the meeting tomorrow evening. It will be much easier to put the Rodeo over in a successful manner another year than it was the first time, and it is none too early to be making the arrangements.

LEXINGTON CONGREGATIONAL CHURCH NOTICE, FEB. 11.

Preaching at 11 a. m. Subject: "Where God Meets Men."

Preaching 7:30 p. m. Subject: "The Devil's Four Servants."

Sunday School 10 a. m.; Junior C. E. 2:30 p. m.; Senior C. E. 4:30 p. m.; Bible Study, Thursday, 7 p. m.; Ladies Aid Wednesday 2:30 p. m.; Food Sale Saturday afternoon.

The above services are for you to enjoy. Good singing and Gospel preaching. The Bible is our authority. It does not think so, it gives definite assurance. We give all the privilege to think and act for themselves.

We will be glad to have you worship with us. Come next Sunday. D. J. GILLANDER, Pastor.

Hay Sells For \$16.00 a Ton.

Several large sales of alfalfa hay were made by Echo farmers this week. The balance of the crop of Al Hiett and Mrs. Stanfield, consisting of 800 tons, was sold to Ernest Ferguson, Inc., of Walla Walla, and the same company took the 600 ton crop of Galford Madison. The Prepons company will install its own steam baling outfit and bale the hay immediately. Shipment of this hay will be from Echo, and will be hurried through as fast as cars can be loaded.

All of the J. B. Saylor hay was also sold up to Heppner Saturday. Herminston, for shipment. It is understood that these sales were made at a price of \$16.00 a ton f. o. b. cars at Echo, inspection and settlement to be made here. This feature is quite an advance for the local hay man as compared with inspection and adjustment at final destination.—Echo News.

Local Rebekah Lodge Will Give Pie Social

The ladies of the Rebekah lodge of Heppner are arranging to give a pie social on Friday evening, February 9, at I. O. F. hall. Beside the cake that the ladies will have, there will be a literary and musical program, and the entire public of Heppner is cordially invited to attend.

Walter Luckman, farmer and stock raiser of Lena, was in the city on Saturday.

UMATILLA COUNTY DELEGATION IS BACK OF BILL TO COOPERATE IN SURVEY OF UMATILLA POWER PROJECT

The entire Umatilla county delegation in both houses of the legislature at Salem have united in the introduction of a bill to appropriate \$10,000 for the purpose of matching a similar sum from the federal government to make a survey of the Umatilla rapids project under the direction of the interior department.

The bill was drafted at the unofficial request of Congressman Sniffett and Director Davis of the reclamation service. At the time of Fred Steiwer's recent trip to Washington in behalf of Pendleton Commercial association the whole subject of the Umatilla rapids project was gone over and a promise was secured at that time of federal cooperation in the survey of the project. Further advice has since been received from

Mr. Sniffett and on the strength of suggestion the state is being asked to appropriate \$10,000.

There is also another way whereby federal money may possibly be secured for the Umatilla rapids survey. That is through a \$50,000 clause in the bill for the Columbia basin survey. However, this measure has not passed congress and it is doubtful if it can pass at this session. On the other hand the other money is sure to be available and hence it is deemed wise to make use of it, provided cooperation can be secured from the state.

As Senator Taylor and Representative Mann are both on the ways and means committee, as is also C. C. Brownell, it is predicted the bill will be favorably reported to the committee and will pass.—Pendleton E. O.

LOCAL NEWS ITEMS

Bert Mason, C. M. Schriver and other parties from Ione and Gooseberry were in the city yesterday to interview the county court concerning the Gooseberry market road. The people out that way are very earnest in their desire to get some much needed aid in the construction of that road, the building of which would be of great benefit to all of Morrow county.

Assessor J. J. Wells is in Portland this week to appear as a witness in the U. S. court, where involuntary bankruptcy proceedings have been instituted against Messrs. Kenny & Healy. Clerk Waters is also retained as a witness in the same case, having carried records of the county to Portland to be presented in evidence.

Mrs. T. J. Humphreys was summoned to Hillsboro on Tuesday afternoon to a message announcing the death there on that day of her mother, Mrs. L. A. Rood. Mrs. Rood had been an invalid for about three years and her death, while coming as a shock to the relatives here, was not unexpected.

C. J. Anderson and Erik Bergstrom were Gooseberry farmers in the city yesterday interviewing the county court concerning the Gooseberry market road. Mr. Anderson states that conditions for crops out that way are good at present, though there has been considerable freezing weather.

Robert Perlig farms the Duran place in Blackhorse and is listed as one of the successful young farmers of the county, who keeps up on modern methods. He was in town Saturday, accompanied by Mrs. Perlig, and they took in the farmers meeting which was held at the city.

Karl Beach, Lexington business man, was paying himself off as a farmer Saturday by attending the meeting in this city of the Farm Bureau. Like some of the rest of us, Karl shines in the farming game when he can get his feet under the table.

Commissioner L. P. Davidson arrived from Portland on Wednesday afternoon and assumed his place with the county court. He has been to the city to attend to matters before the Highway commission in which Morrow county was interested.

Mr. and Mrs. H. M. Olden attended the Farm Bureau meeting Saturday. They report everything coming along well for the farmers of the Patrow district. Mr. Olden is quite well recovered from his serious illness of last summer and fall.

Art Finley was hauled into justice court at Echo on Saturday and was convicted on a charge of violating the eighteenth amendment. He was given a fine of \$100 and ninety days in the county jail of Umatilla county. According to the rule adopted in Umatilla county, prisoners in the jail there for bootlegging and other violations of the prohibition laws are put out on the roads to work, and Sheriff Houser expressed the opinion to Deputy Sheriff Childrey of this county, that he was witness at a trial that this method would have the effect of lessening the number of cases of liquor law violations in Umatilla county.

Card of Thanks.

The undersigned desire to thank their friends and neighbors for their kindness and sympathy during the last sickness and funeral of our beloved husband and father, George A. Miller, and especially do we thank the members of the Odd Fellows' lodges of Ione and Morgan for their kindly attentions and sympathy in the hour of our bereavement.

MRS. SENA MILLER.
GEORGE ALVIN MILLER.

R. W. Wilcox, who is running the J. W. Eskelson place west of Lexington, was up to Heppner Saturday. Mr. Wilcox formerly owned the place. He is now living on and he was also head of the Lexington schools for several years. He is an enthusiastic boys' and girls' club work and hopes to see more accomplished along this line of endeavor in Morrow county.

Mr. and Mrs. Dwight Misner of Ione, were in attendance at the meeting of the Morrow county Farm Bureau held in this city on Saturday last. Mr. Misner is one of the biggest wheat farmers of the Ione section, who has in a large acreage this season.

Mr. and Mrs. E. E. Rugg and Dave Rugg were Heppner visitors Saturday from their ranch home at the mouth of McKinney creek.

Arlington School Boy Killed In Car Accident

Stanley Riese, age 15, a member of the Arlington high school basketball team, was killed in an automobile accident near Rufus on Saturday night while returning home from a game at Wasco. In coming down the long grade to Rufus the brakes on the car failed to hold and in running the car up on the bank it was turned over and young Riese was crushed underneath it. The remains were taken to The Dalles, where an inquest was held and the facts of death inquired into. Other occupants of the car were hurt some, but none seriously.

Mr. and Mrs. Ralph Finley of the Alpine district, attended the meeting of farmers in this city on Saturday last.

J. B. Carmichael of Lexington was in this city on Saturday and took in the farmers meeting.

T. W. Cutsforth, wheat raiser of Lexington and Morgan, attended the Farm Bureau meeting here Saturday.

Bid of County On Road Surfacing Was Too High

At the meeting of the State Highway commission in Portland on Tuesday, a number of contracts were let for pieces of highway in different sections of the state, among them being one for rock surfacing the Heppner-Ione Hill unit of the Oregon-Washington highway in Morrow county. Commissioner Davidson and Clerk Waters were in Portland at the time of the opening of bids, having presented the bid of the county to do this work. The county's bid was too high, however, and the contract was awarded to the General Construction company of Spokane, for \$51,000. We understand that this bid was better than \$39,000 under that offered by the county.

It is gratifying to the people of this county to have this work completed, and the early surfacing of the road will be the means of saving the grade and likewise a lot of money to both county and state. When the Highway Commission can finish up the remaining unit on the O.-W. highway to the Umatilla county line, we will be better pleased, as this is the last link in the completion of the highway.

WASHINGTON PASTOR HOME FROM EUROPEAN TRIP SAYS KEEP OUT OF THEIR AFFAIRS

Washington, Feb. 6.—"The proper policy of the solution of the problems of the world are being pursued by the present Administration of our government," is the statement of Rev. Dr. Henry Allen Tupper, pastor of the First Baptist Church, in Washington, D. C. Dr. Tupper recently returned from a three months' trip to the Near East where he made a particular study of the situation from the standpoint of America's position of non-interference.

"It would be a grave error for America to entangle and embroil herself with questions which are strictly European in character," says Dr. Tupper, "and which would involve her in unending confusion and disaster."

"Today, as never before, the whole world has its eyes upon the United States of America, and the need for this nation to be sure of itself, to be self-reliant and to God was never so great as in this hour of the world's history."

"If we make a false step now," he said, "it may mean a universal calamity. During my late visit to Europe and the Near East, I received deep impressions and returned with deep convictions. Confusion, worse confounded, reigned nearly everywhere. National hatred, political controversies, bitter rivalries, commercial depression, social despair, subject poverty and future foreboding mark the experience of the people across the seas, and unwise leadership and false policies have, largely, created this calamitous condition of affairs. The aftermath of the great war has placed America in a most delicate as well as a most important and responsible position before the world."

"We must avoid the mistake of meddling in other people's business and in other families' quarrels. This will implicate us, weaken our influence, and annul the end desired. It would be most unfortunate for us, officially, to sit in conference which may decide the destiny of a nation or nations with which we have had no disagreement; but, as a friendly observer or as a protector of our own national rights, a helpful association may be formed."

"I can testify that in the four continents through which I have just passed the splendid representatives of our government, by reflecting the spirit and honoring the policy of the administration at Washington, are bringing credit to their country and glory to their flag."

Draws \$100 Fine and 90 Days Jail Sentence

Art Finley was hauled into justice court at Echo on Saturday and was convicted on a charge of violating the eighteenth amendment. He was given a fine of \$100 and ninety days in the county jail of Umatilla county. According to the rule adopted in Umatilla county, prisoners in the jail there for bootlegging and other violations of the prohibition laws are put out on the roads to work, and Sheriff Houser expressed the opinion to Deputy Sheriff Childrey of this county, that he was witness at a trial that this method would have the effect of lessening the number of cases of liquor law violations in Umatilla county.

HIGH SCHOOL NOTES

Two new students entered high school this week: Elinor Peck from Portland school, and Stanley Peterson from The Dalles.

A double-header basketball game between Ione and Heppner high schools will be played at the pavilion Friday, February 9. Heppner won from Ione on their own floor. Come out and see them win again.

The Sophomores held their class election last Tuesday. The following officers were elected: President, Marguerite Hiler, vice-president, Austin Smith; secretary, Luella Bengel; sergeant at arms, Beulah McCabe.

Miss Frasier was unable to be at school Tuesday afternoon and her classes were taught by Mr. Hedrick.

Thelma Miller and Reliance Moore returned from the State Press Association convention Sunday evening. Monday they gave very interesting reports on the convention and stated that they got many new ideas for "Heppner". The high school wonders why so much of the reports were about the banquet and why Thelma nudged Reliance and said "Don't tell that!"

The Juniors have decided to put on a stunt program at the theater on the first part of March.

The Heppner high school team played a game with Ross last Friday. The Heppner team seemed rather unlucky, the referee calling eighteen personal fouls on them and only six on Ross. As for the score—"Student is golden."

The Student Body held their primary election last Friday in the most approved style. The votes were counted by the Student Council and the candidates receiving the largest number of votes are to run in the regular election. The candidates are: President—Ray McDuffee; Retha Owens.

Vice-President—Francis Doherty, Keith Logan, Violet Crawford, Thelma Miller.

Sergeant-at-Arms—Charlis Hirl, Leonard Schwarz.

Yell Leaders—Muriel Cason, Guy Hall, Kathleen McNeil, Beulah Owens.

Some very stirring speeches were delivered in favor of the various candidates, especially by those long-winded Seniors. We began to wish that the Seniors were so bashful and retiring as the Freshmen. All glory and honor is due to Charles Notson, who made a motion for adjournment even though he was a Freshman.

Deputy Veterinarian to Be Here Next Week

Dr. Derfinger, deputy state veterinarian, will be in Heppner next week, his visit being for the purpose of making tubercular tests of dairy cattle. Anyone desiring the services of Dr. Derfinger should leave word at the office of the county agent in Heppner.

C. McVilvie and R. E. Cherrick were here from Alpine Saturday and took in the Farm Bureau meeting. Mr. Cherrick is teacher of the school in the Alpine district and takes much interest in community affairs.

Continued From TUBERCULAR CASES

War Veterans Whose Claims For Compensation and Hospitalization Have Been Disallowed Will Benefit Greatly by New Order

Tubercular war veterans of this district whose claims for compensation and hospitalization have been disallowed by the government will benefit greatly by a new federal order calling for extension of proof period following separation from service and the formation of a district tuberculosis board to consider service connection of cases after observation in the hospital, according to an announcement made by L. C. Jessup, northwest district manager of the United States Veterans' Bureau, and likewise a lot of money to both county and state.

When the Highway Commission can finish up the remaining unit on the O.-W. highway to the Umatilla county line, we will be better pleased, as this is the last link in the completion of the highway.

The new instruction states that "active tuberculosis, minimal state, shown by competent proof as existing within 30 months from date of separation from active service shall be considered as having been active and of 10 per cent degree within two years from discharge." The period of proof is extended three months in the instance of veterans moderately advanced, who are allowed 33 months after discharge to show tuberculosis. The period of proof for tuberculosis with cavity formation or to the extent of two entire lobes is extended four months, giving the veteran 36 months after separation from service to show tuberculosis development.

The cases of all war veterans of the Pacific Northwest suffering from tuberculosis whose claims have been disallowed will be reconsidered and given the benefits of the new regulation," said Mr. Jessup. "The new order gives as another opportunity to help the veteran suffering from tuberculosis who heretofore has not been entitled to federal aid. Where active tuberculosis of 10 per cent degree has not been diagnosed during the two year period following separation from service and does not come under the 30, 33 or 36 months provisions, the claimant shall be referred to a hospital for a period of observation and a report made by three medical officers."

"This special board shall report the extent and character of the pulmonary lesion as disclosed by the X-ray and physical findings and shall record a careful medical history to the length of time the disease had previously existed. A district board of three members will be named by the district medical officer within a few days on these findings and make the necessary decisions. This means that every veteran suffering from tuberculosis will be given an opportunity to have his disability connected with war service regardless of the time the first examination was made."

Announcement was made that a new measure will mean a material increase in the activities of the Veterans' Bureau for many months both in awarding of compensation claims and hospitalization.

Local Boy to Head W. U. Debate Team

Robert Notson, of this city, will head the debating team of Williamette University this season, and with the other members will soon go on their itinerary. Robert won high place with the team last year and he is feeling
