COMMERCIAL CLUB WILL BE REVIVED

Citizens of Heppner Meet at Elkhorn Restaurant Friday Evening

ROADS TO BE TOPIC

Commercial Club Has Been Dormant for Months; Need for Live Organization Realized

A meeting of the citizens of Heppner and community is called for Friday evening, when they will be expected to gather around the festive board at the new Elkhorn restaurant to take the necessary steps to revive the commercial club—re-erect it from its sleep of many months, and try to inject new life and pep into an otherwise defunct institution, that it may be enabled to function for the betterment of the community.

At this meeting, besides the expected reorganization of the commercial club, there will be discussion of the road situation, especially that part of the road program that has to do with connecting this city up by the proposed road leading out from Hardman to the Lewis and Clark highway near Spray. There is not a citizen of the community but that is vitally interested in this proposition, and the time has arrived that we must go out and get what we are entitled to. To this end, then, there should be a large attendance at the meeting Friday evening, and let every business man and resident of the city who is solicited to attend, promptly respond to the call.

Ninety Men Are Given Military Commissions

Oregon Agricultural College, Corvallis, June 5. Louis Hatt Rising of Irrigon, who was graduated in pharmacy from the college yesterday, is one of the ninety men given military commissions at commencement. The engineer unit has the largest number of commissions receiving 25. The field artillery followed with 21. The cavalry and quartermaster units had 14 and 10 respectively.

This is the largest number of commissions to be given in the ninth corps area. The University of California has the next largest number, 38 men from that institution having received commissions this year. The university has more than four times as large a registration as O. A. C. Approximately 50 per cent of the officers commissioned from the R. O. T. C. in the ninth corps area are from O. A. C.

O. A. C. is one of the few institutions to be given a "distinguished" rating with the war department. The college is permitted to designate candidates for commissions without further examinations as a result of this distinguished rating. Rising received his commission as second lieutenant in the engineers unit. He is a member of Sigma Gamma fraternity.

LaGrande Observer Issues Big Oregon Trail Edition

Bruce Dennis, editor of the LaGrande Observer did himself proud by getting out a big Oregon Trail edition under date of Saturday, May 26. This is the second issue of the Dennis as he is not much given to special editions, but the occasion of the completion of the Oregon Trail was one that called for a special effort, and this the Observer did in a splendid manner with a 62-page edition.

It is a great boast for the Oregon Trail Pageant which is coming off right after the first of July out to the top of the mountain near Meacham, at which time it is expected that there will be at least 40,000 residents of the state of Oregon and adjoining commonwealths present, and President Harding will also honor the occasion by spending the 3rd of July there.

This edition of the LaGrande Evening Observer is replete with fine wreaths and illustrations of the scenic beauties of the Blue Mountain section, giving special preference to Union, Baker and Walla Walla counties, and not overlooking the extensive resources of this district. From a mechanical standpoint the edition is also of a high class, and shows what can be accomplished in the splendid plant of Senator Dennis, to whom we extend congratulations upon the fine publication he has put forth from the little city of LaGrande.

FEDERATED CHURCH

Sunday school 9:45 a. m.
Sermon 11 a. m.; 7:45 p. m.
Christian Endeavor 6:45 p. m.
The 15 young people who took charge of the service at Morgan last Sunday afternoon found a full house to greet them. They are invited to come back again.

The vacation Bible school which begins this Thursday morning at 9 o'clock will be most helpful to the boys and girls.

We are finding a goodly number faithful since the closing of school, and we hope this faithfulness will continue throughout the summer. Don't forget we need food for our spiritual bodies in summer as well as in winter. Many stars to death spiritually during the summer. The devil does not close up his institutions during the summer, why should we?

You will be welcome.

J. R. L. HASLAM, Pastor.

LOGANBERRIES

Place your order now for top quality loganberries at \$1.50 per crate. Shipped by express name as picked. R. L. GITHENS, Eagle Creek, Or.

BOUNTY IS CUT OFF BY COUNTY COURT

By action of the county court yesterday, the bounty on predatory animals was declared off, and from this on, unless they see fit to return again to the old system, the county will cooperate with the state and the U. S. biological survey in carrying on the work.

The state repealed the bounty law at the last session of the legislature, and it was left to the county to do as they wished in this regard. As all the counties adjoining Morrow have taken off the bounty, and this has left our commissioners nothing else to do, Oliver Williams, who is connected with the predatory animal department of the government biological survey, was here the first of the week, and in consultation with members of the court, it was shown that by cooperating with the government in their work of eradication of coyotes and other predatory animals, the work can be carried on satisfactorily, and the contract between the county and the government will be so changed as to allow this. In this work, by the county putting up a certain sum, it will also be matched by the state and government.

LOCAL NEWS ITEMS

Earl and Len Gilliam got in Monday morning from their fishing trip to the Lewis and Clark highway, where they enjoyed fine sport and landed a big catch of the Eastern brook trout. The specimens brought home were certainly beauties and the boys feel well repaid for the long trip to the Lewis and Clark highway, where they enjoyed fine sport and landed a big catch of the Eastern brook trout. The specimens brought home were certainly beauties and the boys feel well repaid for the long trip to the Lewis and Clark highway, where they enjoyed fine sport and landed a big catch of the Eastern brook trout.

Mr. and Mrs. M. D. Clark and daughters, Miss Mary and Marjorie returned from Walla Walla on Friday. Mr. and Mrs. Clark and Miss Marjorie attended the commencement exercises of St. Paul's academy there on Wednesday last. Miss Marjorie has been a pupil there for the past two years, being among these graduates. While at the Walla Walla school Miss Clark specialized in the study of music, but her graduation was from the academic department.

Dr. Fred E. Farris, Mrs. Farris and wife, returned to Portland Tuesday where the doctor is busy attending the sessions of the state dental association in convention assembled there yesterday. Mrs. Farris expects to remain in the city for a few days, visiting with friends and relatives.

James Mollahan, who some time since retired from following after the woolies as a camp tender in the mountains and took to farming on his own account, was in town yesterday. He thinks he has good prospects for crops are quite bright and looks for more wet weather before the summer season really sets in.

Mr. and Mrs. Joseph Snyder returned from Portland the last of the week, having spent several days in the city. Mr. Snyder, who is a brother of Mr. Snyder's, returned with a sister of Mr. Snyder's, and her husband who had just returned from a sojourn of about seven years at Hongkong, China.

The little daughter of Mr. and Mrs. E. E. Rugg of Rhea creek suffered broken arms on Tuesday when she got that member of the steering wheel of the car. Dr. McMurdo was called to attend the child and she is getting along well.

W. B. Barratt and family and Garnet Barratt and family left by auto on Friday for Corvallis to be present at the graduation exercises at that institution which took place on Monday. Miss Helen Barratt was among the graduates.

Mrs. Frank Elder, of Ritter, is a guest this week at the home of her daughter, Mrs. David A. Wilson, in this city. She is in her return from a visit with her son, John Elder, at Silverton and her sister, Mrs. Hank Vance at Portland.

Circuit court for the June term will convene at the court house in Heppner Monday next, Judge Gilbert W. Phelan presiding. The present appearance of the docket the session will be a short one.

Oral Henriksen of Cecil, was up to Heppner Tuesday. He expects to be busy with the hay harvest right away, the alfalfa having reached that stage in the Cecil country that it must be gathered into the stack.

Gene Gentry and K. L. Beach, members of the Lexington school board, were visitors in Heppner Tuesday, having business in connection with the refunding of the bond issue of District No. 12.

Bone meal, scratch feed, egg maker chick feed, grit and oyster shell, all necessary to get the best results from your poultry pens. Come to us for these. Peoples Hardware Company.

Harlan McCurdy is busy getting the wool from the big Davidson-McCurdy ranch into the Heppner warehouse by means of his truck, beginning the job of hauling this week.

A purse was picked up at Heppner one day this week and handed to Sheriff McDuffee. It contains a small sum of money and owner can get the same by calling on the sheriff.

Give the little chicks a good start; give the old flocks a check feed. Also for the laying hens—bone meal, egg maker, grit and oyster shell, Peoples Hardware Company.

For Sale—Full blood O. I. C. boar 3 months old; also 2 full blood O. I. C. sows to farrow in July that will give a good crop of piglets. ORAL HENRIKSEN, Cecil, Ore.

Mrs. J. B. Sparks of Bend who is visiting with relatives at lone this week, was up to Heppner Wednesday, being accompanied by her sister, Mrs. Henry Clark.

P. Mahoney of the First National bank, returned the end of the week from a trip into Grant county. He was accompanied by his son Phil.

ROCK IS NOT MADE TO MAR SCENERY

Nature's Providence Big in Material Man Has Found Useful

MAKES GOOD ROADS

Largest Crusher Ever Operated in County Being Used by State up Hinton Creek

Nature is a grand provider. Even in Morrow county where the many cliffs of rock seem to be an eyesore Nature has not been so very unkind in her providence. Man in his course of progress has found necessary a faster and better means of transportation. Thus came the many gas driven vehicles which crowd the highways of the world. But the vehicles alone did not suffice. Firm, smooth roadways in turn became necessary before they could be successfully operated. Many kinds of roads have been made, but undoubtedly the best for the money is the macadam, or crushed rock roadbed. According to experts the rock of Morrow county is the best material obtainable for macadamized roads. Man in Morrow county is now making use of Nature's bounty in the road program which it has become imperative for him to follow to keep up with the procession.

It is a grand and somewhat awe-inspiring sight to witness the machinery at work near the Matlock ranch up Hinton creek, literally tearing a hill to pieces, breaking up the rock to feed through the crusher. Two monster engines work side by side, to turn the wheels of the largest crusher ever operated in the county, which grinds up the rock as if it were so much popcorn, as well as to pull the big shovel back and forth on a cable to feed the ever-hungry gulch of the giant rock glutton. From the crusher the rock is hoisted by a cup-belt to the top of the bunkers into a double perforated cylinder which sorts it into coarse and fine grades, each grade falling into a separate compartment in the bunkers. Huge trucks with dump bodies drive under the bunkers and are loaded through a trap-door.

It is planned to keep the crusher in operation day and night till enough material has been provided to cover the 12-mile stretch which will connect up the Heppner macadam with that of Jones Hill. A full crew is now at the work being carried out by the state and it will be pushed at top speed. The job is a big one, however, and it is expected to be close to the first of November before it is finished.

COMMUNITY DAILY VACATION BIBLE SCHOOL PROGRAM

9:00 Opening March, Opening worship.

9:15 Memory work.

9:25 Music period.

9:40 Bible work.

10:00 Intermission; good games.

10:15 Stories of the Bible.

10:40 Verse finding; memory work.

11:00 Communion service.

11:20 Closing hymn; salute to flag; benediction and march.

This program will vary a little but will give parents an idea of what the school will do.

The Daily Vacation Bible School will begin this Thursday, June 7, at 9 o'clock promptly. The sessions will be from 9 to 11:30 every morning until June 14, which will be closing day. A short program will be given on the afternoon of the 14th for the parents and a display also made of the work done by the pupils.

On Saturday of this week there will be a picnic for pupils.

Every boy and girl of Heppner is invited regardless of their church affiliation. This includes from the first to the eighth grade pupils. Every one will be expected to be on time for the opening march and worship. Competent teachers will be in charge.

This school will be held in the basement of the Federated church.

CHAUTAQUA MEETING FRIDAY

The Chautauqua guarantors and all others interested in the success of the coming event, are requested to meet at the pastor's study in the Christian church at 8 o'clock on Friday evening.

FORD OWNERS

We have quite a supply of 303 1/2 used tires and tubes in good condition at prices from 50c up. HEPPNER GARAGE.

Fred Griffin, wheatgrower of the Ione section, was in Heppner for a short time on Saturday.

The Three Patton Brothers Coming

High Class Performance of Musical and Artistic Worth Promised Patrons of Chautauqua Here June 22-27

Here's a "different" program by an altogether "different" company. Instead of the usual girl entertainment group, so common in Chautauqua, you will have an opportunity to enjoy a real red-blooded "man" company when the Patton Brothers come to town. The boys—all brothers—are full of "pep" and enthusiasm, and their program, all written in musical form, consists of specially costumed "episodes." No expense has been spared in costuming and providing special scenic effects. The result is a high-class performance of musical and artistic worth—lacking only in the cheap "jazzy" element, so common in entertainment nowadays. And yet it is a program of real "punch"—a personality program, if you will, for the work of each of these young artists stands out in bold relief. They will give two programs on the opening day of Chautauqua.

\$75 Scholarship Offered to Morrow Club Workers

Oregon Agricultural College, Corvallis, Ore., June 7.—The boys and girls of Morrow county are asked to compete for a \$75 scholarship to Oregon Agricultural college offered by the Union Pacific Railroad company. The entries will be scored on a basis of 75 per cent for club work and 25 per cent for activities of the member in his own community. The scholarship money may be used in attending the junior summer session or in regular attendance at the college. The competitors may enter wheat, corn, potato, bee, calf, sheep, pork, or poultry projects. Other counties receiving this offer are Sherman, Multnomah, Hood River, Willowa, Gilliam, Baker, Crook, Jefferson, Deschutes, Umatilla, Union, Malheur, and Grant—all counties through which the Union Pacific system runs.

THE CHURCH OF CHRIST.

Lord's Day, June 10.

The New Church with the Old Message. The Old Message always helps with the old burdens, and to fight the old enemy. All that is worth while in the church is about two thousand years old. The message today is for YOU.

Bible school 9:45, Mrs. Livingston, superintendent, communion and preaching 11 o'clock, Junior Christian Endeavor 3 p. m., Reid Buselek leader; sing and sermon at 8 p. m.

The theme of the morning sermon will be, "God With Us," and of the evening sermon, "The Lifting Hand." There is a comfortable seat for you at all services, come and occupy it.

Don't overlook the state convention beginning Wednesday next; see program in this issue of Gazette-Times.

CHEESE FACTORY READY.

Jacob Marty & Son, practical cheese makers, have opened their new cheese factory at Boardman and expect to do a fine business with dairymen on the project.

The new plant is modern and complete with a capacity for 6000 pounds of milk, or about 600 pounds of cheese a day. Prices offered for milk will scale 5 cents a pound above Portland butterfat prices. The new factory occupies the new Murtha building to which an extensive addition will be built to afford needed room.—Boardman Mirror.

GAME LOST TO ARLINGTON.

In the game of ball between Heppner and Arlington at the latter's grounds on Sunday, Heppner went down in a 6-7 count. It is reported that the home team was right up and coming until the seventh inning and had Arlington going to a 6-0 score, when they bunched a lot of errors that allowed Arlington to get in 7 runs, putting them in the lead, where they remained to the end.

JACKS FOR SALE.

Several young jacks, 2 to 5 years old, registered and broke in. Will sell for \$100, from these jacks, in part of full payment. Eastern Oregon Jack Farm, B. F. Swagart, Prop.

Agricultural Program Subject of Conference

Farmers, Specialists and Business Men to Consider Farm Production and Marketing

An agricultural program for Oregon with due regard to farm production and marketing has been announced for the fourth week in January next, at the agricultural college. The competitors may enter wheat, corn, potato, bee, calf, sheep, pork, or poultry projects. Other counties receiving this offer are Sherman, Multnomah, Hood River, Willowa, Gilliam, Baker, Crook, Jefferson, Deschutes, Umatilla, Union, Malheur, and Grant—all counties through which the Union Pacific system runs.

The two problems of producing and marketing are so closely linked that neither can be solved successfully without regard to the other, the committee in charge finds. This relationship as applied to the potato is pointed out—that unless due weight is given selection of seed and soils for growing the tuber no proper grading and packing for economic marketing is possible later.

Organization will be on commodity lines. Delegates interested primarily in fruit will form one division and in the celebration this year, features will be in the state agricultural program. Livestock, farm crops and dairy groups and others will act on similar lines, with special sections on agricultural credits and transportation.

The weakest links of the state-wide agricultural chain will be pointed out by the various groups, and strengthened.

Important agricultural, marketing, commercial and business associations will be asked to assist in developing this big program and getting it into action throughout the state.

CHAUTAQUA SEASON TICKETS.

The season tickets for the Chautauqua this year will be \$2.50 for adults, \$1.50 for high school students, and \$1.00 for children below the high school. If you should attend every session, paying the single admission rates, you would pay \$7.50, just three times the cost of a season ticket. The single admissions for the evening sessions amount to \$4.50, and for the afternoon sessions \$3.00. It will pay to buy season tickets. It also helps the local committee if you buy season tickets. More than one-half of the tickets have been reserved already. See Mr. Smead or some other member of the committee on tickets and reserve your tickets. You can pay for them later. Do not wait to be solicited. Make your reservations at once.

JUDGE CORNETT HOLDS COURT.

Judge Alex Cornett held a short session of court on Tuesday forenoon at the court house. Frank Stanley had been taken up for violation of the game laws and was charged with the killing of two deer out of season. He pled guilty to the charges and was fined fifty dollars apiece for the violations. Harry Archer also pled guilty to the charge of having intoxicating liquor in his possession and Judge Cornett assessed a fine of \$100, which was paid.

NOTICE.

As there has been a fence placed across the county road on Freeseout mountain, we hereby notify the public that we will not allow livestock to make a trail over any of our lands in this district, owing to this fence, and will handle such stock as will trespass. HYNED BROTHERS CO., By David Hynd, Secretary.

Mrs. M. Belle Thompson of Portland is a guest this week at the home of her son, Ralph Thompson on Willow creek.

FARMERS VISIT MORO JUNE 15

The annual trip of the wheat growers of Morrow county to the experiment station at Moro will take place this year on the 15th, 16th and 17th of this month. The importance of the visit to the wheat grower on the yield and quality of wheat grown in this section cannot be over estimated and the farmers who will make this trip will have the opportunity of getting first hand results of the experimental work now going on at this station. Among the many experimental plots to be seen are the ones showing the influence of time of plowing on the yield. Plots plowed April 1st, May 1st and June 1st are being given eight different methods of varying through the summer and the results obtained show very plainly the necessity for early plowing and clean cultivation. Some of the most interesting of the plots which will be seen are those comparing the various treatment tests and those showing the smut resistant wheat. Several of the latter have been developed and it is hoped that they will be ready for distribution in the next year or two. Some of these wheats appear to be totally immune from smut and should the yields from these be satisfactory they will probably be the leading variety for the state in a short time.

The morning trip will leave from Heppner June 15 at 9 a. m., leave Lexington at 9:45 and Ione at 10:30. A stop will be made at Arlington for dinner and the party will arrive at Moro in time to visit some of the fields in the vicinity that evening. Saturday will be spent at the Moro experiment station and the return to Morrow county will be made on the 17th. All who will be able to make the trip are urged to notify the county agent so that arrangements regarding accommodations en route and at Moro can be made.

ROGER MORSE,
County Agent.

FRANCHISE EXTENDED.

At the council meeting on Monday evening an extension of the franchise of Heppner Light & Water Co. of five years was granted, upon the application of H. V. Gates, president of the company, who was present. While in the city at this time, Mr. Gates made no further statements regarding his plans of getting electric energy from the Northwestern Electric Co., and when this is done, the patrons of Heppner Light & Water Co. will have such a reduction in rates that they can afford to use the current much more generally than under present conditions. He felt quite sure that the new arrangement can be made.

NOW WITH IDAHO BANK.

T. J. Mahoney, vice-president of the First National Bank of this city, was recently chosen as president of the Stockmen's National Bank of Nampa, Idaho, and is now with that institution. This is a new bank, growing out of the reorganization of the First National Bank at Nampa.

PARKERS MILL WILL CELEBRATE.

Arrangements have been completed for a big four days celebration at Parkers Mill, beginning on Monday, July 2nd, and continuing over the 5th. This popular mountain retreat is the place to spend a few days of the warm spell, and there is to be a fine program of entertainment offered in the celebration this year. Features will be dancing in the big pavilion each evening, music furnished by the Giese orchestra of Vancouver, Wash., wrestling matches, boxing matches, bucking horses and horse racing, and each day is promised to be full of interesting entertainment. An abundance of free camping ground is an inducement to those who come to Parkers Mill for their celebration to spend the entire four days by bringing along their camping outfit.

GRANT OLDEN WAS A VISITOR IN TOWN today. He and his family have just returned from a visit over in the Bend and Prineville country, where they met former Morrow county residents and enjoyed a fine visit. Mr. Olden says that the city of Bend seems to be prospering and much building is going on there. He also states that the farmers of the Fairview district are now putting in better telephone connections from his place to Ione, getting the poles and placing the line up above the barbed wire fences, which will insure them much better service in the future.

FRIDAY, JUNE 15

5:30 Opening Song.
9:30 Kermore Address, "Go Ye . . . into Judea and Samaria," R. F. Jameson, Heppner.
9:30 "Bearing One Another's Burden," E. E. Elder, Richardson.
