

# Local Happenings

Judge Bengt, Frewitt Cox and Bob Wightman returned on Friday from a trip to Spokane where Mr. Bengt and Mr. Cox were called on business. The judge reports that the grain throughout the upper country is going to make a heavy yield this season, though on the lighter lands the conditions seem to be much as they are here. There has been pretty hot weather but no great damage was apparent. Judge Bengt has also been well over the wheat belt of Morrow and Sherman counties and he states that it is his opinion there will be good yields of grain and the yield to acre, while it has shortened the field to some extent, has not done the damage that many think.

Walter Rietmann is one of the extensive wheat raisers residing out north of Lexington. He reports that the heated spell of the past week has done some damage to crops out his way, especially to the later wheat. Wheat that was headed out, and well along seemed to have passed the danger period quite well and will make a fair crop. Harvest will be on out that way immediately—in fact some have already been harvesting barley. Mr. Rietmann was in town for a short time on Saturday.

R. E. Harbison, warehouseman of Morgan, was a visitor in Heppner on Tuesday. He states that the weather has been quite warm in the Morgan country for the past week, one day the thermometer registering 106 in the shade. However, the grain is standing up well and that part of the county is going to gather in a pretty good harvest. Cooler weather with west winds is proving quite beneficial. Mr. Harbison states.

The family of Gay M. Anderson departed on Saturday for Canby, Oregon, where Mrs. Anderson and the children will visit with her parents for a while. Mr. Anderson took them to a point beyond Hood River, where they were met and traveled on in Canby, Mr. Anderson returning home. A sister of Mrs. Anderson residing at Oakland, Calif., is also visiting at Canby and a family reunion is being enjoyed.

Mr. and Mrs. A. L. Ayers are home from Portland, fortunately not much the worse because of their recent experience in an automobile accident that demolished their sedan pretty badly. Mrs. Shurtz is reported to be gradually recovering from the injuries she received at the same time.

Billy McRoberts is recovering from a broken rib or two, sustained the past week when he stepped through a hole in the hay loft at the McRoberts livery barn. He is able to be about again.

Walter LaDusire reports some activity this week in car sales. The new Chrysler Four is moving and the following sales were made: Harry Turner and Sam Turner each a coach and Wm. Penland a touring. The Chrysler Four is taking the place of the Maxwell which will not be on the market hereafter.

**LOST, Strayed or Stolen,** from my place nine miles southwest of Heppner, heavy brown mare, 3-year-old, large B brand on right shoulder; last seen near Lexington. A. B. Fletcher, Heppner, Phone 13711.

Anson Wright was down from his farm near Hardman on Monday. Plenty of hot weather has prevailed out that way during the past week, but grain seems to be standing up well.

John Olden was in the city a short time on Saturday from the Rhea creek ranch. He reported that at that time grain was not being hurt to any visible extent by the heat wave.

Mr. and Mrs. C. H. McDaniel, who have been making their home at Heppner for the past several months, are this week moving out to Hardman where they expect to live.

Miss Helene Curran, who is taking the course in nursing at St. Vincent's Hospital in Portland, is home for her vacation with her parents, Mr. and Mrs. M. L. Curran.

The family of Johnnie Hiatt returned home on Sunday from Walls Walls where they had been enjoying a visit of a week with relatives and friends.

James Stewart, appraiser for the State Land Board, is in Heppner making appraisals on some applications for loans.

Fred Barry, who works for Frank Monahan, will take his wife and family over to Umatilla to spend the Fourth.

Mrs. Willard Herren departed for Portland on Monday, expecting to spend a few days in the city on business.

Bonnie Cochran left Wednesday for Arlington, expecting to spend the month near that city.

Mrs. Alva Jones returned the last of the week from a visit of a couple of weeks in Portland.

N. M. Johnson, Rock creek farmer, was a visitor in Heppner on Saturday.

Anyone wanting bluegrass pasture for bucks, call on C. A. Minor.

**RUPTURE EXPERT HERE**

F. H. Seely, of Chicago and Philadelphia, the noted truss expert, will personally be at the Pendleton Hotel, and will remain in Pendleton

this Monday only, July 6. Mr. Seely says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in ten days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) especially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. **Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations.** Mr. Seely has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

**P. S.—Every statement in this notice has been verified before the Federal and State Courts—F. H. Seely, Home Office 117 N. Dearborn St., Chicago.**

**STRAYED OR STOLEN.**  
From my pasture about 8 miles north of Lexington, shortly after the first of June, the following animals were either stolen or strayed away: One bay mare, 12 years old, weight about 1400, with no visible brand or marks; one iron gray male, 2 years old, FK brand connected and upside down on left shoulder. Reward offered for information leading to recovery.

WALT RIETMANN, lone, Ore.

**NOTICE FOR PUBLICATION.**

Department of the Interior, U. S. Land Office at The Dalles, Oregon, June 23, 1925.

**NOTICE** is hereby given that Mahlon H. Stoneman, of Lone Rock, Oregon, who, on Jun. 6, 1922, made Homestead Entry No. 022277, for SE 1/4 SW 1/4, S 1/4 SE 1/4, Sec. 21, S 1/4 SW 1/4, Section 22, Township 4 South, Range 24 East, Willamette Meridian, has filed notice of intention to make final three year Proof, to establish claim to the land above described, before J. D. Weed, United States Commissioner, at Condon, Oregon, on the 8th day of August, 1925.

Claimant names as witnesses: Joseph Blahnik, Ira McConkie, T. S. Lyons, Emmett Moore, all of Lone Rock, Oregon.

J. W. DONNELLY, Register.

Parkers Mill, Oregon

SAFETY & SERVICE

Once just a Summer necessity—Now unsurpassed for all-year cooking!

**THE** modern oil-cookstove, with its wonderfully efficient speed-burners, perfected ovens and broilers, heat control, simplicity of parts, etc., gives you city cookstove service anywhere, and the year-round! No mussy fires to tend—noiseless, simple, safe!

But remember there's a big difference in kerosene and that the efficiency of your oil cookstove depends very largely on the kerosene you use.

"Pearl Oil" means the "best" oil for oil cookstoves and heaters. It is refined and re-refined—that's why it's cleaner-burning, delivers flame that's all best and why it won't corrode the metal parts of your equipment. Enjoy your oil cookstove to the utmost—be sure you order "Pearl Oil" by name!

STANDARD OIL COMPANY  
(California)
