they are assessed for only \$3. Cattine are assessed in one county at \$35, and across the line in the next county at \$20. There is no way under the pres-ent law by which an equalization can be made. I plead with you to pass the necessary legislation to rec-tive these wrones. of the crop years 1921-24 to be the equivalent of 480,653 busbels of wheat; smut dockage the equivalent of 555,326 bushels, or a total of 1.tify these wrongs. I call your attention to the report

035,379 bushels of wheat, with an ap-proximate value as wheat of \$800,000, exclusive of handling and freight of the tax investigating committee, of which Mr. I. N. Day was chairman. An excellent bill was presented by that committee and considered by the harges. This is an enormous economica

loss, and one of the losses the grow-ers should remedy. Wheat should be cleaned at the threshers of the foul init committee and considered by the joint committee on assessment and taxation at the session of 1923. I ask that this bill again be introduced, and I hope that it will receive your spec-ial consideration at this session. cleaned at the threshers of the four dockage, and the country elevators should be equipped for smut cleaning. This would eliminate middle expen-ses and charges that take heavy toll of the grain grower.

I have urged economy in every de-partment of state government. Some publications of this state have repeatedly charged that expenses have increased in many departments, and that additional automobiles have been purchased for the use of state offi cials. The number of automobiles and trucks has increased in no de-partment under the control of the governor except three light autos used exclusively in the prohibition

department.

department. The annual increase of insane in Oregon is nearly 100, and approxi-mately the same for feeble-minded. In fact, the number of inmates in all state institutions has grown with the increase in state population until to-day 500 more individuals receive di-rect state aid and care in state insti-tutions than at the time I was elect-ed to the office of governor. Notwith-standing this increase in population standing this increase in population, every department under the state board of control has returned to the state treasury a surplus from the ap-propriations made two years ago. The total amount returned is approximately \$256,000.

State Fund Deposits.

In accordance with the report o the retiring state treasurer. Mr. Jefclusive of utilities. In the eleven ferson Myers, it is recommended that years since blocks upon blocks of new buildings have been constructed in for competition among the banks of the great metropolis within that coun-ty. Thousands of beautiful homes have been erected, hundreds of new \$150,000 annually. come from this source approximately \$150,000 annually.
