year there were \$2.

Although the number of pictures has been radically reduced, all of the production resources of the Famous Players-Lasky Corporation have been kept intact and will be concentrated on the production of these fewer pictures. Each of the pictures, according to an announcement by the heads of the corporation, will be bigger in every way than any pictures hitherto produced by the company, and as more time has been given to the selection.

Protects the Operator From Copper Carbonate Dust

Takes grain right from Mill;

Is built to last.

Professor Barus, Plant Path-slogist, O. A. C. went into the work of the machine thoroughly before making the following open re-emmendation to the farmers of the Northwest, in which he said:

"I have compared wheat treated by the Calkins machine with seed treated in our laboratory, seed which we treated as theroughly as it was possible to apply the dost and the wheat from your machine proved to be as thoroughly coated as it is possible to cost the grain, and yet without an excess which shows that the machine is efficient. I am glad to recommend this machine." to recommend this machine,

Orders are being placed at Spokane for deliveries into ev-ery state in the Northwest.

Because of the efficiency, simplicity and durability of this machine it is in the greatest demand. The the capacity for manufacture is great it is evident that it will be overtaxed. THEREFORE ORDER NOW IN YOUR OWN INTEREST.
