MORROW COUNTY OFFICIAL PAPER Foreign Advertising Representatives: THE AMERICAN PRESS ASSOCIATION

Stock Comes Far to Pacific International

The Pacific International Live Stock Exposition is held in Portland, Or., but it is "true to name." Livestock of the best breeds comes from all parts of the continent to fight out the last battle for supremacy in its show ring.

The lower panel of the picture shows the Thorp string of Jerseys from California. They will be at the Exposition in Portland November 3 to 13 to see if they are as good as the Jerseys of Oregon, Washington, Idaho and elsewhere.

Suppose the state of Oregon should buy a vegetable oil factory with the public funds, put a gang of undischargable political leeches in control, and let them say: "Oregon must eat only butter substitutes; you farmers can not sell real cow-butter at any price, and we can take your dairy farms from you and our courts or laws can't stop us."

That would be an impossible perversion of free government; it would make slaves or tramps of a free people who have prospered by industry and initiative. Yet that is exactly the theory of the proposed workmen's insurance monopoly amendment, that prohibits employers from insuring with private companies even the private insurance is cheaper, is quicker, and 1300 Oregon employers have left the state insurance for the bonded private service furnished in accordance with terms of present workmen's compensation law.

It establishes the state right to confiscate any man's property or wages, to be squandered by an uncontrollable commission. It is the latest word in irresponsible communism. This is a sample of a political commission seeking to extend its powers over the rights of private citizens—Manufacturer.

WHAT IT CONSISTS OF. We have heard and read much about the alleged evidence that many millions of dollars have been diverted from Oregon investment because of the state income tax law. What are the claims made in behalf of this evidence? What does it consist of?

the best of the West at Portland. The insert above shows three very typical Short horns that surpass our exposition. They are owned by H. C. Lookabaugh of Oklahoma. They will help make up a wonderful string, but they will have to look their prettiest and best if they win against the other Short horn herds to be shown this year.

Judges, without exception, will be men of national experience, and great ability. The judging alone is worth a trip to see and hear. There is no livestock show held anywhere in America that surpasses that of the Pacific International. And the best of it is that it is near.

Extracts from some of this evidence have been printed. They consist of statements signed by actual and intending investors and by firms who are now in business in Oregon or were in business here until recently. The signers say that the cancellation or suspension of their intended investments, or their removal or disincorporation from the state, is directly due to the state income tax.

If the remainder of the evidence is of as specific a character, and if the compilation of the total amount involved is proven to be correct, it means that many millions have been kept out or driven out of Oregon by this state going it alone with an income tax while no competing state has one. Every farmer or other producer has reason to be very much concerned with whether this evidence is worthy of belief. The farmer's best market is his home market. It will not do to dismiss this evidence with a sneer or merely call it "busted bunk."

Yet the farmer cannot be blamed for wanting to know more about this evidence. It should be published. It will not do to keep it in the dark. It should be opened up for the fullest examination, so that no vestige of doubt may remain as to what it may reveal.
