Child be determinates coverands of the best with results to the trimmphs of the best with results to the trimmphs of the best with results of the bust with Whitney's machine that could saw, at Deguerry's ann picture, at Well's an-asthetics, at Moree's tolegraph, at Bell's telephone and at Edison's talking machine. A quarter of a century ago a professor of physics at the Uni-versity of California "proved absointely" that it was a physical impos-sibility for man to fly. But the Wright boys showed that this pro-fessor was a slave to his culture.

Every great triumph in the world's history has fought its way over the boundaries of temporary failure and ed its goal in spite of the scoffs, ve "cultured."

Society's pet is seldom a prophet. True talent is discovered tardily. To possess all its accumulated know-ledge of the past does not make a man great. We are measured not by our accumulations hut by our contribu-tions. The brains that are remem-bered are those which had not know-ledge but the pattence and the con-fidence to purvue unbatted a great fidence to pursue unabated a great plan or purpose and create know-

ecause a fellow is doing something different from what has been done, don't be too quick to call him crazy. Time may make you the bigger fool of the two for having rejected his

iden before understanding it. It's the fellow who sails a new sen who discovers a new shore. It is the fellow with originality whom the world most needs.

wavid most needs. If a man's faith in his new scheme a can stand the seld test of the un-thinking sneer, he may live to benefit the world. The fellow who is afraid if to depart from convention, and who to is straid to do something different to for fear he may be laughed at, is a craves no matter how much he may if hence

know. The men and women who acquire knowledge that they may be respect able, who look to the past that they may be confertabl in the present without any thought of daty to the future, who study merely for the mind when trained, are about as ef-fective as an army which has learned to march by marking time. Learn not only to fill your head but to use your head. Don't be afraid to use your head. Don't be afraid to to use otors or work. The pinneer's path is always hard

The pinneer's path is always hard int it is the planeer who finds new welds and new benefits and whom in he end he world must have

I guss. An examination of such food lists Dunchettes

An examination of such food lists shows a general increase of 41 per cent in December, 1922, as compared with December, 1910, with consider-able hardship in the way of prices during the Interim. Freish milk for example showed a decrease in 1914 over 1913 of one per cent, and then the following in-creases: 44 per cent in 1917, 73 per cent in 1918, 84 per cent in 1919, 85 per cent in 1920, 55 per cent in 1921 and 51 per cent in 1922. These figures are authentic. It
