

Heppner's 1924 Cha'tauqua

Six Days of Superb Entertainment

JUNE 30th to JULY 5th

The Heppner Chautauqua Committee is bringing to our city in the 1924 Chautauqua, the best program it has yet been their privilege to offer. You can judge by reading over the daily program presented herewith. There will be six days of splendid entertainment, and no citizen of the county can afford to pass it up.

Two Great Plays---

"Six Cylinder Love"

A Comedy in Three Acts

"The Mollusc"

Huber Henry Davies' Clever Comedy

Season Tickets

Adults \$3.00
 Students 1.50
 Children 1.00
 NOTE: Adult Tickets from Committee 2.50

HEPPNER CELEBRATES JULY 3rd and 4th

Buy Season Tickets. You will want to take in the Chautauqua programs on these two days. The four programs will cost you \$2.50, if paid for singly, and this is the price of the season ticket. Help the local committee, as well as yourself, for you might wish to take in the other big tent programs.

Watch For the Big Parade

Thursday, June 26, 2:30 p. m.

Mrs. Vivian Kane and Miss Anna Doherty will have charge of children in parade, and all those desiring to take part will please confer with these ladies. Phone Court House on Tuesday, June 24, or call on them at residence of Mrs. Happold after 5 p. m. Every youngster in town should be in this parade.

Big Sale of Season Tickets Friday, June 27

Lecture - Music - Magic

Children's Day

A Real Clown - A Circus Parade
 A Costume Contest

Free particulars regarding this big feature will appear in the official programs to be distributed later.

Local Happenings

W. H. French has returned to Morrow county and taken charge of his ranch in the mountains south of Hardman. He will engage in the sheep business and is fixing up the place to take care of a band of ewes. For the last five years the ranch has been used for cattle, being leased to R. J. Carner. In company with John Olden, Mr. French returned to Forest Grove on Wednesday, expecting to be there but a short time only. On returning to Hardman his son will accompany him.

Mr. and Mrs. J. W. Stevens were in from Hardman on Saturday to meet their daughters, Mrs. Cecile Saindon and Mildred Stevens, the young ladies coming over from Boardman with Mr. and Mrs. Alex Warren. Mrs. Saindon recently completed a term of school at Grand Ronde, Oregon. Her home is at Portland and she is on a short visit with her parents at Hardman.

Laxton McMurray, a merchant of Ione, was doing business in this city on Tuesday. He reports a lively interest in the annual school meeting at Ione on Monday, Ike Howard being chosen director. The Ione district is getting ready to build a fine new schoolhouse, for which they voted bonds some time ago in the sum of \$40,000.

Rev. W. O. Livingstone and Mrs. Livingstone departed early Wednesday morning for La Grande, where they will spend the remainder of the week attending the Eastern Oregon convention of the Christian church. Mr. Livingstone is chairman of the convention. Some representatives will also attend the convention from Ione.

Dr. F. E. Farrior went to Portland on Thursday last to be in attendance at the meeting of the state dental association. He was accompanied to the city by John Tier and Mrs. A. H. Johnston. On his return home he was accompanied by Mrs. Farrior and Freddie, who had been visiting for a short time with relatives in Portland.

Dean T. Goodman, who was in Portland the past week and attending the grand lodge of the Eastern Star as a delegate from Ruth Chapter of this city, returned home on Sunday. Other delegates to the grand lodge from Heppner were Mrs. Eppa Ward, worthy matron and Mrs. Elizabeth Dix, associate matron of Ruth Chapter.

Paul Gemmill and Spencer Crawford returned Saturday night from Portland, where they spent the past week attending the Masonic grand lodge and the American Legion convention.

Mrs. Earl Barton and two little daughters have returned from Dayton, Wash., where they spent several weeks. Mrs. Barton was called to Dayton on account of the serious illness of her mother.

J. O. Kincaid, who farms extensively in the lower Gooseberry section, was a business visitor in Heppner Wednesday. Harvest will begin out that way shortly after the 4th and Mr. Kincaid thinks the farmers will get much more grain than they have been expecting, but it will lack much of being a normal yield.

E. D. McMillan, Lexington merchant, was in Heppner on Tuesday. He reports that many of the farmers in that vicinity are getting ready to begin harvesting. Just what the harvest will be, however, is a tale yet to be told but the Lexington country will have some wheat at that.

Mrs. Margaret Cason returned from Ellensburg, Wash., last week. She has been attending the state normal school there during the past year, completing her preparation for the teaching profession. Mrs. Cason expects to have a position in Tacoma the coming school year.

Mr. and Mrs. W. P. Luttrell departed for their home at Grass Valley Wednesday morning. Mrs. Luttrell has been in Heppner for three weeks assisting with the care of her mother, Mrs. Mary Barton, during her last illness.

C. E. Woodson departed for Eugene on Friday to attend a meeting of the board of regents of the University of Oregon, of which he is a member. He expected to spend a day or so in Portland looking after matters of business.

Miss Elizabeth Huston, student at University of Oregon during the past year, returned home for the summer vacation on Tuesday, which she will spend with her parents, Mr. and Mrs. E. R. Huston.

Mr. and Mrs. J. W. Beymer of Heppner were here this week. Mr. Beymer is a banker and interested in the wool and sheep business.—Condon Globe-Times.

Kenneth Lane of Pendleton, a grandson of the late Mrs. Mary Barton, was here on Monday to attend the funeral of his grandmother.

Dillard French, stockman, was down from Gurdane on Tuesday.

ENGAGEMENT ANNOUNCED.
 The engagement of Miss Margaret Phelps, daughter of Judge and Mrs. Gilbert W. Phelps, of Pendleton, and Joseph Hodges, of Oregon City, was announced yesterday at the luncheon for which Miss Phelps was hostess at the home of her parents, 603 Washington street.

Both Miss Phelps and Mr. Hodges are graduates of the University of Oregon and it was there that the romance began. Miss Phelps is a member of Kappa Alpha Theta and Mr. Hodges of Phi Gamma Delta. Following her graduation, Miss Phelps, who is a talented musician, was instructor of music in the Kelso schools. Mr. Hodges after completing his studies at the University graduated from Yale and is now practicing law in Seattle. He is an ex-service man, having served overseas in the army. The wedding will be an autumn event and the couple will make their home in Seattle.—East Oregonian.

Oregon Motor Licenses Produce Vast Revenue

During the month of May, said Sam A. Koser, secretary of state, today in a statement from his department, there were 4,591 passenger cars, 698 trucks, 194 motorcycles, 29 motor vehicle dealers, 951 chauffeurs and 5,360 motor vehicle operators licensed from which the fees aggregated \$211,907.50. During the corresponding month in the year 1923 there were 7,099 passenger cars, 675 trucks, 297 motorcycles, 20 motor vehicle dealers, 1,028 chauffeurs and 5,419 motor vehicle operators licensed, the total fees therefrom being \$226,421.50. These figures show a slight falling off in the month of May, 1924, from May, 1923, registration as well as in the aggregate fees received. However, the total registrations up to May 31, 1924, show 26,549 more passenger cars registered than during the corresponding period in the year 1923; also, an excess of 1,827 motor trucks; making total motor vehicle registrations of May 31, 1924, of 28,176 more than during the same period of the year

1923. The aggregate of the fees from the activities in connection with the licensing of motor vehicles thus far during the year 1924 show receipts of \$719,576.53 in excess of those during 1923. So far for 1924 license fees aggregating \$4,251,304.53 have been received as against \$3,531,729 during the same period of 1923. Taking into consideration the fact that the sales of motor vehicles thus far during 1924 have not been as great as during the corresponding period of 1923, yet, in view of the activities in motor vehicle registrations during the last half of 1923, we can safely estimate a total of 190,000 motor car registrations during 1924, from which the license fees should aggregate well over \$4,750,000. The moneys received from the gasoline tax and the motor vehicle license fees are all transferred to the State Highway fund with the exception of such sums as are necessary in the administration of the motor vehicle laws which is not in excess of 4 per cent of the total fees. This expense includes the cost of plates, the maintenance of the traffic force appointed by the secretary of state, the registration of motor vehicle operators, and all the work incident to the various provisions of the motor

vehicle law. Assuming that the gasoline tax will return during the year \$2,750,000.00, and the net receipts from motor vehicle licenses will be \$4,600,000.00, there will be a total of \$7,350,000.00 available from such sources for the State Highway Fund, out of which there must first be paid the bonded obligation falling due during the year not in excess of \$2,500,000.00. This leaves substantially \$4,850,000.00 for the general maintenance and upkeep of the highways and for such further road extension and improvements as are contemplated by the State Highway Commission in carrying out the general road program of the state. Growers of newly planted orchards may save themselves much later trouble from the flat head borers by shading the trunk of the newly set tree, since the female reveals in sunshine and seeks the direct light for depositing her eggs. Boards set up on the south side of the tree so as to lean against it offer good and adequate shade, the experiment station reports. If the boards are not handy a very good substitute as recommended by the station is newspaper wrapped about the trunk to shade the tree.

NOW IS THE TIME FOR
