to Portland, with plenty left over to enclose The Dalles.

The exact consideration has no een made public, but it is reported be well in excess of a quarter of a million dollars. A substantial pay-ment down has been made, and the balance is to be paid over on the title being satisfactorily proven, the date to be not inter than the 15th of next month. The fact that the new own-ers have taken possession and placed their stock on the property indicates that there is practically no possibility of the deal falling through. It is reported that the new owners will stock. the ranch to capacity, with both sheep and cattle. The Gilman-French ranch was op-

erated successfully for years under the management of J. W. Gilman, well known cattle man. In 1904 Mr. Gilman was injured while haying, when a cable broke, a block striking him in the head. From that time he was un-able to handle the ranch. For some time past 0. B. Robertson,

For some time pair 0. B. Konstson, deputy state superintendent of banks, in charge of French & Co., has been making a personal effort to dispose of this property, French & Co. hold-ing a mortgage of \$65,000 on 11,000 acres of it. The deal was so large that the degrees of nearly who become that the dozens of people who became interested finally backed out, and it was feared that a satisfactory sale could not be made until spring. Sev eral parties with colonization plans and considerable cash visited the property and tried every way to swing

the trade, but were unable to raise the large amount required. The sale involves some of the finest land in Beavers and Sundodgers Meet Homecoming Day Wheeler county, and it is certain that the day will come when the immens-holdings will be cut up, and suppor scores of families.
