

Aggies Meet Team From South Saturday

With Multnomah Club Vanquished O. A. C. Looks Toward Big Game With U. S. C. Next Saturday.

Oregon Agricultural College, Corvallis, Oct. 14.—With the game with Multnomah club now a thing of the past, and regarded as the second victory of the season for the Aggies, interest in collegiate sports circles is turned toward the big game in Portland next Saturday when O. A. C. meets the University of Southern California in the first real test of strength for the season.

While Coach Paul Schiesler was glad to win the Multnomah game, he announced beforehand that he did not intend to jeopardize his chances against U. S. C. by using his best men very hard against the clubbers, who are not in the conference, of course. Frankly pointing for next Saturday's game, and already the subject of much speculation, because of their unexpected showing of early season strength, the Aggies will go to Portland, knowing that their performance there will be watched up and down the coast as perhaps no early season game has been watched in years. A hot battle as a result, regardless of the outcome, is considered certain.

While Schiesler is handicapped by injuries and illness on the team, his early decision to keep an extra large squad and maintain two "first" teams is proving its wisdom already.

PRIZES FOR BOYS AND GIRLS.

Oregon Agricultural College, Corvallis, Oct. 15.—A total of \$415 in cash prizes is ready for distribution to boys' and girls' club members who are successful in competition at the Pacific International Livestock Exposition, which opens in Portland November 1.

More than \$2000 is offered by the exposition itself, an entire wing of the new building having been prepared especially for these entries.

WHICH STATE WILL GROW?

Washington NO Income Tax Oregon INCOME TAX California NO Income Tax

WE HAVE EXAMINED copies of the documentary evidence as to the effect of a state income tax upon Oregon. We are satisfied as to the genuineness of the documents.

We find that this evidence substantiates the claim that many millions of dollars have been diverted from investment in Oregon industries that would provide a home market for Oregon agricultural products.

We find the damage is so serious and of such extent that we appeal to our neighbors and to voters in all parts of Oregon to vote for the repeal of the present income tax and to oppose the enactment of any new state income tax bill, at least until such time as the other Pacific Coast states have enacted similar legislation so they cannot grow at Oregon's expense.

We do not object to paying a state income tax, but we do object to imposing a tax that keeps capital out of our state, retards state development and tends to leave our farmers dependent upon distant markets.

We resent the tendency to give Oregon the reputation of being a "backward state." Oregon's resources and the courage and enterprise of her pioneer people entitle her to a great destiny. Let us all join hands to rid Oregon of legislation that handicaps Oregon development.
