

Punchettes

Rev. M. A. Matthews, D.D.L.D., Author.

THE CHURCH BACKWARD.

AS HAS been said by many who are students of the condition, there are two tendencies that are working together to disrupt all orthodox evangelical denominations. These two forces might properly be called false teaching and autocestry.

The false teacher has been in the church since the first century. He tried to destroy with his false doctrine the little group of Christians who began in the first century, and since that time he has been marching across the continents of time.

The rationalist is compelled to set up a human gospel, a piece of human machinery, and to build his little business in order that he may advance his cause. He is corrupt at heart, designing in his motives, autocestric in his methods, bureaucratic in his government.

A great many of those who are teaching and who have taught false doctrines have taught them because they wanted to reduce God's standard and mode of living, or because they have never become regenerated Christians.

The false teachers and the advocates of the vicious doctrines are perfectly willing to use money, political machinery, or any other means that they can devise, to destroy the influence and power of the great Christian leaders of the day. They use every method of chicanery to keep such ministers out of pulpits, to prevent their being called to permanent pulpits, and to deprive them of leadership in their denominations.

No regenerated man has ever denied or will ever deny the deity of Christ. Therefore, any such denial on the part of any man who claims to be a minister of the gospel is prima facie evidence that he has never been regenerated.

These false teachers and rationalistic agents enter our denominations and try to destroy our church governments and establish their Nero-like autocestric, bureaucratic government of destruction.

Will the layman awake and drive this black hand from the church?

Give the little chicks a good start; we have the necessary chick feed. Also for the laying hens—bone meal, egg maker, grit and oyster shell. Peoples Hardware Company.

G.-T. Printing Is Known For Its Good Quality

Methusaleh Says:

CONSIDER the squirrel, Oh my son, and be wise. For when the sun shines, then doth he gather the fruit of the nut trees. But when the trees cease to bear fruit and snow covers the ground, then doth the squirrel feast on the nuts he hath stored against the cold days.

If thou would be wise and farseeing, get thyself a Bank Book and use it frequently. Be prepared for the Rainy Day; for when it rains it doth pour. But thy Bank Book will protect thee and thou will be blest amongst men.
