## LAST WEEK VOTING - PRESIDENTIAL POLL

**Polls Close Saturday Evening, October 11th; 36 States Have Voted.**

**300,000 BALLOTS CAST**

**Coolidge in Lead But Indicating that Election May Go Into House for Choice; Latest Totals Given.**

This is the last call for votes in the Gazette-Times' National-wide Presidential Poll. Voting will close Saturday evening, Oct. 11th. Take advantage of this opportunity to show your fellow voters in other states throughout the nation whom we, here in Oregon, want elected President next month. Mark an X before the name of your choice on the sample ballot printed on this page, then mail or bring it to this office before Saturday. It will be forwarded to New York City where the Publishers' Anticaster Service is tabulating the national vote for this newspaper.

This poll is verifying the judgment of those who wager on elections. It shows that those with an idea that the final naming of President will be in Congress have a good bet. Wall Street reports many such bets.

**Over 300,000 Votes Pooled.**

Fourth week of voting with returns received from 36 states shows Coolidge holding his lead in the number of popular votes. 303,043 votes have been cast, as follows: Coolidge, 126,228; La Follette, 90,438; Davis, 86,377.

Lead of voting gives majorities to Coolidge in 18 states; nine to La Follette, and nine to Davis. Electoral votes from these states would give 245 to Coolidge; 184 are divided between La Follette and Davis. However, leaders in all parties frankly admit that there are many states in which Coolidge registers a slight popular vote lead, that are absolutely in the doubtful column.

Ohio, for instance, is so close that it can swing either way. Likewise Oklahoma, Iowa, Colorado and New Jersey.

This newspaper's poll shows Davis much stronger than does many other straw votes being taken, namely, The Literary Digest and the Hearst Newspapers' polls.

The Literary Digest poll up until Sept. 16, with thirteen states heard from, gave Coolidge 162,473; Davis, 42,611, and La Follette, 63,524—the total vote cast at that time was 272,229.

The Hearst poll up to Oct. 1 showed Coolidge, 98,855; La Follette, 98,430, and Davis, 47,591. Coolidge's lead over La Follette in eighteen of the largest cities in the nation was only 425. The Chicago Tribune poll taken in Chicago shows La Follette leading Coolidge.

**Twelve States to be Heard From.**

Twelve states are yet to be heard from in this newspaper's nation-wide poll. They are Alabama, Arizona, Delaware, Florida, Kentucky, Maine, Mississippi, New Mexico, North Carolina, North Dakota, South Carolina and Vermont.

Of these twelve, Maine, Vermont and Delaware will likely show Coolidge majorities. Alabama, Florida, Kentucky and South Carolina are solid Davis states and likely will show Davis majorities. North Dakota is in the heart of the La Follette states—which leaves only two, New Mexico and Arizona, where sentiment is unknown.

Following is the vote by state up to October 1st.

## FRESHMEN ARE ENTERTAINED BY UPPER CLASSES

**First Year Students Paraded Thru Town; Football Squad Chosen; Freshmen Must Wear Green.**

A student body meeting was held October 1, at which it was decided that a party be given for the purpose of initiating the freshmen. The sophomores were granted the privilege of deciding how the freshmen were to be initiated. At this meeting it was also decided to make a new ruling that from now on all freshmen must wear a green ribbon from the beginning of school until they are initiated. The freshmen this year got off easy as they only had to wear them a few days.

A vigilance committee consisting of 12 boys was appointed. The purpose of this committee was to see that the freshmen were orderly in assembly and conducted themselves properly in and around the schoolhouse.

The freshmen held a secret (1) class meeting Sept. 30. We don't know what they did but suppose it was coming about their pennant. Juniors held a class meeting Oct. 1. At this meeting they decided to hold a candy making at Muriel Cason's home on the next evening. Gene Fyfe was elected class reporter. At the candy making everyone had a good time and no attempt was made to steal the candy. Therefore we made just as much candy as usual and were through several hours earlier.

The party held Friday night was a success. The freshmen were properly initiated. We think even they agree to this. We did not guess there was so much talent in the freshman class until we saw that parade. They had a big hunky football team and the music furnished by the band certainly succeeded in drawing a crowd. We don't see how they could keep from dancing to it. Some of the town people were heard to remark that they were afraid all the citizens of Heppner would go "nuts" if they saw that wonderful play they were photographing here. They also had a large number of hunters and fishermen. When they had again arrived at the schoolhouse the boys were taken to a room where they were invited to take the oath and the ones who forgot or did not keep up were immediately reminded by a hard spank. This ended the initiation and the entertainment began. Refreshments consisting of chocolate sundae and cake were served and the party broke up.

The members of the Hehlich staff held a meeting October 6 and each member was assigned a special task. They have now started to work with a resolve to make this the best annual ever published by Heppner High.

There will be a rally Friday night. We have been having yell practice and by that time had got to be able to make a lot of noise.

Don't forget the big football game to be played here Saturday with Grass Valley. This will be our boys' first game at home this season.

The football team this year consists of C. Sprout, G. 140; L. Schwarz, H. 160; A. Smith, P. 160; E. Buckman, H. 125; E. Doherty, C. 175; E. Merritt, G. 155; E. Bell, T. 165; J. Stout, T. 170; R. Moore, End. 155; C. Moore, End. 145; H. Becker, E. 150; J. Thompson, G. 145; H. Evans, E. 160; E. Stout, S. 145; O. Parker, S. 149; L. Becker, S. 145; J. Hynd, S. 150.

A student body meeting was held recently at which a pep committee was appointed. The purpose of this committee is to arrange rallies, stir up enthusiasm in the high school and advertise the games.

Miss Harriet Case, one of the grade teachers in the Heppner school, arrived from Portland on Saturday and entered upon her duties Monday. Miss Case was delayed at Portland for a month on account of illness.

## BOULDER FERRY NOW OPERATING

The ferry across the Columbia river between Boulder, Oregon, and Alderdale, Washington, is now in operation and doing business daily. The new management, Messrs. Smith & Hogue, have placed a splendid boat on the river at this ferry and they are rendering prompt service.

On last Sunday the people of Alderdale arranged a picnic in celebration of the opening of the ferry. The good folks over there prepared a lot of fine eats and an invitation was extended to Heppner folks and others on the Oregon side of the river to join in with them. Responding to this invitation, Judge Campbell and wife and Sheriff McElfee and wife drove out from this city and Commissioner L. P. Davidson and wife went from Lone. It had been planned to spread the eats in the grove at Boulder, but the wind coming up strong started the sand blowing a little too lively for pleasure and the folks were ferried over to the Washington side where a more secluded spot was found and a real picnic enjoyed.

Judge Campbell reports that the people of Alderdale are greatly pleased over the installation of the ferry and they are pulling as hard as they can to direct traffic across the Columbia to intersect the Columbia highway at Boulder. They look for a lively business to be worked up from the Yakima country and other points in Washington to the east, as by coming across this way the distance to Portland will be very materially shortened. They can guarantee the best of service.
