Boy Missing; Parents Anxious to Find Him

Kenneth Peterson, 14 years old, after expressing a wish to go out and "see something of the world," actually left Portland on Friday, February 29th, and was last seen at The Dalles.

One man was told by the boy that he intended to go to Pendleton, and he told another that he intended to go to Bend, expressing discouragement and readiness to go home.

Mr. and Mrs. J. A. Peterson, 190 Fourteenth Street, have not heard from him since he was seen by the agent at The Dalles station Saturday.

March 1st, and are worried and anxious to learn his whereabouts. If any one knows of the whereabouts of this boy the parents will appreciate their communicating with them at once by wire at their expense.

He left Portland in company with Albert Butler, age 14, and this boy is very noticeable on account of a large scar on his right jaw; however, they may have parted company.

Kenneth Peterson wore a light green coat and had a green flannel shirt and a light striped shirt, either of which he may be wearing, corduroy breeches, puttees and black shoes and a light cap. He has blue eyes, light brown hair and a fair complexion; is five feet five inches tall and weighs 110 pounds.

So They Voted for "TH" The question in the Graham home was whether it was to be TH-rift or D-rift. The vote was for TH-rift after Mrs. G. presented it thusly: "Are we content to drift along with no preparation for the future?" "Or, are we thrifty going to save money for the future?" "A bank account will help us meet possible misfortune without a qualm." "And when opportunity knocks it will make it possible for us to take full advantage." "Now—what do you say, shall it be thrift or drift?" This bank helps people save by paying 4 percent interest on saving accounts. Start yours today.
