

16 Buckers Arrive From Round-Up

RECORD CROWD IS COMING TO RODEO

Rains Are Passing Making Weather Prospects Bright

SHE'S WILD, LET'S GO

Big Band, Carnival Shows, Concessions and 49 Dance Keep Things Moving All the Time

With the arrival of a string of 16 buckers from the Pendleton Round-Up in charge of Ben Jory, the three-day program for the Rodeo, opening this afternoon, promises to be all of the "biggest and best." Speedball, Carmation, Cyclone, Calf Race, and Sun Dance, all well-known performers at the Pendleton show, will try the metal of local buckaroos. Besides these ten other buckers of the Pendleton show will be on hand, and added to the local string will furnish a material rivaling even the big Round-Up.

Rains that have been falling the last few days promise to cease, leaving the track and field in the best possible condition. Spectators will be free from dust, the atmosphere will be clear and bright, and everything in the best possible shape for a glorious big time. Carnival people have been in town for three days getting things arranged for the amusements to fill the spare moments. The big Dales barn is being and the city is decorated in holiday attire, for the reception of the crowd which promises to be the largest ever gathered in Heppner.

Albert Peterson, of Ukiah, is here with his famous relay string, making the list of participating horses run well up over a hundred. The tryouts Sunday showed up several mean buckers in the local corral. The Crites horse that piloted Jack Terry will be a strong contender, and five other outlaws will put up stiff competition. Besides the large number of horses a big bunch of steers and calves have been rounded up ready for the snare of the lariat, two big bulls await their mounts, and a large band of mules are ready to dump their riders.

A big array of local cowpunchers, as noted for their skill in the saddle, will make a fierce attempt at conquering the string of outlaws. Jack Terry and Dolph Brown, two men who showed their stuff in the tryouts Sunday will be strong contenders for first honors, as well as Ukiah, who made a very pretty ride in the tryouts. Others on the list are Ralph Reid, Eddie Sheridan, Herb French, Jack French, George Hennings, Alderman, Deb Heinenbrook, Albert Peterson, Lloyd Matteson, Birk Linn, and Charles Latourel. With the intrepid participants included in these lists facing each other, the crowds of Rodeo visitors will be furnished a show extraordinary.

Among the main attractions are the horse and pony races. These include the 1-2 mile and 1-4 mile saddle horse races, cowboys' horse race, boys' and girls' pony races, thoroughbred races, and relay races. Liberal prizes are offered in all events, and entries are fast signing up. Steer and calf roping events are likewise a strong drawing card.

Each night the crowds will proceed to the fair pavilion where a big 40 dance will be conducted to the strains of a big jazz-orchestra. "Good for Ten Ewes, They're Wild" Money will be the medium of exchange at faro games, roulette wheels and all forms of amusement. The old wild west bar will be in evidence and a good time, unequalled even in the days of '49, will be had. There will be nothing lacking for the complete enjoyment of everyone.

The big afternoon show will start at 1:30 each afternoon. Tomorrow and Saturday mornings at 11 o'clock there will be a magnificent street parade headed by Eva Padberg, queen of the Rodeo. The program complete for the first day is printed in another column of this paper. For the other two days the program will be made up after the show of the previous day and programs for each day will be sold at the grounds by Curran & Barr. Friday's and Saturday's programs include a new feature in the form of a milking contest, which will be an added attraction.

Extensive preparations are being made by local hotels and restaurants to care for the large number of Rodeo visitors, and everyone is assured the best of accommodations and courtesy. People were coming in all day yesterday, and this morning the opening day promises to be a record breaker. Multi-colored shirts, bandannas, and big sombreros and boots are the dominant articles of apparel. Everyone is entering into the spirit of the occasion, and Heppner's second Rodeo will be an epoch in the annals of local history.

MANY IONE PEOPLE ATTEND ROUND-UP

New Editor of Ione Independent Publishes First Issue; Other Items of Interest

P. P. Haasler has taken over the Ione Independent and printed his first issue on Friday, September 21, which was full of news and new ads. We are glad to have Mr. Haasler with us and hope he will soon feel at home in our little town. We like his spirit in wanting to make Ione a bigger and better town and hope all will put their shoulder to the wheel and work together with that object in view.

Among those who drove to Pendleton to attend the Round-Up on Saturday were Dr. Walker and family, E. R. Lundell and family, Emil Swanson and family, Mr. and Mrs. Allison and son, Nolan Page, Mrs. Laxton Murray, Mrs. Joe Bowers, Floyd Burnett, J. A. Williams and family, Fred Ritchie and family.

Mr. and Mrs. H. J. Biddle and Mr. and Mrs. Roy Llesalien motored to Pendleton Sunday afternoon, returning Monday. Mr. Llesalien drove home in his new Chevrolet car purchased through H. J. Biddle, Ione agent.

L. E. Dick, our obliging Standard Oil man, was called to Idaho Thursday evening where he will remain for some time. Loren Mikesell of Heppner will have charge of the Ione station during his absence.

Mr. and Mrs. Ike Howard returned from Valley points Saturday evening. They were accompanied by Mrs. Howe and small son. Mrs. Howe is visiting her sister, Mrs. Laxton McMurray.

Mr. Hayner has returned to Ione with his family. They have moved into Mrs. A. Mason's residence. Mr. Hayner and his brother will engage in wheat raising.

The Masons met in their new hall in the Harris building last Wednesday. The hall is not completed but was temporarily arranged for their convenience.

Elmer Griffith, Lon McCabe, Lee Howell and Jack Ryan returned from a two weeks hunting trip in the Blue mountains, but failed to bring home any game.

Fred Raymond, of Rhea creek, returned Thursday from Pendleton where he attended the Shriner's ceremonial. He reports having had a fine time.

Mr. and Mrs. Arthur Erwin and Mrs. Henry, mother of Mrs. Erwin, motored to Pendleton Saturday morning to spend a day at the Round-Up.

Miss Vera Engleman and her cousin, Miss Thelma Newton of South Bend, Wash., went to Pendleton Thursday to attend the Round-Up.

Mr. and Mrs. Will Bell of Heppner were in Ione on Thursday distributing circulars for the big sale at Minor & Co's.

Mr. and Mrs. C. C. Rhea returned from Pendleton Friday evening where they had been visiting relatives for a few days.

Mr. and Mrs. Chas. Erwin have returned from a week's visit with friends in the Wallowa country.

Mrs. J. Vaughn of Portland and Mrs. Stephen Irwin of Heppner, visited relatives in Ione last week.

N. W. GRAIN SHOW GOES TO PORTLAND

Removed From Pendleton and Will Be Held in Metropolis at Time of the Stock Show.

The Northwest Hay and Grain show which has been held in Pendleton in connection with the Round-Up for the past two years has been taken over by the Pacific International Livestock Exposition at Portland, and will be held in connection with their land products show November 3 to 11. There are many advantages that will come to the exhibitors as a result of the change. The cash premium list will be increased to approximately \$2500. Heretofore there has been a relatively small attendance at the show. The livestock exposition has an annual attendance of over 100,000. Last year Morrow county made a very creditable showing at the show in Pendleton. Heretofore there has been a better one at Portland this year.

The following arrangements have been made for getting grain down to the show: Any farmer who has a good lot of wheat and would like to sell in an exhibit to the show may bring in a sack of it to the warehouse and notify the County Agent that he has left it for him. This will then be sent to Portland and cleaned and released and exhibited under the owner's name. There is a large quantity of extra good wheat in the county this year and Morrow county should make an exceptional showing at the show.

CECIL NEWS ITEMS

To all whom it may concern: Save a little honest to goodness genuine cash and be ready to hand over some dollars for the suffering Japanese. Cecil has been asked by the Red Cross to assist and we wish to do our part as usual. The chairman, Mrs. T. H. Lowe of Cecil, intends holding a basket social in Cecil hall as soon as a convenient date can be fixed. Watch this column next week. Everyone is cordially invited and is asked to contribute back to the Red Cross a basket with a good lunch why bring a live chicken and an axe and the chairman will demonstrate fried chicken on short notice. No dummy baskets will be accepted.

This Week

A Giant Airfish. Mr. El-Worm Here. The Devil's Ink Stain. Your Eye and Auto.

By ARTHUR BRISBANE

The United States built a giant dirigible, in ENGLAND. It fell, killed 62. Another, built in ITALY, fell, killed 34. Last week, the United States Zeppelin, ZR-1, built HERE, by the American Government, flew over New York and started for Philadelphia, having first traveled 100 miles over New Jersey. Those who think the Government can't do anything and must always hire private assistance, take notice.

That great machine, looking like a silver coated fish, slowly traveling through the air above New York, was a warning to the six millions of that city, and the whole country.

In the morning, with the sun obscured by clouds, the air giant was barely visible. Had the captain chosen to go a few thousand feet higher, it would have been absolutely invisible.

Such a traveler coming out of the misty dawn, above the edge of the ocean, would first make itself known by dropping enough bombs to destroy New York, enough deadly gas to kill three-quarters of the inhabitants.

The next war will be an air war. This country should be ready for it.

Important. Bad news for farmers in rapid spreading of the eel-worm disease, imported from South Africa. The eel-worm, fatal to alfalfa and other plants, in two years has spread from Eastern Oregon to California and Colorado.

Kansas, great alfalfa State, Colorado and other States, should fight this enemy as they would Asiatic cholera. The tiny deadly pest might cost farmers hundreds of millions yearly.

Yesterday you could buy a thousand million marks for \$100. In 1914, one thousand million marks were worth \$250,000,000. German money, then worth two and one-half million dollars, is worth \$1 now. That's what war does when you lose. But that war discourages the next-war-likelihood.

The castle of Wartburg is closed for lack of money to keep it in repair. The public can no longer see the room in which Luther translated the Bible, nor the big black spot on the wall made by him when he threw the inkwell at the devil.

American Lutherans perhaps will contribute to repairing the old castle and supply ink to freshen up the ink-stains, which have doubtless been made fresh many a time in the past. It is a pity to let old stories die.

Exercise your eye muscles, and avoid automobile accidents. That's the advice given by Dr. Needles. When you are in a car going forty miles an hour, you go about fifty-eight feet every second. Unless your eye can roll from one side to the other at least twice in a second, you can't keep track of both sides of the road and travel safely at that speed.

The Prince of Wales, under the name of Baron Renfrew, is in Canada resting. In spite of his disguise a crowd met him when he arrived. The English know the value of Canada now, and in future, the real England may be Canada some time, with the British Isles maintained as a central business office in Europe.

RELIEF QUOTA NOT HALF RAISED HERE

Red Cross Drive for Japanese Funds Seems to Lag.

WHEAT IS ACCEPTED

Local Chapter Would Like to Ship Carload Branded "Morrow County Wheat"; Irrigon Over Top.

As yet there remains more than half of Morrow county's quota to be raised for the Japanese relief fund, and a report from the headquarters of the Morrow County Red Cross reveals the fact that the response is slower than in other communities as yet to be heard from.

Heretofore, our people have been prompt in responding to the call for need, and it must be that they do not fully realize the great necessity of helping Japan in this her hour of great disaster and suffering. Many of the adjoining communities and counties report their quotas fully raised, and in some instances more than was asked has been provided.

Up to September 25, Mrs. Emmet Cochran, chairman, reports the funds raised in this county as follows: City of Heppner, \$150.00; Ruth Chapter No. 32, O. E. S., \$25.00; Heppner Chapter, No. 26, R. A. M. and Heppner Lodge, No. 69, A. F. & A. M., \$25.00.

Heppner Lodge B. P. O. Elks., \$25.00; Ladies St. Patrick's parish., \$25.00; Federated Church., \$12.26; Christian Church., \$15.56; W. B. Barratt., \$25.00; Mr. and Mrs. Ed Reitmunn., \$2.00; American Legion, Heppner., \$3.69; W. W. Bechtolt, Hardman., \$5.00; Boardman., \$3.16; Irrigon., \$25.00; Collection, Star Theater., \$43.32.

Total \$440.93

Wheat Is Wanted. Donations of wheat, as stated above, will be gladly accepted. It is suggested by Mrs. Cochran that there could be no finer advertisement for Morrow county than the donation of a car of wheat right through to San Francisco, and this could be realized by each farmer donating from one to two sacks. At San Francisco this wheat would go onto the relief ship direct to Japan, being placed with instructions that it be turned over to the Morrow County Red Cross chapter, who will see that it reaches its proper destination, and that you have credit. Come, join in with these: Brown & Lowry, 5 sacks; Heppner Elevator Co., 5 sacks; Buschke Bros., 5 sacks.

The Way Irrigon Did It. Here's the way to do things. Come on. Figure out your per cent of quota and get it. Five thousand people in Morrow county and our quota is \$925. This is the way Irrigon did her bit, and it is expressed in an interesting letter from the little city in the irrigation district:

"Irrigon, Ore., Sept. 22, 1923. "Mrs. Emmet Cochran, Chairman, Red Cross, Heppner, Ore. "Dear Mrs. Cochran: "Enclosed find check for \$35.00 for Japanese Relief Fund. We have not had time to make thorough canvass of this district but have collected some of this, total \$15.00, and five of us have agreed to guarantee the rest, so I am enclosing my check for the full amount. We will, however, solicit again and then fill in our part eventually to make up the difference. Will mail you list of donors when this is done and additional funds if any such be collected. Yours very truly, "N. Seaman, M. F. Wadsworth, Per N. Seaman."

FIRST CHURCH OF CHRIST. September 30, 1923. All-Day Union Services. All-Day Union Services with the Christian churches of Ione and Lexington. Great services all day, and Basket Dinner at 12:30. "Behold how good and how pleasant it is for brethren to dwell together in unity." All the members of the church are urged and all the friends of the church are invited, to unite with us and our guests on Sunday; Bible School at 9:45, preaching 11 o'clock, Basket Dinner 12:30. Preaching and Communion service at 2:30, Christian Endeavor at 6:30 and evening preaching at 7:30. Special musical features will be introduced at all the services, given by home people and guests; splendid messages are awaiting you in the sermons. The pastor will preach another of his sermons on Sunday evening, subject "Has God Revealed Himself to Men?" Everyone is cordially invited to attend.

LIVINGSTONE. One of the most attractive affairs of the week was the shower given Wednesday night by Mrs. Walter Moore for Miss Doris Mahoney, who is soon to become the bride of Mr. Archie Ball of Ione.

A wagon drawn by little Larry Moore was brought in during the evening, filled with many beautiful gifts for the bride to be.

Seated about the beautifully appointed table with its center piece of red and white dahlias were the guest of honor, Mrs. W. P. Mahoney, Mrs. Paul Gemmill, Mrs. K. E. Mahoney, Mrs. Fred Farnior, Mrs. Gene Penland, the Misses Dorothy Hill, Annie Hynd, Violet Hynd, Kathleen Mahoney, Dorothy Anderson, Thelma Miller, Helen Barrett, Pat Mahoney and the hostesses.

Dr. Clarke will make regular trips to Heppner hereafter.—Adv.

The following is a summary of certified seed wheat inspected and passed in Morrow county this season. This year for the first time samples of the threshed grain were sent in and given a laboratory examination thus making the publication of the list late in the season. The quantity of seed passing this year is much smaller than last year due to stricter inspection.

One or two fields that showed up well in the field inspection have not sent in samples and are omitted. There was no Forty Four found that could pass the inspection requirements.

What certified follows: F. E. Mason, Lexington, 400 acres Turkey Red; Purty 99.88; Mixture Hybrid 128 and Bluestem. Good field. Harvey McRoberts, Lexington, 85 acres Turkey Red; Purty 99.96; Mixture, B. S., Hyb. 128, F. F. Lawrence Redding, Eight Mile, 110 acres Turkey Red; Purty 99.92; Mixture, Jones Five, B. S. and F. F. Bears Cause Sheepmen Trouble in Mountains

Radio Installed on Top of Arbuckle; Other Forest Items of Interest from Gurdane District

Bears are giving the sheepmen of the Potomac and Ditch Creek regions much trouble. The bears are quite numerous and, since there are no huckleberries, they are raiding the sheep camps. One of Bob Thompson's camps has been raided twice; upon the last visit the camp was completely wrecked. Minor & Krebs camp was visited and a half of mutton and a small sack of apples eaten but no other damage was done.

On another occasion a bear killed a sheep near the tent. Government trapper Roosa has out a number of bear traps and has caught two bears during the week.

The Western route road crew has reached Kelly Prairie with the alighting. Due to the extreme dryness no burning has been done during the last week. The brush is being piled and will be burned as soon as wet weather makes it safe. It is hoped that alighting will be completed to the junction with the Heppner-Ritter road this season. Then next summer the stumps will be pulled and the roadbed graded.

A road on easy grade has been completed right up to the tower on Arbuckle mountain. The roadbed is still quite soft and a heavy rain is needed to pack it. The work was done by R. A. Culick, lookout man, at odd times when conditions permitted him to leave the lookout tower.

R. A. Culick now has a radio at the lookout on top of Arbuckle mountain. It was recently brought in and installed by K. P. Cecil. Owing to the clarity of the atmosphere at the high elevation the music and talks come in strong and clear. It is proving to be quite an attraction to other forest officers and camper. This is the second radio on the Western division; Clarence Bisbee of Dixon ranger station having installed one some time ago.

Fred Peterson, government trapper from Ukiah, was over his trap line in this district this week and reports that his catch is very satisfactory so far this month. His trap line does not extend into the region troubled by bears; his catch being confined to cats and coyotes.

A social gathering of the membership and friends of the Episcopal church was held at the church on Tuesday evening, attended by Bishop Remington of Baker and Rev. Miller of Hood River. Services were conducted at the church on last Sunday by Rev. Wm. O. O. F. of Virginia, who recently arrived in Oregon from Virginia.

Dr. C. C. Chick returned on Wednesday evening from a visit to Eugene and Portland. He accompanied his son, Charles, to the university town, where he will enter school again at U. of O.

Death Claims Another Morrow Co. Pioneer

Paul Hiesler Succumbs to Tuberculosis While Under Treatment in Portland Hospital

Another of the old-time residents of Morrow county has been called to his final reward in the person of Paul Hiesler, who, for years, successfully engaged in the stockraising business in this county and accumulated one of the best sheep ranches in the Butte creek section. For more than three years past Mr. Hiesler had been ailing from tuberculosis of the bone and for a while it was thought that he was gaining in health. For the most of two years past he had been spending the greater portion of the time under treatment at Portland, and it was thought that he was making gains toward restoration of his health. A turn for the worse came on Thursday evening last when he was taken with a violent hemorrhage and soon passed away.

The remains were shipped to Heppner and on Sunday afternoon the funeral was held from the Christian church in this city. Rev. W. O. Livingston, pastor, delivering the funeral address. A very large attendance of friends and old-time neighbors of Mr. Hiesler were present to attest the high esteem in which he was held in his home community. Burial was in Masonic cemetery beside the grave of his wife who departed this life several years ago.

Paul Hiesler was a native of Alsace Lorraine and came to America when but a boy seventeen years of age. He landed at Portland, and about a year later came to Morrow county, going to work for E. F. Day, who at that time was one of the largest stockmasters and land owners of the county. After working for Mr. Day for a number of years, Mr. Hiesler went into the business for himself, purchasing one of the Day sheep ranches on Little Butte creek. He retired from active business about ten years ago and removed to Heppner with his family, having purchased property here where he continued to reside until his death. He retained his ranch interests, however, the lands being leased to other sheepmen of the county.

Mr. Hiesler was married in February, 1906, to Miss Minnie McCullough, who died in January, 1913. To this union two children were born, Marguerite and Paul, Jr., and these, with a sister, Mrs. John McCullough, survive. At an early age Mr. Hiesler joined the Presbyterian church in his home land, and he was ever true to his religious convictions. He was also a member of Willow Lodge No. 66, I. O. O. F. of this city.

Dr. C. C. Chick returned on Wednesday evening from a visit to Eugene and Portland. He accompanied his son, Charles, to the university town, where he will enter school again at U. of O.
