G.O.P. Ticket Wins State and Nation

Coolidge and Dawes Carry Twenty-Nine States With Others Doubtful; Davis Second and LaFollette Third.

McNARY, KAY, SINNOTT, HOLDING LEAD

Incomplete Returns Give to Coolidge 327 Electoral Votes, Davis 139, LaFollette 13, Doubtful, 52; On County Ticket Bengt, McDuffee, Anderson, Walker, Davidson, Bleakman and Case Win.

What appears at this time to be a landslide for the republican national ticket, is indicated from all the returns available as this paper goes to press. Coolidge and Dawes have received the endorsement of the solid north, and a number of border states are in the balance with indications that they will also fall in line and add their electoral votes to the assured 320 that the G. O. P. ticket now has. States that were considered by the political dopsters to be doubtful before the battle of ballots on Tuesday have gone to President Coolidge and his running mate strong, and the final count may show that they have received even as large vote as that cast for Harding and Coolidge in 1920, the most notable landslide in the history of American elections.

It is gratifying to republicans to have Oregon line up for the national, state and district tickets so strongly. While we have no late figures on the situation in the state that are definite, the present indications point to a plurality of between 30,000 and 100,000 for Coolidge. Republican congressmen and senator are elected and the rest of the state ticket goes over strong, including Thos. Kay for state treasurer, who is reported to have defeated Jeffrey Myers by a two-to-one vote. This was exactly the vote in favor of Kay in Morrow county.

Pacific coast states have gone to Coolidge, though the vote in Washington was counted for LaFollette for a time, and the election there was close. California is leading for the republican national ticket strong, probably 150,000 or better, and Idaho also lined up, electing the republican candidates and returning Senator Borah, as well as choosing a republican governor. Washington also elected a republican governor. Mr LaFollette has apparently carried two states only, his home state

of Wisconsin by a small plurality, and North Dakota, though there seems to be some doubt yet about the latter state. Mr. Davis has the solid south, with a few of the border states still in doubt. He was a poor third in both Oregon and California.

As dooped out now, Mr. Coolidge will have around 320 votes in the electoral college, Mr. Davis 139, Mr. LaFollette 13, doubtful, Kentucky, Minnesota, Missouri, and Montana, a total of 47 votes, and it is figured that three of these states will give their electoral vote to Coolidge.

In the state, the fight for office seemed to have centered largely around state treasurer. Governor Pierce was determined, if possible, to put across the election of his appointee, Jefferson Myers, and the entire machinery of his office was used to that end in a bitter fight against Thos. Kay, the republican nominee. The result of the election would appear to be a strong rebuke to the governor and the tactics that he used rather than the mere defeat of Mr. Myers, who was acknowledged to be

Patron-Teacher Meeting Wednesday, Nov. 12th

Owing to the fact that the next regular meeting of the Patron-Teacher association falls on Armistice Day, the organization will meet on the day following, Wednesday, Nov. 12, at the regular hour, 8:00 o'clock p. m., at the auditorium in the high school building.

At this meeting Mrs. Carl Gillilan has a wonderful message to give every parent in the town and the association urges that everyone who possibly can, be present to hear her.

The program to be offered is as follows:

The Willing Workers of Christian church will hold bazaar, cooked food and candy sale, Wednesday, December 10th, from two till nine, in church basement. They will serve lunch also during afternoon and evening, consisting of salad, sandwiches, cake and coffee. You will find some of the foreign markets there. Don't overlook this in your Christmas shopping.

MASONIC GET-TOGETHER MEET.

The get-together meeting of the Masonic lodges of Arlington, Ione and Heppner will be held at the Masonic hall in Heppner, Monday, November 10th, at 8:00 o'clock. The Arlington lodge will confer the M.M. degree. All members of the organization are invited to attend.

A competent man for the place. Mr. Kay was strong in the state, however, and there is no doubt but that he would have won easily in any event. In the second district the re-election of Nick Sinnott to congress was never in doubt, and while we have no figures at this time on the result, word received from The Dalles is to the effect that he has won by a larger vote than ever against his opponent James Harvey Graham of Baker county. To the people of Morrow county the re-election of Senator McNary is also gratifying. Both McNary and Sinnott are strong here.

While President Coolidge has carried New York state strongly, the re-election of Governor Al Smith seems assured, though for a time it appeared that Teddy Roosevelt would be carried through by the Coolidge landslide.

In the local state campaign, much interest centered about several measures on the ballot. Chief of these was the repeal of the present income tax law. Advice from Portland today indicates that the vote is very close, and may require the official count to decide. The measure carried in Morrow county and it is stated that it went over in Multnomah county by something like 25,000, but the up-state vote has apparently cut this down. We are not advised as to the other measures.

County Clerk Anderson states that the returns from the various precincts of the county reached his office more promptly this election than heretofore, and they were in all by noon on Wednesday. While the official canvass has not yet been made, the figures in total for each office and measure follow. The official count is likely to make any different showing.

LEGION CARNIVAL WILL BE EVENT OF THE SEASON

Armistice Night Will Be Fittingly Celebrated by Local Post of American Legion.

The big Legion Merchandise Carnival which will be held at the fair pavilion next Tuesday evening, November 11th, will be one of the big events of the fall season in Heppner. Plans for the big Armistice night celebration are now about completed and the boys promise a fine time for the large crowd which will be in attendance.

The prizes for the many games and articles to be raffled off are now on display at Phelps Grocery company, and include a great variety of useful merchandise. It was not possible to put all the merchandise in the display but enough is shown to give an idea of the quality of prizes offered. A number of names have been entered in the cake baking contest and there is yet room for more. One lady, a cook of renown in her part of the county, has promised to enter a cake weighing eleven pounds. From present indications the cake auction will be one of the most interesting features of the program. The \$10 cash prize is proving attractive to the cooks and it is expected there will be at least fifteen cakes to be disposed of in the auction.

For the dance following the carnival, the legion boys have secured the best of music, bringing a four-piece orchestra from Portland, and this part of the evening's entertainment will be popular.

Those having the carnival in charge stress the fact that there will be amusement for all, men and women, boys and girls, young and old, and that the entertainment will be absolutely clean and free from any objectionable features.

Mr. and Mrs. L. A. Dempsey departed on Wednesday for Rickreall, Oregon, where they expect to reside during the winter. Mr. Dempsey has been working on road work for the county for a good many years, but as the road crews have been laid off for the winter, Mr. and Mrs. Dempsey will return to their old home.

Notes From Heppner Hi.

All the bankers of this city and Mr. Miller, secretary of the State Bankers' Association, visited the high school last Thursday. Mr. Miller gave a talk on "An Introduction to Money and Banking." This was a very interesting talk which told a great deal about money, the different kinds, and how it came into existence. The process through which some of it goes would never be thought of by the people handling it.

Mr. Miller said that he might be able to be back again. It is hoped that this will be possible as it will be very much appreciated.

The Heppnerian Literary Society held a meeting last Thursday. The purpose of this meeting was to elect officers. The following were chosen: President, Cecelia Kenny; vice-president, Kathleen McDavid; secretary, Max Kilkenny; treasurer, Victor Lovgren; sergeant-at-arms, Gene Pyle; advisor, Miss Denn.

The next game of the season will be with Lexington, Nov. 11. This game is to be played at Heppner.

The "Hot Lunch" was inaugurated in the Heppner school November 3. It is furnished at a cost of five cents a day for each pupil. Twenty-four pupils are now patronizing it.

P. T. A. moving picture program has been postponed from Tuesday until Thursday, 2:30 p. m.

Newt Whetstone was taken suddenly ill on the street Tuesday after visiting the voting booth in North Heppner precinct and it was necessary to take him home in an automobile. He has been confined to his bed since.

PLEASANT PARTY AT CECH.

The home of Mr. and Mrs. C. H. Hynd at Cecil was the scene of an "original party" on Halloween. After the arrival of the guests, they were escorted by their hostess, Mrs. Hynd, to the basement of the residence, which was elaborately decorated with "spooks" in the halloween spirit, such as black cats, bats, owls, and black and orange streamers. The party was made doubly interesting by the fact that Mr. and Mrs. Hynd were celebrating their first wedding anniversary. The evening passed enjoyably with stunts, games dancing and cards.

Nature's old-fashioned methods are creditable.

Pennsylvania State College announces the champion litter of fifteen pigs, 6 months old, weighing 3-461 pounds.

The mother of that little family is entitled to some kind of a monument. In six months she adds nearly two tons of pork to the world's supply, and is doubtless busy with a brand new litter by this time. The name "pig pig," a "pore-pore," is Petroleum Girl. Humble and plain.

A race horse called Chillovase has broken the world's galloping record, covering a mile and one-eighth in one minute 48 4/5 seconds. That would have been of importance once now it's a mere incident in a gambling sport. Paul Berece to-day would ride in a small automobile, blowing his horn as he went with the cut-out wide open. Or he would fly close to the ground in his little monoplane, or would stay at home and wake the country side through the "loud speaker" in every house. The running speed of a horse is as unimportant today as the flying speed of a falcon that also is important once.

Henry Ford's business, prosperous everywhere, gains in proportion more rapidly abroad than in the United States.

Business men who say, "My business does not need advertising," study Henry Ford's methods. His products are well known, yet Ford advertises systematically, elaborately and constantly here and abroad. His advertising is good because he intrusts it to PROFESSIONAL ADVERTISING MEN.

Henry Ford knows how foolish it would be for an advertising agent to undertake automobile construction without consulting an expert. He also knows that it would be foolish in him, to do his own advertising.

There is not a business in the country, except that of the prison keeper, that couldn't be doubled in volume by the right advertising agent. Even chemistries advertise and profit by it.

"If your business isn't worth advertising, advertise it for sale."

The Peninsula Journal devotes almost the entire editorial page to a picture of the latest gigantic flying machine built for Japan by German workmen in Denmark. Inside of five years the coast of California will be within 24 hours of Japan. The fastest flyer needs only increased fuel capacity to cross the Pacific in 24 hours, now.

Wheat is cheerful. December deliveries at Chicago closed at \$1.51; May, \$1.54. If you read this column you may remember that when wheat sold for \$1.17 you were told that it would go above \$1.50.

Great Britain takes woman suffrage more seriously than it is taken and "where we allow" the vote, but apparently, don't think much of them in public office.

Forty-one women are candidates for Parliament in this election. They include "noble women," with assorted titles, one lady formerly a domestic servant, and one stenographer. Whatever you think about the British, you must admit that they possess a genuine brand of democracy.

The "Full Dinner Pail" is old-fashioned, but "Brotherhood Railroad and Steamship Clerks," etc., say they don't care so much about white collars for themselves, but they must have silk stockings for their wives.

President E. R. Fitzgerald says that women feel inferior when not well dressed, and every workman's wife should have three pairs of silk stockings a year. So she should, and the railroads will probably arrange it, rather than have a strike.

You can get very good silk stockings for \$2 a pair, so that would only amount to an increase of 2 cents a day in wages.

The interesting thing is that the workmen are now worrying about their wives' happiness, rather than about themselves. That's spiritual progress.

The Halloween carnival was well attended. The high school auditorium was packed for the minstrel show and the number increased for the dance given afterwards. Everyone had a good time and many expressed their desire to come again. The auditorium, hall and booths were decorated in orange and black crepe paper and Chinese lanterns. The boys who took part in the minstrel show hardly knew themselves with their faces blacked and few recognized the negro girls as Thomas McCarty, Neal Knights, Arvin Hanson, Kenneth Batty and Ed Walker. The gypsy fortune tellers, Blain Bays and Boush Batty, prophesied many futures, while the blind carding fan of horrors and the children's parade added to the festivities.
