January 14th to 19th is this year National Thrift Week, when people everywhere will be reminded of the wisdom of Benjamin Franklin in his teachings of thrift. Leaders have endorsed the movement as a sound plan in helping the country to increased prosperity.

A bank book is the text-book in the study of thrift. It was the book heeded most by Franklin, because there in black and white was the result of his endeavors. "Spend less than you make if you would succeed," said Franklin's famed Poor Richard.

Happy are we to state that this institution helps perpetuate Thrift. We do everything in our power to safeguard the money of our depositors and we realize that our future depends upon the future of our customers. Feel free to call upon us for the service we can render you.
